Summary: The Language Instinct, by Steven Pinker — To ...

Pinker feels that the language instinct is similar to the human eye in that it has the appearance of design. In other words, the eye, for human beings, is a tool engineered with a very specific purpose. It has the appearance of design, and elements of an engineered tool, just like a camera, or an engine.

The Language Instinct

Summary. The Language Instinct: How the Mind Creates Language (1994), by famed Harvard psychologist and linguist Steven Pinker, posits that humans learn language primarily through an instinct, guided by human instruction, that develops naturally as infants are brought up in their respective communities.

The Language Instinct: How the Mind Creates Language

by ...

His thesis is that the mind has an instinct for language - that we are Not a blank slate when we are born. The mind makes certain assumptions about patterns, and what patterns are meaningful. He does this by looking at commonalities across languages, experiments in (and humor created to show) how people use words, and studies of how children acquire their native language.

The Language Instinct: How the Mind Creates Language: The ...

How the Mind Works The Language Instinct is a 1994 book by Steven Pinker, written for a general audience. Pinker argues that humans are born with an innate capacity for language.
