The Last American Man A&C Black
Interview with the Vampire A&C Black
At the age of seventeen, Eustace Conway ditched the comforts of his suburban existence to escape to the wild. Away from the crushing disapproval of his father, he lived alone in a teepee in the mountains. Everything he needed he built, grew or killed. He made his clothes from deer he killed and skinned before using their sinew as sewing thread. But he didn't stop there. In the years that followed, he stopped at nothing in pursuit of bigger, bolder challenges. He travelled the Mississippi in a handmade wooden canoe; he walked the two-thousand-mile Appalachian Trail; he hiked across the German Alps in trainers; he scaled cliffs in New Zealand. One Christmas, he finished dinner with his family and promptly upped and left - to ride his horse across America. From South Carolina to the Pacific, with his little brother in tow, they dodged cars on the highways, ate road kill and slept on the hard ground. Now, more than twenty years on, Eustace is still in the mountains, residing in a thousand-acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature. But over time he has had to reconcile his ambitious dreams with the sobering realities of modernity. Told with Elizabeth Gilbert's trademark wit and spirit, this is a fascinating, intimate portrait of an endlessly complicated man: a visionary, a narcissist, a brilliant but flawed modern hero. **The Last American Man** is an unforgettable adventure story of an irrepressible life lived to the extreme. **The Last American Man** is

a New York Times Notable Book and National Book Critics Circle Award Finalist.

From the New York Times bestselling author of *Eat Pray Love*, *Big Magic* and *City of Girls* comes a riveting exploration of manhood and all its complicated meanings through the portrait of an American Mountain Man. In this rousing examination of contemporary American male identity, acclaimed author and journalist Elizabeth Gilbert explores the fascinating true story of Eustace Conway. In 1977, at the age of seventeen, Conway left his family's comfortable suburban home to move to the Appalachian Mountains. For more than two decades he has lived there, making fire with sticks, wearing skins from animals he has trapped, and trying to convince Americans to give up their materialistic lifestyles and return with him back to nature. To Gilbert, Conway's mythical character challenges all our assumptions about what it is to be a modern man in America; he is a symbol of much we feel how our men should be, but rarely are.

In her early thirties, Elizabeth Gilbert had everything a modern American woman was supposed to want—husband, country home, successful career—but instead of

feeling happy and fulfilled, she was consumed by panic and confusion. This wise and rapturous book is the story of how she left behind all these outward marks of success, and set out to explore three different aspects of her nature, against the backdrop of three different cultures: pleasure in Italy, devotion in India, and on the Indonesian island of Bali, a balance between worldly enjoyment and divine transcendence.

In *Tales from the Back Row*, Amy—funny and fearless—takes readers behind the stage of New York's hottest fashion shows to meet the world's most influential models, designers, celebrities, editors, and photographers. But first, she has to push her way through the crowds outside, where we see the lengths people go to be noticed by the lurking paparazzi, and weave her way through the packed venue, from the very back row to the front. And as Amy climbs the ladder (with tips about how you

can, too), she introduces an industry powered by larger-than-life characters: she meets the intimidating Anna Wintour and the surprisingly gracious Rachel Zoe, not to mention the hilarious Chelsea Handler, and more. As she describes the allure of Alexander Wang's ripped tights and Marchesa's Oscar-worthy dresses, Amy artfully layers in something else: ultimately this book is about how the fashion industry is an exaggerated mirror of human fallibility—reflecting our desperate desire to belong, to make a mark, to be included. For Amy is the first to admit that as much as she is embarrassed by the thrill she gets when she receives an invitation to an exclusive after-party, she can't help but RSVP "yes."

Elizabeth Finch Simon and Schuster Recently, Elizabeth Gilbert unpacked some boxes of family books that had been sitting in her mother's attic for decades. Among the old, dusty hardbacks was a book called *At Home on the Range*, written by her great-grandmother, Margaret Yardley Potter. As Gilbert writes in her Foreword: 'I jumped up and dashed through the house to find my husband, so I could read parts of it to him: Listen to this! The humor! The insight! The sophistication! Then I followed him around the kitchen while he was making our dinner (lamb shanks), and I continued reading aloud as we ate... By the end of the night there were three of us sitting at that table. Gima had come to join us, and she was wonderful, and I was in love.' The cookbook was far ahead of its time. In it, Potter espouses the importance of farmer's markets and ethnic food (Italian, Jewish and German), derides preservatives and culinary shortcuts and generally celebrates a devotion to epicurean adventures. Potter takes car trips out to Pennsylvania Dutch country to eat pickled pork products, and to the eastern shore of Maryland, where she learns to catch and prepare eels so delicious, she says, they must be 'devoured in a silence almost devout'. Part scholar and part crusader for a more open food conversation than currently existed, it's not hard to see where Elizabeth Gilbert inherited both her love of food and her warm, infectious prose. *At Home on the Range* is a fascinating, humorous and useful cookbook from the past that is essential for the present day. *Under a White Sky* Harper Collins

"A remarkable book, from its title and subtitle to its last words . . . A stirring indictment of American sentimentality about war." —Robert G. Kaiser, *The Washington Post* In *Looking for the Good War*, Elizabeth D. Samet reexamines the literature, art, and culture that emerged after World War II, bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar

period in national life. She exposes the confusion about American identity that was expressed during and immediately after the war, and the deep national ambivalence toward war, violence, and veterans—all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States' "exceptional" history and destiny. Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures: the war correspondent epitomized by Ernie Pyle, the character of the erstwhile G.I. turned either cop or criminal in the pulp fiction and feature films of the late 1940s, the disaffected Civil War veteran who looms so large on the screen in the Cold War Western, and the resurgent military hero of the post-Vietnam period. Taken together, these figures reveal key elements of postwar attitudes toward violence, liberty, and nation—attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II. As the United States reassesses its roles in Afghanistan and the Middle East, the time has come to rethink our national mythology: the way that World War II shaped our sense of national destiny, our beliefs about the use of American military force throughout the world, and our inability to accept the realities of the twenty-first century's decades of devastating conflict.

 Beloved author Elizabeth Gilbert returns
 to fiction with a unique love story set in
 the New York City theater world during
 the 1940s. Told from the perspective of
 an older woman as she looks back on her
 youth with both pleasure and regret (but
 mostly pleasure), *City of Girls* explores
 themes of female sexuality and
 promiscuity, as well as the idiosyncrasies
 of true love. In 1940, nineteen-year-old
 Vivian Morris has just been kicked out of
 Vassar College, owing to her lackluster
 freshman-year performance. Her affluent
 parents send her to Manhattan to live
 with her Aunt Peg, who owns a
 flamboyant, crumbling midtown theater
 called the Lily Playhouse. There Vivian is
 introduced to an entire cosmos of
 unconventional and charismatic

characters, from the fun-chasing showgirls to a sexy male actor, a grand-dame actress, a lady-killer writer, and no-nonsense stage manager. But when Vivian makes a personal mistake that results in professional scandal, it turns her new world upside down in ways that it will take her years to fully understand. Ultimately, though, it leads her to a new understanding of the kind of life she craves - and the kind of freedom it takes to pursue it. It will also lead to the love of her life, a love that stands out from all the rest. Now eighty-nine years old and telling her story at last, Vivian recalls how the events of those years altered the course of her life - and the gusto and autonomy with which she approached it. "At some point in a woman's life, she just gets tired of being ashamed all the time," she muses. "After that, she is free to become whoever she truly is." Written with a powerful wisdom about human desire and connection, *City of Girls* is a love story like no other.

 Nunavut tigummiun! Hold on to the land! It was just fifty years ago that the territory of Alaska officially became the state of Alaska. But no

matter who has staked their claim to the land, it has always had a way of enveloping souls in its vast, icy embrace. For William L. Iggiagruk Hensley, Alaska has been his home, his identity, and his cause. Born on the shores of Kotzebue Sound, twenty-nine miles north of the Arctic Circle, he was raised to live the traditional, seminomadic life that his Iñupiaq ancestors had lived for thousands of years. It was a life of cold and of constant effort, but Hensley's people also reaped the bounty that nature provided. In *Fifty Miles from Tomorrow*, Hensley offers us the rare chance to immerse ourselves in a firsthand account of growing up Native Alaskan. There have been books written about Alaska, but they've been written by Outsiders, settlers. Hensley's memoir of life on the tundra offers an entirely new perspective, and his stories are captivating, as is his account of his devotion to the Alaska Native land claims movement. As a young man, Hensley was sent by missionaries to the Lower Forty-eight so he could pursue an education. While studying there, he discovered that the land Native Alaskans had occupied and, to all intents and purposes, owned for millennia was being snatched away from them. Hensley decided to fight back. In 1971, after years of Hensley's tireless lobbying, the United States government set aside 44 million acres and nearly \$1 billion for use by Alaska's native peoples. Unlike their relatives to the south, the Alaskan peoples would be able to take charge of their economic and political destiny. The landmark decision did not come overnight and was certainly not the making of any one person. But it was Hensley who gave voice to the cause and made it real. *Fifty Miles from Tomorrow* is not only the memoir of one man; it is also a fascinating testament to the resilience of the Alaskan Iñupiaq, the Alaskan spirit. *Peace from Broken Pieces* Crown It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series

of sketches for the Cincinnati abolitionist newspaper *The National Era* scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story.

American abolitionist and author **HARRIET BEECHER STOWE** (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

With a new Afterword. “Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection.” —*The New York Times Book Review* In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup “unicorn” promised to revolutionize the medical industry with its breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes’ worth at an estimated \$4.5 billion. There was just one problem: The technology didn’t work. Erroneous results put patients in danger, leading to misdiagnoses and unnecessary treatments. All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees.
