Dorothy Whipple's key theme is `Live and Let Live'. And what she describes throughout her short stories are people, and particularly parents, who defy this maxim. For this reason her work is timeless, like all great writing. It is irrelevant that Dorothy Whipple's novels were set in an era when middle-class women expected to have a maid; when fish knives were used for eating fish; when children did what they were told. The moral universe she creates has not changed: there are bullies in every part of society; people try their best but often fail; they would like to be unselfish but sometimes are greedy. Like George Eliot, like Mrs Gaskell, like EM Forster, Dorothy Whipple describes men and women in their social milieu, which in her case is the inter-war period, and shows them being all- too human. But her books are not nostalgia reads either, any more than reading George Eliot or Forster is a nostalgia read, nor are they old-fashioned or simplistic. Her prose, it is true, is pure, uncluttered, straightforward, pared down to the bone and never labours the point; her subtlety is the reason why so many people - generally those who have not read her - overlook her excellence.

"Suspenseful...moving...equal to any fictional thriller." —San Francisco Chronicle In August 1978, the Iron Curtain still hung heavily across Europe. To escape from oppressive East Berlin, an East German couple, Hans Detlef Alexander Tiede and Ingrid Ruske, hijacked a Polish airliner and diverted it to the American sector of West Berlin. Along with the couple, several passengers spontaneously defected to the West, and were welcomed by US officials. But within hours, Communist officials reminded the West of the anti-hijacking agreements in the Warsaw Pact, and thus the fugitives were arrested by the US State Department. Thirty-four years after World War II, the United States built a court in the middle of West Berlin, the former capital of the Third Reich, in the building that once housed the Luftwaffe, to try the hijacking couple. Former NJ district attorney, now a judge, Herbert J. Stern was appointed the "United States Judge for Berlin." What followed was a trial full of maneuvers and strategies that would put Perry Mason to shame, and answered the question: what is allowed to people seeking freedom? Judgment in Berlin, also a major motion picture starring Martin Sheen and Sean Penn, is unsurpassed as a true-life suspense story, with its vivid accounts of daring escapes, close calls, diplomatic intrigue, and dramatic courtroom confrontations. The original edition won the Freedom Foundation Award, and this updated edition includes a new introduction from author and trial judge Herbert J. Stern.

Behind a Closed Door
A young bride shuts herself up in a bedroom on her wedding day, refusing to get married. In this moving and humorous look at contemporary Israel and the chaotic ups and downs of love everywhere, her family gathers outside the locked door, not knowing what to do. The bride's mother has lost a younger daughter in unclear circumstances. Her grandmother is hard of hearing, yet seems to understand her better than anyone. A male cousin who likes to wear women ' s clothes and jewelry clings to his grandmother like a little boy. The family tries an array of unusual tactics to ensure the wedding goes ahead, including calling in a psychologist specializing in brides who change their mind and a ladder truck from the Palestinian Authority electrical company. The only communication they receive from behind the door are scribbled notes, one of them a cryptic poem about a prodigal daughter returning home. The harder they try to reach the defiant woman, the more the despairing groom is convinced that her refusal should be respected. But what, exactly, ought to be respected? Is this merely a case of cold feet? A feminist statement? Or a mourning ritual for a lost sister? This provocative and highly entertaining novel lingers long after its final page.
