"Funny and scary...an utterly believable critique of society. A+"—THE WASHINGTON POST "The best graphic novel I've ever read."—STEPHEN KING "This year's best movie is a comic book."—ALL THINGS CONSIDERED, NATIONAL PUBLIC RADIO "A seriously funny, nuanced fable...Grade A."—ENTERTAINMENT WEEKLY Y: THE LAST MAN, winner of three Eisner Awards and one of the most critically acclaimed, best-selling comic books series of the last decade, is that rare example of a page-turner that is at once humorous, socially relevant and endlessly surprising. Written by Brian K. Vaughan (Lost, PRIDE OF BAGHDAD, EX MACHINA) and with art by Pia Guerra, this is the saga of Yorick Brown—the only human survivor of a planet-wide plague that instantly kills every mammal possessing a Y chromosome. Accompanied by a mysterious government agent, a brilliant young geneticist and his pet monkey,

Ampersand, Yorick travels the world in search of his lost love and the answer to why he's the last man on earth. Collecting issues #1-5.

The Last Man is an apocalyptic science fiction novel. The book tells of a future world (the first-person narrative is that of a man living at the end of the 21st century) that has been ravaged by a plague. The novel was harshly reviewed at the time, and was virtually unknown until a scholarly revival beginning in the 1960s.

"[The] weird, beautiful, unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series."—John Green, author of *The Fault in Our Stars* and *Paper Towns* Winner of the 2013 Edgar® Award Winner for Best Paperback Original!

What's the point in solving murders if we're all going to die soon, anyway? Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view. There's no chance left. No hope. Just six precious months until impact. *The Last Policeman* presents a

fascinating portrait of a pre-apocalyptic United States. The economy spirals downward while crops rot in the fields. Churches and synagogues are packed. People all over the world are walking off the job—but not Hank Palace. He's investigating a death by hanging in a city that sees a dozen suicides every week—except this one feels suspicious, and Palace is the only cop who cares. The first in a trilogy, *The Last Policeman* offers a mystery set on the brink of an apocalypse. As Palace's investigation plays out under the shadow of 2011GV1, we're confronted by hard questions way beyond "whodunit." What basis does civilization rest upon? What is life worth? What would any of us do, what would we really do, if our days were numbered? Ebook contains an excerpt from the anticipated second book in the trilogy, *Countdown City*.

From the #1 bestselling author of *Heat*, *Travel Team* and *Fantasy League* comes a story of heroes, family, the thrills of skateboarding, and football. When the Brighton Bears suit up on game day, 12-year-old Tommy Gallagher

is the toughest kid on the football field. And the bravest. After all, his father Patrick is a Boston firefighter--one of Boston's bravest. Tommy's dad taught him everything he knows about football--and life. Yet even Tommy isn't strong enough for what happens when the sirens ring and, for the first time, they're racing away from the fire. "First man in; last man out" had always been his dad's motto . . . yet he never said anything about leaving in an ambulance. What kind of risk had his dad taken? Now Tommy's biggest battle has nothing to do with football. And the kid who always had such respect for risk on the gridiron finds himself drawn to it off the field. Set in New England, home of the Patriots' football dynasty, Mike Lupica shows off his trademark knack for spinning a tale that's equal parts sports action and heart. Last Man Out is a thoughtful tribute to the bravery of firefighters and the need we all have to live up to the level of our heroes. Praise for Last Man Out "[S]hort, action-packed chapters . . . will keep even the most reluctant readers motivated to keep reading. As is characteristic of Lupica's books, the sports segments, most particularly the football portions, are exceptionally well written."--VOYA "Lupica stirs equal quantities of grief and gridiron action into his latest outing. Lupica effectively puts readers into the center of the action . . . [I]n the best tradition of sports writing, this will leave readers both breathless and thoughtful."--Booklist

"A fascinating tale...Readers who

are into high-altitude adventure stories won't be disappointed." --Associated Press In 1939 the Savage Mountain claimed its first victim. Born into vast wealth yet uneasy with a life of leisure, Dudley Wolfe, of Boston and Rockport, Maine, set out to become the first man to climb K2, the world's second-highest mountain and, in the opinion of mountaineers, an even more formidable challenge than Mt. Everest. Although close to middle age and inexperienced at high altitude, Wolfe, with the team leader, made it higher than any other members of the expedition, but he couldn't get back down. Suffering from altitude sickness and severe dehydration, he was abandoned at nearly 25,000 feet; it would be another sixty-three years before the author discovered his remains.

Michel Foucault and modern progressive politics. One fateful day in May 1975, Foucault dropped acid in the southern California desert. In letters reproduced here, he described it as among the most important events of his life, one which would lead him to completely rework his History of Sexuality. That trip helped redirect Foucault's thought and contributed to a tectonic shift in the intellectual life of the era. He came to reinterpret the social movements of May '68 and reposition himself politically in France, embracing anti-totalitarian currents and becoming a critic of the welfare state. Mitchell Dean and Daniel Zamora examine the full historical context of the turn in Foucault's thought, which included studies of the Iranian revolution and French socialist politics, through which he would come to appreciate the possibilities of autonomy offered by a new force on the French political scene that was neither of the left nor the right: neoliberalism.

The continuation of Brian K. Vaughan and artist Pia

Guerra's acclaimed VERTIGO series Y: THE LAST MAN brings to vivid life the age-old speculation: What would really happen to the last man on Earth? In 2002, the world changes forever. Every man, every boy, every mammal with a Y chromosome everywhere on Earth suddenly collapses and dies. With the loss of nearly half the planet's population, the gears of society grind to a halt, and a world of women are left to pick up the pieces and try to keep civilization from collapsing entirely. The "gendercide," however, is not absolutely complete. For some unknown reason, one young man named Yorick Brown and his pet male monkey, Ampersand, are spared. Overnight, this anonymous twenty-something becomes the most important person on the planet—the key, it is hoped, to unlocking the secret of the mysterious sex-specific plague. For Yorick himself, the most important person on the planet has been agonizingly out of reach. But now, after three long years and 10,000 arduous miles, the last man is closing in on the truth about his lost fiancée—and the shocking facts behind his own survival.

42 Things to Do When You're the Last Man on Earth Verso Books
 The strange thing about THE END was that nobody expected it... The pessimists had been wrong. No atomic war. No

nuclear destruction. No fall out. No radioactivity. Disarmament had brought universal peace and sanity. Co-existence had become a reality - not an idealist's dream. Then disaster struck. The desperate weather forecasts were the beginning. The ice was The End. Seas became frozen wastes. Rivers turned to glaciers overnight. The whole planet was in the grip of a cold so intense that millions perished in a few hours... millions more died within the week. Only the bravest and the hardest survived. Rugged men and courageous women, with the spirits of the earliest pioneers, urging them on to do the impossible. Was the big freeze just a cosmic accident - with man on the unlucky end? Had one of the big powers tried to master weather control, secretly, despite the disarmament talks... and failed disastrously. Perhaps it was the prelude to alien invasion?

WINNER of the 2006 RT Bookclub Magazine Reviewer's Choice Award! Award Winning and a Recommended Read, Historical Medieval Romance from NYT Bestselling Author Michelle M. Pillow Vladamir of Kessen, Duke of Lakeshire Castle, is feared as a demon in the land of Wessex. The kings have granted him a title of nobility in exchange for his part as a political prisoner. Discontent, he bides his time in his new home until war will once again rip through the land. But boredom soon turns to pleasure as the daughter of his most hated enemy is left for dead at his castle gate. Now the monster bides his time plotting revenge. Lady Eden of Hawks' Nest doesn't know what to think of the man who saved her life, but she can't wrench her thoughts away. His words are those of a tyrant, true to his vicious reputation, but his touch is that of a man, stirring passion when there should only be fear. It would seem the infamous monster is not as monstrous as he appears.
