The "First Lady of Show Business" and the "Last of the Red Hot Mamas," Sophie Tucker was a star in vaudeville, radio, film, and television. A gutsy, song-belting stage performer, she entertained audiences for sixty years and inspired a host of younger women, including Judy Garland, Carol Channing, and Bette Midler. Tucker was a woman who defied traditional expectations and achieved success on her own terms, becoming the first female president of the American Federation of Actors and winning many other honors usually bestowed on men. Dedicated to social justice, she advocated for African Americans in the entertainment industry and cultivated friendships with leading black activists and performers. Tucker was also one of the most generous philanthropists in show business, raising over four million dollars for the religious and racial causes she held dear. Drawing from the hundreds of scrapbooks Tucker compiled, *Red Hot Mama* presents a compelling biography of this larger-than-life performer. Lauren Rebecca Sklaroff tells an engrossing story of how a daughter of Russian Jewish immigrants set her sights on becoming one of the most formidable women in show business and achieved her version of the American dream. More than most of her contemporaries, Tucker understood how to keep her act fresh, to change branding when audiences grew tired and, most importantly, how to connect with her fans, the press, and entertainment moguls. Both deservedly famous and unjustly forgotten today, Tucker stands out as an exemplar of the immigrant experience and a trailblazer for women in the entertainment industry.

When one person dares to speak her truth, it challenges us all to live our own. With *Red Hot and Holy*, Sera Beak offers a provocative and intimate view of what it means to get up close and personal with the divine in modern times. With a rare combination of audacious wit, scholarly acumen, and tender vulnerability—vibrantly mixed with red wine, rock songs, tattoos, and erotic encounters—Sera candidly chronicles the highs and lows of her mystical journey. From the innocence of her childhood crush on God; through a whirlwind of torrid liaisons and bitter break-ups with Christianity, Buddhism, Sufism, Hinduism, and the New Age; and finally into committed monogamy with her own Red Hot and Holy Goddess, Sera shares transformative insights, encouraging us all to trust our unique path and ignite our own spiritual love affair. Sera Beak's luscious writing and renegade spiritual wisdom that slices through religious and new age dogma made her debut book *The Red Book* a breakout success. With *Red Hot and Holy* she offers a far more personal book—an illuminating, hilarious, and above all utterly honest portrait of the heart-opening process of mystical realization. This hot and holy book invites you to embrace your soul, unleash your true Self, and burn, baby, burn with divine love. Excerpt As a child, I was madly in love with God. Gaga for God. In grade school, I used to write "I (heart) God" at the top of all my homework assignments and in the margins of the notes I passed to my girlfriends about which boys we thought were cute. Next to *The Little*

Princess, a children's bible was kept on my bedside table for nightly reading. Miracles? Prophetic dreams? Angels? Healing the sick? Sign me up for those gigs! And every Thursday I believed J.C. dropped by my bedroom so I could ask him personal questions and tell him which sister was annoying me the most. I was magnetized to rosaries, prayers, and pyramids the way other kids were to doughnuts, MTV and the Cabbage Patch Kids, and every time I saw a religious figure (priest, nun, Buddhist monk, Hare Krishna) out in public, it would take an enormous amount of willpower not to stalk them. When Career Days at school would come around, my questionnaire would look a little something like this: Favorite subject? God Favorite hobby? God What do you want to be when you grow up? God (Okay, there was a brief time when I was six years old when the answer to that last question was "an albino." I thought albinism would make me glow in the dark.) When I was a child, God was not a belief of a magical Santa Claus type. He was as real as my heart. I felt Him (inside me). I recognized Him (everywhere). I knew Him (personally). We hung out together, and I never wanted our rendezvous to stop. I only wanted us to draw closer. I assumed I was experiencing what many Catholics refer to as "the call" to be a priest, so I matter-of-factly informed my parish priests and Sunday school teachers of my future vocation. They laughed, patted my head, and told me I couldn't have heard the call to be a priest because I had a vagina. Okay, they didn't say that last part, but believe me, it was implied. They did tell me that only men were allowed to be priests because Jesus only had male disciples (to which Mary Magdalene juts out her left hip and slaps her round cheek with *The Gospel of Mary Magdalene*). But, of course, I could always be a nun.

America's secret war in the Caribbean during the Cold War is revealed as never before in this riveting story of the machinations and blunders of superpowers, and the daring of the mavericks who took them on. During the presidencies of Eisenhower, Kennedy and Johnson, the Caribbean was in crisis, while the United States and the USSR acted out the world's rising tensions in its island nations. Meanwhile the leaders of these nations - the charismatic Fidel Castro, and his

mysterious brother Raúl; the ideologue Che Guevara; the capricious psychopath Rafael Trujillo; and François 'Papa Doc' Duvalier, a buttoned-down doctor with interests in Vodou, embezzlement and torture - had ambitions of their own. Alex von Tunzelmann's brilliant narrative follows these five rivals and accomplices from the beginning of the Cold War to its end. The superpowers thought they could use these Caribbean leaders as puppets, but what neither bargained on was that their puppets would come to life. The United States, in its all-consuming fight against communism, stumbled into one disaster after another. First, with the Bay of Pigs, and then with the Cuban Missile Crisis, it helped bring the world as close to catastrophic nuclear war as it has ever been. Red Heat is an authoritative and eye-opening account of a wildly dramatic and dangerous era of international politics that has unmistakable resonance today.
