escapes to the stars, taking a graduate position on the new International Space Station. Her dissertation includes gathering Landsat data over Antarctica, now exposed after global warming has melted the ice caps, but her mission is to heal herself after divorcing an abusive husband. However, the danger is just beginning--a terrorist attack on the station

embroils her into a political nightmare. In a world drowned by rising seas, territorial battles erupt across the globe--strong governments stealing land from the weak. Canada and America have merged into the United States of Amerada with a corrupt political ring in control. The US Attorney General blames the ISS attack on an Inuit-Eskimo leader, pressuring the tribe to surrender their

lands. He threatens Lowry and her family with prison or "accidental" death if they don't testify against the tribe. Lowry discovers the true terrorist is still at large and a second attack on the space station is eminent and . . . suicidal. A work of literary science fiction of 75,000 words, A SPIDER SAT BESIDE HER is a realistic yet allegorical tale of wounds to the heart, the

body, the soul . . . and the Earth--a Brave New World for our time. This is a standalone novel, but the first book of a trilogy. Houghton Mifflin Harcourt A rich, poetic, and socially relevant version of the great spiritual and philosophical classic of Taoism, the Tao Te Ching—from one of America's leading literary figures In this landmark modern-day rendition of the ancient Taoist classic, Ursula K. Le Guin presents Lao Tzu ' s time-

honored and astonishingly powerful philosophy like never before. Drawing on a lifetime of contemplation and including extensive personal commentary throughout, she offers an unparalleled window into the text ' s awe-inspiring, immediately relatable teachings and their inestimable value for our troubled world. Jargon-free but still faithful to the poetic beauty of the original work, Le Guin's unique translation is sure to

be welcomed by longtime readers of the Tao Te Ching as well as those discovering the text for the first time.

A Country of Ghosts Macmillan Lifelode is the Mythopoeic Award Winning novel from Hugo, Nebula and World Fantasy Award winning author Jo Walton. It was published in hardcover in 2009 by NESFA Press and is now available for the first time as an ebook. At its heart, Lifelode is the story of a comfortable manor house family. The four adults of the household are happily polygamous, each fulfilling their 'lifelode' or life's

purpose: Ferrand is the lord of the manor, his sweetmate Taveth runs the household, his wife Chayra makes ceramics, and Taveth's husband Ranal works the farm. Their children are a joyful bunch, running around in the sunshine days of the harvest and wondering what their own lifelodes will be. Their lives changed with the arrival of two visitors to Applekirk: Jankin the scholar and Hanethe, Ferrand's great grandmother and the former lord of the manor, who has been living for many generations in the East, a place where the gods walk and yeya (magic) is so powerful that those

who wield it are not quite human. **The Just City** U of Minnesota Press "Ursula K. Le Guin, loved by millions for her fantasy and science-fiction novels, ponders life, death and the vast beyond in *So Far So Good*, an astute, charming collection finished weeks before her death in January, 2018. Fans will recognize some of the motifs here—cats, wind, strong women — as well as her exploration of the intersection between soul and body, the knowable and the unknown. The writing is clear, artful and reverent as Le Guin looks back at key memories and concerns and looks forward to what is next: 'Spirit, rehearse the journey of the

body/ that are to come, the motions/ of the matter that held you.'"?Washington Post "Le Guin's farewell poetry collection, contains all that created her reputation for fiction—sharp insight, restless imagination, humor that is both mordant and humane, and, above all else, that connection to all creation, that 'immense what is'."—New York Journal of Books "It's hard to think of another living author who has written so well for so long in so many styles as Ursula K. Le Guin." —Salon "She never loses touch with her reverence for the immense what is." —Margaret Atwood "There is no writer with an imagination as forceful and

delicate as Le Guin's." —Grace Paley
Legendary author Ursula K. Le Guin was lauded by millions for her ground-breaking science fiction novels, but she began as a poet, and wrote across genres for her entire career. In this clarifying and sublime collection—completed shortly before her death in 2018—Le Guin is unflinching in the face of mortality, and full of wonder for the mysteries beyond. Redolent of the lush natural beauty of the Pacific Northwest, with rich sounds playfully echoing myth and nursery rhyme, Le Guin bookends a long, daring, and prolific career. From "How it Seems to Me": In the vast abyss before time, self is not, and

soul commingles with mist, and rock, and light. In time, soul brings the misty self to be. Then slow time hardens self to stone while ever lightening the soul, till soul can loose its hold of self . . . Ursula K. Le Guin is the author of over sixty novels, short fiction works, translations, and volumes of poetry, including the acclaimed novels *The Left Hand of Darkness* and *The Dispossessed*. Her books continue to sell millions of copies worldwide. Le Guin died in 2018 in her home in Portland, Oregon. Lifelode Simon and Schuster
From one of the best-known editors in modern science fiction, this lively and authoritative guide

will appeal to both newcomers and connoisseurs of the genre alike. Informative and readable, David Pringle's choices focus on landmark works by the likes of Ray Bradbury, Alfred Bester and J.G. Ballard, unearth less prominent talents such as Ian Watson, Octavia Butler and Joanna Russ, and highlight breakthrough novels by William Gibson and Philip K. Dick. An essential guide to science fiction literature.

Sutty, an Observer from Earth for the interstellar Ekumen, has been

assigned to a new world—a world in the grips of a stern monolithic state, the Corporation. Embracing the sophisticated technology brought by other worlds and desiring to advance even faster into the future, the Akans recently outlawed the past, the old calligraphy, certain words, all ancient beliefs and ways; every citizen must now be a producer-consumer. Their state, not unlike the China of the Cultural Revolution, is one of secular terrorism.

Traveling from city to small town, from loudspeakers to bleating cattle, Suttu discovers the remnants of a banned religion, a hidden culture. As she moves deeper into the countryside and the desolate mountains, she learns more about the Telling—the old faith of the Akans—and more about herself. With her intricate creation of an alien world, Ursula K. Le Guin compels us to reflect on our own recent history.

Ursula K. Le Guin: The Last Interview
Pomegranate

“Resistance and change often begin in art. Very often in our art, the art of words.” —Ursula K. Le Guin When she began writing in the 1960s, Ursula K. Le Guin was as much of a literary outsider as one can be: a woman writing in a landscape dominated by men, a science fiction and fantasy author in an era that dismissed “genre” literature as unserious, and a westerner living far from fashionable East Coast publishing circles. The interviews collected

here—spanning a remarkable forty years of productivity, and covering everything from her Berkeley childhood to Le Guin envisioning the end of capitalism—highlight that unique perspective, which conjured some of the most prescient and lasting books in modern literature.

The Word for World Is Forest Mariner Books

A collection of essays on life and literature, from one of the most iconic authors and astute critics in contemporary letters. *Words Are*

My Matter is essential reading: a collection of talks, essays, and criticism by Ursula K. Le Guin, a literary legend and unparalleled voice of our social conscience. Here she investigates the depth and breadth of contemporary fiction--and, through the lens of literature, gives us a way of exploring the world around us. In "Freedom," Le Guin notes: "Hard times are coming, when we'll be wanting the voices of writers who can see alternatives to how we live now ... to other ways of being, and even imagine real grounds for hope. We'll need

writers who can remember freedom--poets, visionaries--realists of a larger reality." Le Guin was one of those authors and in *Words Are My Matter* she gives us just that: a vision of a better reality, fueled by the power and might and hope of language and literature.

Utilitarianism was first published in 1982. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Many philosophers have argued that utilitarianism is an unacceptable moral theory and that promoting the general welfare is at best only one of the legitimate goals of public policy. Utilitarian principles seem to place no limits on the extent to which society may legitimately interfere with a

person's liberties - provided that such actions can be shown to promote the long-term welfare of its members. These issues have played a central role in discussions of utilitarianism since the time of Bentham and Mill. Despite criticisms, utilitarianism remains the most influential and widely accepted moral theory of recent times. In this volume contemporary philosophers address four aspects of utilitarianism: the principle of utility; utilitarianism vis-à-vis contractarianism; welfare; and

voluntary cooperation and helping others. The editors provide an introduction and a comprehensive bibliography that covers all books and articles published in utilitarianism since 1930. Paradox Bound Copper Canyon Press From acclaimed author Ursula K. Le Guin, a collection of thoughts--always adroit, often acerbic--on aging, belief, the state of literature, and the state of the nation Science Fiction: The 100 Best Novels Melville House When the inhabitants of a peaceful world are conquered by the bloodthirsty yumens, their existence is irrevocably altered. Forced into servitude,

the Athsheans find themselves at the mercy of their brutal masters. Desperation causes the Athsheans, led by Selver, to retaliate against their captors, abandoning their strictures against violence. But in defending their lives, they have endangered the very foundations of their society. For every blow against the invaders is a blow to the humanity of the Athsheans. And once the killing starts, there is no turning back. **Lao Tzu: Tao Te Ching** Univ. Press of Mississippi Dimos Horacki is a Borolian journalist and a cynical patriot, his muckraking days behind him. But when his newspaper ships him to the front, he's

embedded in the Imperial Army and the reality of colonial expansion is laid bare before him. His adventures take him from villages and homesteads to the great refugee city of Hronople, built of glass, steel, and stone, all while a war rages around him. The empire fights for coal and iron, but the anarchists of Hron fight for their way of life. A Country of Ghosts is a novel of utopia besieged and a tale that challenges every premise of contemporary society.

From multi-award-winning, literary legend Ursula K. Le Guin comes a speculative fiction classic, *The Eye of the Heron*. In

Victoria on a former prison colony, two exiled groups—the farmers of Shantih and the City dwellers—live in apparent harmony. All is not as it seems, however. While the peace-loving farmers labor endlessly to provide food for the City, the City Bosses rule the Shantih with an iron fist. When a group of farmers decide to form a new settlement further away, the Bosses retaliate by threatening to crush the "rebellion." Luz understands what it means to have

no choices. Her father is a Boss and he has ruled over her life with the same iron fist. Luz wonders what it might be like to make her own choices. To be free to choose her own destiny. When the crisis over the new settlement reaches a flash point, Luz will have her chance. From multi-award-winning, literary legend Ursula K. Le

Guin comes a speculative fiction classic, *The Beginning Place*. Fleeing from the monotony of his life, Hugh Rogers finds his way to "the beginning place"—a gateway to Tembreabrezi, an idyllic, unchanging world of eternal twilight. Irena Pannis was thirteen when she first found the beginning place. Now, seven years later, she has grown to know and love the gentle inhabitants of Tembreabrezi, or Mountaintown, and she sees Hugh as a trespasser. But then a monstrous shadow threatens to destroy Mountaintown, and Hugh and Irena join

forces to seek it out. Along the way, they begin to fall in love. Are they on their way to a new beginning...or a fateful end? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
