The Layman's Guide to Trading Stocks is a great, simple, but not simple-minded, guide

for discretionary trading of pullbacks. It's very good for an introduction to trading; I've asked my college-aged daughter to read it. It's great for me; I've been trading for about a year.

The Layman's Guide To Trading Stocks - Trade Forex From Home

The Layman's guide shows every investor how to avoid the pitfall of conventional thinking and capitalize on what really moves the markets. I highly recommend this book to anyone seeking an understanding of how markets really work, and what it will take to succeed as an

investor.

The skinny Layman's Guide, with lots of white space, has a price/word ratio that is up there. However I look at it this way. Many in the frothy industry marketed at traders get books out there cheaply, using them like hooks on fishing lines. Their books are adverts to reel in nibblers for their Services.
