Charles Bernstein has described conceptual "poetry

pregnant with thought." Against Expression, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language.

What God Has Put Asunder sounds like a misquote of Mark 10:9, the biblical consecration of marriage. But can a marriage fraught with infidelity, violence and abuse be considered as put together by God? Weka does not think so. She had reluctantly settled for Miche Garba as the lesser evil of two suitors who were being foisted on her by the authorities of the orphanage where she grew up. They stonewalled against her pleas to be on her own, claiming it would make her vulnerable. Or were they afraid she might become a permanent liability to the orphanage? Garba turns out a cheating, unloving partner, squandering on his many concubines, the proceeds from the farms and lands Weka inherited from her late parents, while neglecting her upkeep and her children's. At the height of the disaffection, Weka runs off with her children to rehabilitate her family estate. Having failed to forcefully bring them back, Garba sues Weka for abandoning her conjugal home. Will the court sunder the marriage of inconvenience? And would it help matters if Weka's full name were " West

Kamerun " ? This should unmask other ticket names like Sister Sabeth and Father UNOR. For these two What God Has Put Asunder is a call-out for double standards. Can they belatedly remedy the injustice of denying Weka the separate status which they granted, at the same time, to many other damsels who, to date, are far less endowed and more vulnerable than she was?

The use of voile in French is rapidly increasing. Taking an interdisciplinary approach to this phenomenon, the authors point out explanatory factors that lead them to a functional hypothesis: by gathering scattered pieces of information and turning them into a perceptible ensemble, voile enhances cognitive grouping.

Francis Hammerton is arrested and convicted of involvement with a gang of confidence men--a charge of which he is entirely innocent--but escapes police custody when a cell door is left

unlocked. He finds refuge at a nearby boarding house, but is arrested again when he discovers (and reports) the murdered body of an upstairs tenant--and then is unjustly accused of murder. The dead man had been suspected of a major bank fraud, and was being investigated by a private detective firm. Francis secures the services of Mr. Jellipot, whom his father had known, and although Jellipot isn't a criminal attorney, he agrees to handle the case. And then, piece by patient piece, the little solicitor begins fitting together the shadowy pieces of this complex series of crimes. But can he find the true culprit in time, and also get Francis exonerated of the offense for which he's already been convicted? An absolutely gripping crime novel from the 1930s!

This book is one of the first English-language studies to chart the development of crime fiction in French from the mid-nineteenth century to the present day. It analyses the distinctive features of a French-language tradition and introduces readers to a rich and varied body of work. Each chapter examines a specific period, movement or group of writers, as well as engaging with wider debates on the place of crime fiction within contemporary French and European culture. From early twentieth-century pioneers, such as Gaston Leroux and Maurice Leblanc, to the phenomenal success of Georges Simenon, from May 68 to the gender politics of crime fiction and postmodern reinventions, this collection approaches crime fiction in an interdisciplinary manner, alive to the innovative and often critically informed perspective it provides on French society and culture. The book also includes short extracts in English translation and an extensive bibliography of critical material for further reading. Such resources are aimed at encouraging the reader to gain a greater appreciation and understanding of this potent and formidable narrative of modern times.

included Illustrated About Tales of Terror and Mystery by Sir Arthur Conan Doyle The tales of terror and mystery is an extraordinary narrative which has been called the Joyce-Armstrong Fragment is an elaborate practical joke evolved by some unknown person, cursed by a perverted and sinister sense of humour, has now been abandoned by all who have examined the matter. The most macabre and imaginative of plotters would hesitate before linking his morbid fancies with the unquestioned and tragic facts which reinforce the statement. Though the assertions contained in it are amazing and even monstrous, it is none the less forcing itself upon the general intelligence that they are true, and that we must readjust our ideas to the new situation. This world of ours appears to be separated by a slight and precarious margin of safety from a most singular and unexpected danger. I will endeavour in this narrative, which reproduces the original document in its necessarily somewhat fragmentary form, to lay before the reader the whole of the facts up to date, prefacing my statement by saying that, if there be any who doubt the narrative of Joyce-Armstrong, there can be no question at all as to the facts concerning Lieutenant Myrtle, who undoubtedly met their end in the manner described.
