The Lighthouse by Alison Moore is a novel of smells. Perfumes figure strongly, as does camphor, with formaldehyde and octyl acetate making cameo appearances. The lighthouse of the title is a model, a decorative, presentation container that once held a phial of perfume. It was a present for a woman married to a chemist called Futh.

Alison Moore's writing is exquisite, the prose simple and powerful, but it's the use of imagery which really marks it out as something special. The titular lighthouse is not, as you might imagine, at sea - the ferry was just a

teaser - but a silver bauble which Futh carries with him - and a similar, wooden ornament which Ester was given.
