The Lightkeeper's Daughters Legare Street Press

This is the vivid memoir of a mid-nineteenth-century girlhood spent mostly on the islands of Lake Michigan and the onshore communities of Manistique, Charlevoix, Traverse City, and Little Traverse (now Harbor Springs), written by a woman who grew up to be a lighthouse keeper on Beaver Island and in Little Traverse. Williams was brought up Catholic by a French-speaking mother and an English-speaking father who was a ship's carpenter for entrepreneurs engaged in the mercantile trade to and from these rapidly developing settlements. Williams depicts cordial, even intimate, relationships between her family and the Indians who lived nearby, and describes the courtship and arranged marriage of an Ottawa chief's daughter who lived with her family for an extended period. The major portion of the book,

however, is devoted to her eye-witness recollections of James Jesse Strang's short-lived dissident Mormon monarchy on Beaver Island, amplified by stories she heard from disillusioned followers. Strang was expelled from the Church of Jesus Christ of Latter-Day Saints after disputing Brigham Young's right to succeed Joseph Smith. Eventually he and his own loyal followers settled on Beaver Island and attracted a stream of new converts; at their demographic peak, the "Strangites" numbered 5,000 strong. Strang saw himself as a prophet and believed the rules he tried to establish were in accord with divine revelations. Williams describes the mounting tensions between Strang's followers and the "gentile" residents who fled the island as Strang's influence grew; incidents connected with Strang's assassination by two former followers; and the ensuing exodus of most Strangites from Beaver Island. She later moved back there with her family, as did many of the earlier inhabitants.

"The Uncommercial Traveller is a collection of literary sketches and reminiscences written by Charles Dickens, published in 1860-1861. In 1859 Dickens founded a new journal called *All the Year Round* and the Uncommercial Traveller articles would be among his main contributions. He seems to have chosen the title and persona of the Uncommercial Traveller as a result of a speech he gave on 22 December 1859 to the Commercial Travellers' School London in his role as honorary chairman and treasurer. The persona sits well with a writer who liked to travel, not only as a tourist, but also to research and report what he found visiting Europe, America and giving book readings throughout Britain. He did not seem content to rest late in his career when he had attained wealth and comfort and continued travelling locally, walking the streets of London in the mould of the flâneur, a 'gentleman stroller of city

streets'. He often suffered from insomnia and his night-time wanderings gave him an insight into some of the hidden aspects of Victorian London, details of which he also incorporated into his novels."

"Jean Pendziwol ' s beautifully written novel captured me from the very first page. Its descriptions of the windswept lightkeeper ' s station of Elizabeth ' s and

Emily ' s youth are so crisply rendered I felt I was standing on its shores watching the great ships cross the stormy waters of Lake Superior. Even more than its vivid evocation of a unique time and place, *The LightKeeper's Daughters* is a sensitive and moving examination of the nature of identity, the importance of family, and the possibility of second chances."—Heather Young, author of *The Lose Girls*

With the haunting atmosphere and emotional power of *The Language of Flowers*, *Orphan Train*, and *The Light Between Oceans*, critically acclaimed children ' s author Jean E. Pendziwol ' s adult debut is an affecting story of family, identity, and art that involves a decades-old mystery. Though her mind is still sharp, Elizabeth ' s eyes have failed. No longer able to linger over her beloved books or gaze at the paintings that move her spirit, she fills the void with music and memories of her family, especially her beloved twin sister, Emily. When her late father ' s journals are discovered after an accident, the past suddenly becomes all too present. With the help of Morgan, a delinquent teenager performing community service at her senior home, Elizabeth goes through the diaries, a journey through time that brings the two women closer together. Entry by entry, these unlikely friends are drawn deep into a world far removed from their own, to Porphyry Island on Lake Superior, where Elizabeth ' s father manned the lighthouse and raised

his young family seventy years before. As the words on these musty pages come alive, Elizabeth and Morgan begin to realize that their fates are connected to the isolated island in ways they never dreamed. While the discovery of Morgan's connection sheds light onto her own family mysteries, the faded pages of the journals will shake the foundation of everything Elizabeth thinks she knows and bring the secrets of the past into the light.

A wealth of information on the wildlife, stories and history of the islands. For those wishing to visit in small boats or kayaks there are details of: Landings? Camping? Drinking water? Tidal information Oileain is a detailed guide to almost every Irish offshore island. The guide is comprehensive, describing over 300 islands, big and small, far out to sea and close in by the shore, inhabited and uninhabited. Oileain tells it as it is, rock by rock, good and bad, pleasant and otherwise. It concentrates on landings and access generally, then adds information on camping, drinking water, tides, history, climbing, birds, whales, dolphins, legends or anything else of interest. Oileain will, I hope, appeal to all who go to sea in small boats, divers and yachtsmen as well as kayakers. The sheer level of detail contained in Oileain must surely throw new light on places they thought they knew well. It is not a book about kayaking. It so happens that a practical way of getting to islands is by kayak, and that is how the

author gets about. Scuba divers and RIBs get in close too. Yachtsmen get about better than most, and they too enjoy exploring intensively from a dinghy. With the increasing availability of ferries, boatless people will also enjoy Oileain. Offshore islands are the last wilderness in Ireland. Hillwaking is now so popular that there are few untrampled mainland hills. Ninety per cent of offshore islands are uninhabited outside of the first fortnight in August, and eighty per cent even then. You won't meet many other people, if any at all, out beyond an Irish surf line. It is a time of change though, and holiday homes are very much the coming thing in some offshore areas. Sea going will never stop being a great adventure. Therefore, offshore islands are still the preserve of the very few. Now is a golden era for exploration.
