Nine years before the events of the #1 international bestseller *The Secret Diary of Hendrik Groen*, 83 ¼ Years Old, Hendrik and his best friend Evert embark on a madcap adventure—with an unexpected guest. Hendrik Groen and Evert Duiker, faithful friends in good and bad times, are well over seventy and their lives have quieted down. They see each other once a week

to play chess, have a drink, and grab a bite to eat while reflecting on life. But one day, their peace is rudely disturbed when Evert shows up on Hendrik's doorstep with a surprise in the form of an unexpected little guest. He had spotted a stroller with a baby in it—unattended for just a minute—and, in a moment of utter madness, decided to take it for a walk. Hilarious, right? Not to Hendrik, who can barely believe his friend's stupidity. After Evert regains recovers from his momentary lapse of sanity, the two seventy-year-olds resolve to return their charge to its parents—hopefully without being noticed. But the quiet neighborhood is now swarmed by bumbling police officers, and they realize that getting rid of their accidental foster child will be more difficult than expected . . .

"Lian and her mother are sent to a "re-education camp" during the Mao regime in China. Twelve-year-old Lian is able to profit from the instruction of a group of exiled teachers in the camp and, in turn, she tells the frogs in a nearby pond (the "lily theatre") what she has learned. As the background to the plot, the cruel repressions of Maoist China play a significant part." - product description.

On the Bright Side Rowman & Littlefield

Personal narratives have become one of the most potent vehicles for advancing human rights claims across the world. These two contemporary domains, personal narrative and human rights, literature and international politics, are commonly understood to operate on separate planes. This study however, examines the ways these intersecting realms unfold and are enfolded in one another in ways both productive of and problematic for the achievement of social justice. *Human Rights and Narrated Lives* explores what happens when autobiographical narratives are produced, received, and circulated in the field of human rights. It asks how personal narratives emerge in local settings; how international rights discourse enables and constrains individual and collective subjectivities in narration; how personal narratives circulate and take on new meanings in new contexts; and how and under what conditions they feed into, affect, and are affected by the reorganizations of politics in the post cold war, postcolonial, globalizing human rights contexts. To explore these intersections, the authors attend the production, circulation, reception, and affective currents of stories in action across local, national, transnational, and global arenas. They do so by looking at five case studies: in the context of the Truth and Reconciliation processes in South Africa; the National Inquiry into the Forced Removal of Indigenous Children from their Families in Australia; activism on behalf of former 'comfort women' from South/East Asia; U.S. prison activism; and democratic reforms in the aftermath of the Tiananmen Square Massacre in China.

The Lily Theater is a strikingly original debut novel—an international literary sensation—based on the author's experience growing up in China during the Cultural Revolution. When twelve-year-old Lian Shui accompanies her mother to reeducation camp, no one imagines that Lian will receive an education. But detained along with her mother are some of China's greatest thinkers and they take an

interest in young Lian. She in turn delivers lectures of her own to the creatures inhabiting a pond she dubs "The Lily Theater." These ideas inform her life when she returns to school and reunites with her best friend Kim, a peasant girl through whom Lian ultimately learns about the painful failings of Mao's teachings—and of life.

Arrive in Beijing and spend a few days soaking up the Imperial sights -the Forbidden City, Temple of Heaven, Summer Palaces and the Great Wall. Spend your evenings enjoying Beijing duck, opera and maybe a trip to the acrobats. If you have time, take a train up to Chengde and spend a couple of days enjoying the imperial retreat before returning to the capital and flying on to Xi'an. Allow a full day at the Terracotta Warriors and another day to explore the fascinating walled city. Make sure you enjoy a Dumpling Banquet, as well as dinner in the Muslim markets. Reflect on your trip in the overnight train back to Beijing. Beijing, literally translated, means Northern Capital, a title it has held since the Ming Dynasty (see History) and a name that still holds true today. Whether imagining the past or marveling at the future, this city is most definitely still the cultural, political and, to the Pekinese, geographical, heart of the Middle Kingdom. While Beijing's modern appearance owes much to the Communist era and the recent influx of capitalist cash, its most impressive and inspiring monuments are recognition of its long imperial tradition. The scale of the city, with its population of 15 million, can initially be overwhelming, but even a short meander into one of Beijing's remaining hutong districts brings you close to the realities of daily life and all of a sudden the city seems human again. While the vast number of construction sites, flyovers and mirrored skyscrapers can come as a shock to those hoping for a view of the years when Beijing was the emperor's seat, a visit to any one of the principal imperial sights (the Forbidden City, the Temple of Heaven or the Summer Palaces) easily remedies this. However, the greatest of

Beijing's, if not the world's, sights lies north of the city. The Great Wall never ceases to amaze and it's worth spending a couple of days out of the city to fully appreciate its majesty. If you have enough time and want more imperial splendor, the rugged countryside around the capital holds Ming and Qing tombs, while, farther afield, the Mountain Resort at Chengde was long a popular emperor's haunt and has some wild scenery along with its subdued palaces and grand temples. This a highly detailed guide to everything you need to know about Beijing and its surroundings - the places to stay, the restaurants, and what to see and do - along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full-time for close to 10 years. This guide is an excerpt from his much larger guide to all of China, also published by Hunter, which is 650 pages in the print edition.

"There has never been anything quite like the Cultural Revolution, which disrupted life in the People's Republic of China from 1966 to 1976. It wreaked havoc in the world's most populous country, often turning life upside down and undermining the party, government, and army, weakening the economy, society, and culture. Tens of millions were hurt or killed during this period, and relatively few benefited, aside from Mao Zedong and (temporarily) the Gang of Four." "The A to Z of the Chinese Cultural Revolution provides an extensive chronology that traces the events of the revolution and the introduction puts those events in context and explains them. The bulk of the information is provided in numerous dictionary entries on important persons, places, institutions, and movements. The bibliography points to further resources, and the glossary helps those researching in Chinese." --Book Jacket.

Ha fi d Bouazza is a highly in fl uential and celebrated author in the Netherlands today. In the context of contemporary Dutch literature, Bouazza's Moroccan background still marks a divergence from the born-and-bred Dutch norm. Authors with a bi- or multicultural

background are still often cast in the role of 'exotic outsider'. Bouazza both challenges and uses this position to the full. His writing demonstrates that the perceived us-them or self-other positions are questionable ideological constructs. He undermines the concept of a uni fi ed culture and the wholeness of the self. He explores and exploits stereotypical beliefs held on both sides of the East-West divide. The result is a magical realist setting that both puzzles and enchants. This book offers a reading of Bouazza's literary prose that responds to the interpretative opportunities offered by an author who skilfully and creatively explores his peculiar freedom in his Homeless Entertainment.

Translated from the French by Hester Velmans Years ago, a group left Europe to start a colony in Iceland. But as the years wore on, communication between the colony and the people back home stopped. Had the people of New Thule have gone native-or, worse yet, gone pagan? A cardinal ordered an evangelical mission in order to see what has become of the people, and to revive their faith. But the Short Serpent, the mission's ship, carried its crew toward a horror that no one could conceive. Told in an elegant, compulsive, and increasingly unhinged style, Bernard du Boucheron's The Voyage of the Short Serpent is a masterpiece about mutable human morality in inhuman conditions-a story about truth, obsession, and the myth of utopia.

History in Dutch Studies re-considers the central role of history within the discipline of Dutch Studies as viewed from a range of specializations within the field. Contributions by scholars of Dutch history, art history, literature and linguistics all illustrate how the past, and one's theories and views of history, affect the practice of each part of the discipline. One reflection of the history of the Low Countries in "Dutch Studies" is the range of the field: it is interpreted broadly in this volume to include studies of Afrikaans as well as Dutch literature—poetry as well as prose—in light of their histories, the history of Flanders and that of the Netherlands, approaches within Dutch linguistics as well as a history of language contact and its influence on Dutch. This breadth continues in the range of institutions and nationalities that are represented. The volume presents work from major scholars from the Netherlands, Belgium, and South Africa as well as from the United States of America. These articles therefore provide a good cross-section of ongoing research in the Netherlandic Studies the world over.
