Arrive in Beijing and spend a few days soaking up the Imperial sights -the Forbidden City, Temple of Heaven, Summer Palaces and the Great Wall. Spend your evenings enjoying Beijing duck, opera and maybe a trip to the acrobats. If you have time, take a train up to Chengde and spend a couple of days enjoying the imperial retreat before returning to the capital and flying on to Xi'an. Allow a full day at the Terracotta Warriors and another day to explore the fascinating walled city. Make sure you enjoy a Dumpling Banquet, as well as dinner in the Muslim markets. Reflect on your trip in the overnight train back to Beijing. Beijing, literally translated, means Northern Capital, a title it has held since the Ming Dynasty (see History)

and a name that still holds true today. Whether imagining the past or marveling at the future, this city is most definitely still the cultural, political and, to the Pekinese, geographical, heart of the Middle Kingdom. While Beijing's modern appearance owes much to the Communist era and the recent influx of capitalist cash, its most impressive and inspiring monuments are recognition of its long imperial tradition. The scale of the city, with its population of 15 million, can initially be overwhelming, but even a short meander into one of Beijing's remaining hutong districts brings you close to the realities of daily life and all of a sudden the city seems human again. While the vast number of construction sites, flyovers and mirrored skyscrapers can come as a shock to those hoping for a view of the years when Beijing was the emperor's seat, a visit to any one of the principal imperial sights (the Forbidden City, the Temple of Heaven or the Summer Palaces) easily remedies this. However, the greatest of Beijing's, if not the world's, sights lies north of the city. The Great Wall never ceases to amaze and it's worth spending a couple of days out of the city to fully appreciate its majesty. If you have enough time and want more imperial splendor, the rugged countryside around the capital holds Ming and Qing tombs, while, farther afield, the Mountain Resort at Chengde was long a popular emperor's haunt and has some wild scenery along with its subdued palaces and grand temples. This a highly detailed guide to everything you need to know about Beijing and its surroundings - the places to stay, the restaurants, and what to see and do - along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full-time for close to 10 years. This guide is an excerpt from his much larger guide to all of China, also published by Hunter, which is 650 pages in the print edition. The Secret Diary of Hendrik Groen, 831 / 4 Years Old Other Press, LLC "Lian and her mother are sent to a "re-education camp" during the Mao regime in China. Twelve-year-old Lian is able to profit from the instruction of a group of exiled teachers in the camp and, in turn, she tells the frogs in a

nearby pond (the "lily theatre") what she has learned. As the background to the plot, the cruel repressions of Maoist China play a significant part." - product description.

Ha?d Bouazza is a highly influential and celebrated author in the Netherlands today. In the context of contemporary Dutch literature, Bouazza's Moroccan background still marks a divergence from the born-and-bred Dutch norm. Authors with a bi- or multicultural background are still often cast in the role of 'exotic outsider'. Bouazza both challenges and uses this position to the full. His writing demonstrates that the perceived us-them or self-other positions are questionable ideological constructs. He undermines the concept of a unified culture and the wholeness of the self. He explores and exploits

stereotypical beliefs held on both sides of the East-West divide. The result is a magical realist setting that both puzzles and enchants. This book offers a reading of Bouazza's literary prose that responds to the interpretative opportunities offered by an author who skilfully and creatively explores his peculiar freedom in his *Homeless Entertainment*. *Shanghai & Surroundings* Travel Adventures Hunter Publishing, Inc Josh Cope is just an average boy, so why is an international corporation calling him and insisting that he come and work for them - Josh soon finds himself caught in a nightmare world somewhere between dreams and reality. *Persimmon* Peter Lang Eighty-five-year-old Hendrik Groen is fed up to his false teeth with coffee mornings and bingo. _____ Along with fellow members of the Old-But-Not-Dead Club, he embarks on a wild

** THE INTERNATIONAL PHENOMENON ** "There are many laughs in this book but it's so much more than just a comedy. It's a story about how friendship, selflessness and dignity lie at the heart of the human experience. When I'm an old man, I want to be Hendrik Groen" John Boyne, author of international bestseller *The Boy in the Striped Pyjamas* *** "Another year and I still don't like old people. Me? I am 83 years old." Hendrik Groen may be old, but he is far from dead and isn't planning to be buried any time soon. Granted, his daily strolls are getting shorter because his legs are no longer willing and he had to visit his doctor more than he'd like. Technically speaking he is ... elderly. But surely there is more to life at his age than

weak tea and potted geraniums? Hendrik sets out to write an expos: a year in the life of his care home in Amsterdam, revealing all its ups and downs - not least his new endeavour the anarchic Old-But-Not Dead Club. And when Eefje moves in - the woman Hendrik has always longed for - he polishes his shoes (and his teeth), grooms what's left of his hair and attempts to make something of the life he has left, with hilarious, tender and devastating consequences. The indomitable Hendrik Groen - Holland's unlikeliest hero - has become a cultural phenomenon in his native Netherlands and now he and his famously anonymous creator are conquering the globe. A major Dutch bestseller, *The Secret Diary of Hendrik Groen* will not only delight older readers with its wit and relevance, but will charm and inspire those who have years to go before their own expiry date. *** Praise for *The Secret Diary of Hendrik Groen, 83 Years Old* "A story with a great deal of heart, it pulled me in with its self-deprecating humour, finely drawn characters and important themes. Anyone who hopes to grow old with dignity will have much to reflect on" Graeme Simsion "There are many laughs in this book but it's so much more than just a comedy. We live in an ageing society. *The Secret Diary of Hendrik Groen* is a handbook of resistance for our time" ***** FIVE STARS *Sunday Express* "Highly entertaining ... a delightful and touching saga of one man's way of coping with old age ... we may assume that Hendrik Groen is a character of fiction. But it is a fiction so closely based on the observation of real life that it is utterly convincing" *Daily Express* "A joy to read, as much concerned with friendship and dignity as it is with the debilitating effects of aging ... An entertaining and uplifting story of a man in the winter of his days, stoic in the face of bureaucratic nonsense and an unabashed need to wear a nappy. Imagined or not, this is the diary of someone who wants nothing more than to be allowed see out his days with dignity and respect. It's not too much to ask, really, is it?" In a globalized world, knowledge about non-North American societies and cultures is a must. Contemporary World Fiction: A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non-English-language fiction titles are

fully annotated and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions. * Over 1,000 annotated contemporary world fiction titles, featuring author's name; title; translator; publisher and place of publication; genre/literary style/story type; an annotation; related works by the author; subject keywords; and original language * 9 introductory overviews about classic world fiction titles * Extensive bibliographical essays about fiction traditions in other countries * 5 indexes: annotated authors, annotated titles, translators, nations, and

Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource. *Voyage of the Short Serpent* Arcadia Books Limited Translated from the French by Hester Velmans Years ago, a group left Europe to start a colony in Iceland. But as the years wore on, communication between the colony and the people back home stopped. Had the people of New Thule have gone native-or, worse yet, gone pagan? A cardinal ordered an evangelical mission in order to see what has become of the people, and to revive their faith. But the Short Serpent, the mission's ship, carried its crew toward a horror that no one could conceive. Told in

an elegant, compulsive, and increasingly unhinged style, Bernard du Boucheron's *The Voyage of the Short Serpent* is a masterpiece about mutable human morality in inhuman conditions—a story about truth, obsession, and the myth of utopia.

A disturbing story that describes how the alliance between science and capitalism can lead to disaster when the people in charge lose track of their humanity. Mordechai de Paauw was the Dutch cofounder and CEO of the first pharmaceutical company to invent the contraceptive pill and hormonal treatments. Hitler's invasion of Holland and the threat he poses to the survival of De Paauw's family and the Jewish scientists working for him doesn't affect De Paauw's urge to test his treatments on his female workers and exploit them sexually. Even after the war, which he survives unscathed, De Paauw will continue his mischief until a catastrophe that he himself couldn't have imagined allows him to come to his senses long enough to tell us his story. *The Hormone Factory* weaves questions of scientific integrity, sibling rivalry, and sex into a narrative that is as troubling as it is thought provoking.

This guide is based on our much larger (530-page) guide

to Bolivia. Here we zero in on La Paz, the capital, and all of the nearby attractions. La Paz is not a big city on the world scale, but it is certainly one of the more interesting ones. Built in a bowl created by the Choqueyapu River, the upper parts of the city stand 1,645 ft/500 m above the lower sections. Unlike any other city in the world, the richer neighborhoods are located at the lower levels. This is partly due to the fact that it is warmer and easier to breathe at the lower altitudes. Also, the pinnacles and spires of conglomerate rock and clay that have been sculptured by wind and water make a dramatic backdrop for those living below them. The higher up the bowl one goes, the more unstable the land becomes and the more likely a landslide will occur. The plazas, squares and Prado are well kept in La Paz and even in the depth of winter plants are tended to help make the city attractive. Street cleaners are out every day and local merchants regularly wash the area in front of their shops. On a clear day, Mount Illimani, a snow-covered monolith, can be seen as a sentry towering over the city. Valley of the Moon is six miles/10 km from the center of La Paz and can be reached by joining a tour or by taking micro bus #11 or minibus #231 or 273 to Mallasilla. The hillside features a maze of clay canyons and pinnacles that have been sculpted by wind and rain. Narrow trails through the landscape take about an

hour to walk. There is also a cactus park just before the entrance. The park overlooks a gorge and has paths leading around numerous types of cacti. As you continue up the road you will come to Parque National Mallasa with its bird observatory and, across the road, the zoo area. The road passes under natural stone bridges and past Chulpani's Red Hill. There is no mistaking which hill this is. From Mallasa one can see across the river to the highest golf course in the world. Devil's Tooth or Muela del Diablo is a huge volcanic plug sticking out of the landscape to a height of 13,000 ft/3,950 m. Several trails go to the right; follow the one that obviously leads to the village. From there, go to the left for .3 miles (about half a kilometer), to the foot of the rock. Climbers are occasionally found on the east face. Canyon de Palca, or Valle de Animas, is a deep canyon that was carved by the Rio Palca centuries ago. To get there, take a bus going to Huni from Plaza Belzu on Avenida Mexico in San Pedro. There are huge pinnacles and wind-carved conglomerates. The trail continues along the bottom of the canyon to a natural obelisk. Just past the obelisk is a rock that has the appearance of a human hiding in a cave. The rock is called the hermit of the canyon. Continue along the canyon to its end and climb to your left up to the village of Palca. This is a long day-hike. All of the detailed information you need is here about the

hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Adventure Guides unique. "An excellent addition to the Adventure Guide series, packed with detail, from where to stay and eat, to where to shop for local crafts and how to enjoy historic sites. This guide surveys the wildlife and outdoor opportunities of the country, which range from tropical jungle to high plains deserts. Hiking and viewing opportunities blend with cultural insights. Highly recommended." - The Midwest Book Review.

Reading Chinese Transnationalisms

HarperCollins
Eleven-year-old Isabel is a "plain old" girl living in Provincetown, Massachusetts, who believes that she is destined to accomplish something special. When her fifth-grade class goes on a whale-watch field trip, something amazing happens: Dozens of different species of whales surround the boat, bumping the deck and sending Isabel flying into the ocean. Isabel is shocked to hear the whales speaking to her—she is a mermaid, they tell her, a "Chosen One" who has the ability to turn from a human into a whale and back again. She is destined to live among the whales long enough to learn their ways, and teach them about the human world.

Living among her pod is fun, at first, but Isabel has an important mission. She will change the whales' future forever, and learn a lot about herself in the process.

Reading Chinese Transnationalisms responds to the growing interest in transnational cultural studies by examining Chinese transnationalism from a variety of perspectives. In interrogating social practices and literary and filmic texts which frequently cross national borders in imagining Chineseness, the contributors to this volume also challenge received notions of Chinese transnationalism, opening up new perspectives on the topic. The structure of the book is clearly subdivided into sections on society, literature, and films for quick reference, and each essay is written in accessible language without sacrificing intellectual rigor and critical relevance. The international list of contributors and the wide-ranging subjects they address make **Reading Chinese Transnationalisms** a

unique work in its field. This volume will appeal to all with an interest in Chinese transnationalism, and in particular those who come from a variety of disciplinary backgrounds in the humanities and social science.

Personal narratives have become one of the most potent vehicles for advancing human rights claims across the world. These two contemporary domains, personal narrative and human rights, literature and international politics, are commonly understood to operate on separate planes. This study however, examines the ways these intersecting realms unfold and are enfolded in one another in ways both productive of and problematic for the achievement of social justice. **Human Rights and Narrated Lives** explores what happens when autobiographical narratives are produced,

received, and circulated in the field of human rights. It asks how personal narratives emerge in local settings; how international rights discourse enables and constrains individual and collective subjectivities in narration; how personal narratives circulate and take on new meanings in new contexts; and how and under what conditions they feed into, affect, and are affected by the reorganizations of politics in the post cold war, postcolonial, globalizing human rights contexts. To explore these intersections, the authors attend the production, circulation, reception, and affective currents of stories in action across local, national, transnational, and global arenas. They do so by looking at five case studies: in the context of the Truth and Reconciliation processes in South Africa; the National Inquiry into the Forced Removal of Indigenous Children from their Families in Australia; activism on behalf of former 'comfort women' from South/East Asia; U.S. prison activism; and democratic reforms in the aftermath of the Tiananmen Square Massacre in China.

The Lily Theater is a strikingly original debut novel—an international literary sensation—based on the author's

experience growing up in China during the Cultural Revolution. When twelve-year-old Lian Shui accompanies her mother to reeducation camp, no one imagines that Lian will receive an education. But detained along with her mother are some of China's greatest thinkers and they take an interest in young Lian. She in turn delivers lectures of her own to the creatures inhabiting a pond she dubs "The Lily Theater." These ideas inform her life when she returns to school and reunites with her best friend Kim, a peasant girl through whom Lian ultimately learns about the painful failings of Mao's teachings—and of life.

winning author Lysley Tenorio, comes a big hearted debut novel following an undocumented Filipino son as he navigates his relationship with his mother, an uncertain future, and the place he calls home. Excel spends his days trying to seem like an unremarkable American teenager. When he's not working at The Pie Who Loved Me (a spy-themed pizza shop) or passing the time with his girlfriend Sab (occasionally in one of their town's seventeen cemeteries), he carefully avoids the spotlight. But Excel knows that his family is far from normal. His mother, Maxima, was once a Filipina B-movie action star who now makes her living scamming men online. The old man they live with is not his grandfather, but Maxima's lifelong martial arts trainer. And years ago, on Excel's tenth birthday, Maxima revealed a secret that he must keep forever. "We are 'TNT'—tago ng tago," she told him, "hiding and hiding." Excel is undocumented—and one accidental slip could uproot his entire life. Casting aside the paranoia and secrecy of his childhood, Excel takes a leap, joining Sab on a journey south to a ramshackle desert town called Hello City. Populated

by drifters, old hippies, and washed-up techies—and existing outside the normal constructs of American society—Hello City offers Excel a chance to forge his own path for the first time. But after so many years of trying to be invisible, who does he want to become? And is it possible to put down roots in a country that has always considered you an outsider? Thrumming with energy and at once critical and hopeful, *The Son of Good Fortune* is a luminous story of a mother and son testing the strength of their bond to their country—and to each other.
