SHORTLISTED FOR THE COLUMBIA SCHOOL OF JOURNALISM J. ANTHONY LUKAS BOOK AWARD LONGLISTED FOR THE 2023 PEN/JOHN KENNETH GALBRAITH AWARD FOR NONFICTION FINALIST FOR THE NELLIE BY CHANTICLEER INTERNATIONAL BOOK AWARDS FOR JOURNALISTIC NON-FICTION A gripping investigation of the billion-dollar timber black market "and a fascinating examination of the deep and troubled relationship between people and forests" (Michelle Nijhuis, author of *Beloved Beasts*). There's a strong chance that chair you are sitting on was made from stolen lumber. In *Tree Thieves*, Lyndsie Bourgon takes us deep into the underbelly of the illegal timber market. As she traces three timber poaching cases, she introduces us to tree poachers, law enforcement, forensic wood specialists, the enigmatic residents of former logging communities, environmental activists, international timber cartels, and indigenous communities along the way. Old-growth trees are invaluable and irreplaceable for both humans and wildlife, and are the oldest living things on earth. But the morality of tree poaching is not as simple as we might think: stealing trees is a form of deeply rooted protest, and a side effect of environmental preservation and protection that doesn't include communities that have been uprooted or marginalized when park boundaries are drawn. As Bourgon discovers, failing to include working class and rural communities in the preservation of these awe-inducing ecosystems can lead to catastrophic results. Featuring excellent investigative reporting, fascinating characters, logging history, political analysis, and cutting-edge tree science, *Tree Thieves* takes readers on a thrilling journey into the intrigue, crime, and incredible complexity sheltered under the forest canopy.

immediate improvement. Skillful writing doesn't have to be difficult. No other book approaches writing the way this book does, and no other book teaches these techniques. After reading this book, you will fully understand how to write strong bullets and "why" every word matters. In 2003 the author created a seminar to teach a fair and consistent process to evaluate recognition packages. This seminar transformed an entire organization within six months. Since then, the techniques have decisively transformed the writing, recognition, and promotions of every organization applying them. The practices in this book continue to positively impact the Air Force and sister services through professional military education. In addition, the concepts have helped transitioning service members and college students better communicate acquired capabilities and competencies on their résumés. Read on to discover the "magic" and open your eyes to a brand new way to look at writing. The US Air Force promotion system emphasizes the importance of documenting your very best accomplishments. Under this system, promotion comes from the most recent performance reports, so Airmen must communicate the best accomplishments and not just words that fill the white space. This Magic of Bullet Writing will ensure you know how to articulate not just what you are doing but also convey your strongest competencies and capabilities so the promotion board can fully assess your readiness for promotion. Training materials that correspond to the lessons in this book are available for free download at <http://www.brownbaglessons.com>. Are you ready for the magic?
