*Studying to Be Quiet* Hillcrest Publishing Group

Katie Roiphe, culture writer and author of *The Morning After*, shares a “beautifully written” (The New York Times Book Review) “astute memoir [that] reverberates with rich prose, crisp pacing, and self-compassion” (Publishers Weekly) and an essential discussion of how strong women experience their power. Told in a series of notebook entries, Roiphe weaves her often fraught personal experiences with divorce, single motherhood, and relationships with insights into the lives and loves of famous writers such as Sylvia Plath and Simone de Beauvoir. She dissects the way she and other

ordinary, powerful women have subjugated their own power time and time again, and she probes brilliantly at the tricky, uncomfortable question of why. “Although Ms. Roiphe seems to be exposing her vulnerabilities here, she is actually, once again, demonstrating her unique brand of fearlessness” (The Wall Street Journal). *The Power Notebooks* is Roiphe’s most vital, thought-provoking, and emotionally intimate work yet. *All The Living and The Dead* Kendall Hunt “A supernatural story of love, ghosts, and madness as a young couple, newly engaged, become caretakers of a historic museum”-- *The Ghost Notebooks* Createspace Independent Publishing Platform *The Living Page*

Keep It 100 (7x10 Ruled Notebook) University of Missouri Press

Published here for the first time are seven of Emerson's topical notebooks, which served as a source for his lectures, essays, and books of the 1850s, 1860s, and 1870s. Concerned primarily with nature, art, philosophy, American culture, and his contemporaries, the notebooks presented in this first

of a three-volume editions afford fascinating insight into Emerson's creative practices. They will offer new perspectives for future readings of his completed works. The editors provide faithful transcriptions of the notebooks using the highest standards of textual practice. Their detailed annotations describe and comment on erased or revised passages, translate Greek and Latin quotations, and identify books and articles referred to in the texts of the notebooks. References to similar passages in Emerson's journals, lectures, and published works are also provided in the annotations. Publication of these notebooks will enable scholars to trace ideas that have gone unnoticed previously. The Topical Notebooks of Ralph Waldo Emerson, Volume 1, offers valuable insight into the art and philosophy of one of America's foremost thinkers. These volumes will be an important addition to any personal or institutional library of nine-teenth-century American literature.

My Book Club Notebook: A Reading Log and 100 Pages to Keep Your Reviews Organized Harper

---

## Collins

Originally published in 1905, this book argues that the educational outlook was rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and therefore must know something of history and literature; and, on the other hand, that education must be made more technical and utilitarian - these, and such as these, are the cries of expedience with which we take the field. But we have no unifying principle, no definite aim; in fact, no philosophy of education.

A comprehensive, empathetic guide for anyone suffering from this serious liver disease  
Approximately 4 million Americans and 170 million people worldwide suffer from hepatitis C, a viral liver disease that is treatable but not curable. It accounts for more than 40 percent of U.S. liver disease deaths-about 8,000 to 10,000 people annually-and is the most common reason for liver transplantation. This compassionate guide explains how hepatitis C affects the liver and the body and provides solid advice on today's treatment options-from drugs (and their side effects) to transplants and alternative therapies-as well as tips on dealing with the emotional and financial burdens the disease brings with it. Nina L Paul, PhD (New York, NY) earned her doctorate in infectious disease epidemiology and immunology from Yale University. She has researched viruses (human immunodeficiency virus and others) and the immune system.

I'm So Over This Working for a Living Shit: Lined Notebook 110 Pages 6 X 9 Inches Soft Cover (Great Gag Gift) Gallic Books

Tap into your inner writer with this book of practical advice by the bestselling author of *How Writers Work* and the ALA Notable Book *Fig Pudding*. This middle grade book is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It 's a fun way

---

to keep your child entertained and engaged while not in the classroom. Writers are just like everyone else—except for one big difference. Most people go through life experiencing daily thoughts and feelings, noticing and observing the world around them. But writers record these thoughts and observations. They react. And they need a special place to record those reactions. Perfect for classrooms, A Writer ' s Notebook gives budding writers a place to keep track of all the little things they notice every day. Young writers will love these useful tips for how to use notes and jottings to create stories and poems of their own.

School Education The Living Page "We all have need to be trained to see, and to have our eyes opened before we can take in the joy that is meant for us in this beautiful life." Charlotte Mason ~~~~~ "Composition books and blank journals are readily available at every big box and corner store, available so inexpensively as to be common and ironic as we reach that digital dominion, the projected 'paperless culture.' Shall

we despair the future of the notebook? Is the practice an anachronism in an age where one's thoughts and pictures, doings and strivings are so easily recorded on a smartphone or blog, and students in even the youngest classrooms are handed electronic tablets with textbooks loaded and worksheets at the ready? Or is there something indispensable in the keeping of notebooks without which human beings would be the poorer?" THE LIVING PAGE invites the reader to take a closer look in the timeless company of 19th century educator, Charlotte Mason. My Book Club Notebook: A Reading Log and 100 Pages to Keep Your Reviews Organized A life worth living is worth recording, and what better place than this lined notebook? Or just for yourself, as a daily journal, travel journal, doodle diary, school workbook, grocery lists, to collect poems or recipes, writing stories. And so much more...

The Living Page Univ of South Carolina Press

---

As the acknowledged founder and philosopher the hidden backdrop to Charlotte Mason's life, of the Parents' National Educational Union (PNEU), Charlotte Mason was revered by her followers as a saintly Madonna figure. She died in 1923 at the peak of her fame, having achieved mythic status as the Principal of her House of Education and wide recognition after the introduction of her liberal educational programmes into state schools. Yet her early life and heritage remained shrouded in mystery. Drawing upon insubstantiated sources, the official biography released in 1960 confused rather than illuminated Charlotte's background, contributing to several enduring misapprehensions. In her new and definitive biography, Margaret Coombs draws on years of research to reveal for the first time tracing the lives of her previously undiscovered Quaker ancestors to offer a better understanding of the roots of her personality and ideas. Coombs charts her rise from humble beginnings as an orphaned pupil-teacher to great heights as a lady of culture venerated within prestigious PNEU circles, illustrating how with determination she surmounted the Victorian age's rigid class divisions to achieve her educational vision. A thorough analysis of Charlotte Mason's educational influences and key friendships challenges longstanding notions about the roots of her philosophy, offering a more realistic picture of her life and work than ever accomplished before. With a growing following in the USA and Australia, Charlotte

---

Mason's ideas have a clear relevance to the continuing educational debate today.

Admirers of her philosophy and scholars of the history of education will find much to enthral and instruct them in these pages.
