The Logic of Life presents an X-ray image of human life, stripping away the surface to show us a picture that is revealing, enthralling, and sometimes disturbing.

## The Logic of Life - Tim Harford - Book Review - The New ...

As the study of argument is of clear importance to the reasons that we hold things to be true, logic is of essential importance to rationality. Arguments may be logical if they are "conducted or assessed according to strict principles of validity", while they are rational according to the broader requirement that they are based on reason and knowledge. Logic and rationality have each been taken as fundamental concepts in philosophy. Philosophical rationalism in its most extreme form is the doctr

The Logic of Life: The Rational Economics of an Irrational ...

"The Logic of Life" describes what economists mean by rational and then pursues how economists use that assumption to examine crime, characteristics of cities, marriage and the family, economic growth and other issues.

Book Review: The Logic of Life: The Rational Economics of an Irrational World (Gotta love the cover right?) The Logic of Life is a witty, intelligent book written by Tim Harford, the same author ...

The Logic of Life. Tim Harford: Tim Harford: 9780349120416 ...

The Logic of Life: The Rational Economics of an Irrational World is a book by Tim Harford published in 2008 by Random House. Harford argues that rational behavior is more widespread than expected in the larger population. He uses economic principles to draw forth the rational elements of supposedly illogical behaviors to illustrate his point.

## **Logic of Life: The Rational Economics of an Irrational ...**

In The Logic of Life Tim Harford offers an entertaining survey of applications of "rational economics" to aspects of everyday life and politics. He presents work on sex and drug-dealing, poker tournaments, divorce and marriage, pay scales, neighbourhood segregation and racism, the role and importance of cities, and even ventures into the rationality of revolutions and the politics of minority special interests such as sugar subsidies.

[Amazon.com: Customer reviews: The Logic of Life: The ...](#)

His new attempt the Logic of Life goes a step further and suggests that there is logic in many life decisions. Contrary to his observation of a life logical, life actually seems illogical at times. Many people do illogical things such as taking drugs, mugging others on the street. Even love sometimes looks irrational; similarly so does divorce.
