The Logic of Life - Wikipedia

In *The Logic of Life* Tim Harford offers an entertaining survey of applications of "rational economics" to aspects of everyday life and politics. He presents work on sex and drug-dealing, poker tournaments, divorce and marriage, pay scales, neighbourhood segregation and racism, the role and importance of cities, and even ventures into the rationality of revolutions and the politics of minority special interests such as sugar subsidies.

The Logic of Life: The Rational Economics of an Irrational ...

"The Logic of Life" describes what economists mean by rational and then pursues how economists use that assumption to examine crime, characteristics of cities, marriage and the family, economic growth and other issues.

Logic and rationality - Wikipedia

As the study of argument is of clear importance to the reasons that we hold things to be true, logic is of essential importance to rationality. Arguments may be logical if they are "conducted or assessed according to strict principles of validity", while they are rational according to the broader requirement that they are based on reason and knowledge. Logic and rationality have each been taken as fundamental concepts

in philosophy. Philosophical rationalism in its most extreme form is the doctr

economic growth and other
issues.

The Logic of Life (Tim
Harford) - book review

The Logic of Life: The
Rational Economics of an
Irrational World is a book by
Tim Harford published in 2008
by Random House. Harford
argues that rational behavior
is more widespread than
expected in the larger
population. He uses economic
principles to draw forth the
rational elements of
supposedly illogical
behaviors to illustrate his
point.

Amazon.com: Customer reviews: The
Logic of Life: The ...

His new attempt the Logic of Life
goes a step further and suggests
that there is logic in many life
decisions. Contrary to his
observation of a life logical,
life actually seems illogical at
times. Many people do illogical
things such as taking drugs,
mugging others on the street. Even
love sometimes looks irrational;
similarly so does divorce.
