Paco Sullivan is the only man in Alpha Company to survive a cataclysmic Viet Cong attack on Fire Base Harriette in Vietnam. Everyone else is annihilated. When

He winds up back in the US with his legs full of pins, daily rations of Librium and Valium, and no sense of what to do next. One evening, on the tail of a rainstorm, he limps off the bus and into the small town of Boone, determined to find a real job and a real bed – but no matter how hard he works, nothing muffles the anguish in his mind and body. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more

than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers

that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope. In the Land of Good Living Penguin The Long Walk Home – will most likely be the last book I write – I am eighty-three years old – this book is important to me – it goes over to a degree what has been said in my previous books – The End Was A Beginning – the first – the second The Silent Voice – in much more detail – it is threaded with the never- ending presence of loneliness – but more significantly it brings forth the

Four Absolutes – Honesty – Purity – Unselfishness – Love – which were given to me in 1986 – I have talked about these principles in my previous books – I made clear that if these principles were incorporated in society at hand – the world would change in an instant – this I believe is the power of these four words – the society that exists at present – the persistence of – selfishness – self-centeredness – permeated with dishonesty – beyond reproach – the distortion of purity – the use of the word – love – as a panacea – to cover the vile of

discontent that exists in the world as is lived in – every crime – every murder – every twisted thought – every lie – every selfish act – every thought of hate - would be reduced to the pleasantries of memory – I cannot – predict where society will rest seventy years from now – 2016 – I do know that in 1927 the world population was two billion – 1960 three billion – 2011 seven billion – projection 2083 ten billion – will make up our society – if the culture is not changed – the present will be a reality for the future – this may be a morbid statement –

it is a true statement – for sure – society is doing nothing to change the silhouette as is known – the simple life is but a dream of realities – taken from the books well-read – by masters – of the past – what is our destiny –

From the author of the extraordinary Vampire Chronicles comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given

to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on

Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a ch[^]teau in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own

destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power,

the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax.

When forty-three-year-old Fiona Edwards first sees the lanky backpacker striding up the lane toward her award-winning farmhouse bed-and-breakfast in the remote mountains of North Wales, she's puzzled. She's used to unexpected strangers, but

few arrive on foot. The man to whom she opens her door is middle-aged, unshaven, sweat-soaked . . . and arrestingly handsome. What neither of them knows at that moment is that their lives are about to change forever. American Alec Hudson has carried the ashes—and the memory—of his late ex-wife, Gwynne, all the way from London ’ s Heathrow Airport, honoring her request that he scatter them atop a mountain they had climbed together years before—the same brooding peak whose jagged cliffs rise to the sky from the back pastures of Fiona ’ s farm. But the weather doesn ’ t cooperate, and as Fiona and Alec wait for it to clear, they are drawn together by mutual loss, longing, and the miracle of love at midlife. On the day he finally reaches the summit, Alec is caught in a vicious hailstorm. As he struggles to descend, he stumbles upon the body of a man he recognizes from a photograph at the farm: it is Fiona ’ s ailing and reclusive husband, David, and he is close to death. Will North ’ s debut novel, *The Long Walk Home*, is a story about grief and hope, about love and loss, and about two people struggling with the agonizing complexities of fidelity—to a spouse, to a moral code, to each other, and to a passion neither thought would ever appear again. There are a few questions that lie just below the surface for many Christians. Does God really love me despite my failures? Can God use me for good in this world despite all my sin and shortcomings? Do my doubts and questions about faith make God think less of me? Do I have a future in the family of God despite my past? In the biblical story of the Prodigal Son, Jesus answers all those questions that lurk in the heart of so many believers. In *The Long Walk Home*, author and pastor Matt Carter takes a fresh look at this

age-old story and helps the reader discover and experience, once again, the radical, never-ending love of God for His sons and daughters.

Describes how, in the 1860s, U.S. soldiers forced thousands of Navajos to march to a desolate reservation four hundred miles from their homeland, only to have hundreds die along the way and the rest find unspeakable living conditions at their destination.

Home Central Recovery Press Presents an overview of the history of the Navajo Indians, with a detailed account of how

the United States Government, represented by Kit Carson, forced them on a 300-mile walk from their homeland in the Southwest to a prison camp at Bosque Redondo, New Mexico, in 1864, and their eventual return home after the United States-Navajo Treaty of 1868.

A wickedly smart, funny, and irresistibly off-kilter account of an improbable thousand-mile journey on foot into the heart of modern Florida, the state that Russell calls "America Concentrate." In the summer of 2016, Kent Russell--broke, at loose ends, hungry for adventure--set off to walk across Florida. Mythic, superficial, soaked in contradictions, maligned by cultural elites, segregated from the South, and literally vanishing into the sea, Florida (or, as he calls it: "America Concentrate") seemed to Russell to embody America's divided soul. The journey, with two friends intent on filming the ensuing mayhem, quickly reduces the trio to filthy drifters pushing a

shopping cart of camera equipment. They get waylaid by a concerned citizen bearing a rifle; buy cocaine from an ex-wrestler; visit a spiritual medium. The narrative overflows with historical detail about how modern Florida came into being after World War II, and how it came to be a petri dish for life in a suddenly, increasingly diverse new land of minority-majority cities and of unrivaled ethnic and religious variety. Russell has taken it all in with his incomparably focused lens and delivered a book that is both an inspired travelogue and a profound rumination on the nation's soul--and his own. It is a book that is wildly vivid, encyclopedic, erudite, and

ferociously irreverent--a deeply ambivalent love letter to his sprawling, brazenly varied home state.
