Long Way Home Faber & Faber  
It is Winter Carnival in Quebec City, bitterly cold and surpassingly beautiful. Chief

Inspector Armand Gamache has come not to join the revels but to recover from an investigation gone hauntingly wrong. But violent death is inescapable, even in the apparent sanctuary of the Literary and Historical Society— where an obsessive historian's quest for the remains of the founder of Quebec, Samuel de Champlain, ends in murder.

---

Could a secret buried with Champlain for nearly 400 years be so dreadful that someone would kill to protect it? Although he is supposed to be on leave, Gamache cannot walk away from a crime that threatens to ignite long-smoldering tensions between the English and the French. Meanwhile, he is receiving disquieting letters from the village of Three Pines, where beloved Bistro owner Olivier was recently convicted of murder. "It doesn't make sense," Olivier's partner writes every day. "He didn't do it, you know." As past and present collide in this astonishing novel, Gamache must relive the terrible event of his own past before he can bury his dead.

At the end of World War II, long before an Allied victory was assured and before the scope of the atrocities orchestrated by

Hitler would come into focus or even assume the name of the Holocaust, Allied forces had begun to prepare for its aftermath. Taking cues from the end of the First World War, planners had begun the futile task of preparing themselves for a civilian health crisis that, due in large part to advances in medical science, would never come. The problem that emerged was not widespread disease among Europe's population, as anticipated, but massive displacement among those who had been uprooted from home and country during the war. Displaced Persons, as the refugees would come to be known, were not comprised entirely of Jews. Millions of Latvians, Poles, Ukrainians, and Yugoslavs, in addition to several hundred thousand Germans,

---

were situated in a limbo long overlooked by historians. While many were speedily repatriated, millions of refugees refused to return to countries that were forever changed by the war—a crisis that would take years to resolve and would become the defining legacy of World War II. Indeed many of the postwar questions that haunted the Allied planners still confront us today: How can humanitarian aid be made to work? What levels of immigration can our societies absorb? How can an occupying power restore prosperity to a defeated enemy? Including new documentation in the form of journals, oral histories, and essays by actual DPs unearthed during his research for this illuminating and radical reassessment of history, Ben Shephard brings to light the extraordinary stories and myriad versions of the war experienced by the refugees and the new United Nations Relief and Rehabilitation Administration that would undertake the responsibility of binding the wounds of an entire continent. Groundbreaking and remarkably relevant to conflicts that continue to plague peacekeeping efforts, *The Long Road Home* tells the epic story of how millions redefined the notion of home amid painstaking recovery. *The Long Road Home* Minotaur Books “ We do not take a trip; a trip takes us, ” John Steinbeck noted in his 1962 classic, *Travels with Charley*. done almost a half century before. He set off on a 5,943 mile cross-country drive from New York to his old hometown of San Francisco on Route 50, a road twisting through the American heartland. Long Way Home is the stunning result of his pilgrimage. From the Eastern Shore of Maryland to the spectacular landscape of Moab, Utah, to Steinbeck ' s own Salinas Valley, the book is filled with memorable encounters and rich in history and local color; a truthful, inspired account of a once-in-a-lifetime trip. It offers an incisive portrait of a nation divided and the grassroots dissatisfaction that ultimately catapulted Donald Trump into the White House. From the Eastern Shore of Maryland to the spectacular landscape of Moab, Utah, to Steinbeck's own Salinas Valley, filled with memorable encounters and redolent with history and

local color, Long Way Home is a truthful, inspiring account of the country at a social and political crossroad.

Saroo Brierley 's journey home to a small village in India with the help of Google Earth became an internationally bestselling book and inspired the major motion picture LION. But the story of how his adoptive mother, Sue, came into his life half a world away in Tasmania is every bit as riveting. In this uplifting and deeply personal book Sue reveals for the first time her own traumatic childhood. The daughter of a violent alcoholic whose business gambles left her family destitute, she grew up in geographic and emotional isolation. When Sue married and broke free of her father she was determined to also sever the cycle of despair, and made the selfless decision not

to have a biological child.

Instead, inspired by a vision she 'd had as a young girl, she chose to adopt two children in need – Saroo and Mantosh. Little did she imagine that twenty-five years later she would be portrayed on screen by another Australian mother who chose to adopt – Nicole Kidman. Moving and inspiring, Lioness explores the myth of motherhood, how families are formed in many ways, and how love and perseverance can bring us together.
