Exiles Del Rey

The first book of the Exiles trilogy introduces a magical world of political intrigue and family secrets that may determine the fate of an entire nation. A thousand years ago, Mageborns fled prejudice and persecution to colonize the planet Lenfell—pristine, untouched, a perfect refuge for those whose powers were perceived as a threat by people not gifted with magic. But the greater the magic, the greater the peril—and Lenfell was soon devastated by a war between rival Mageborn factions that polluted land, sea, and air with Wild Magic and unleashed the hideous specters known as Wraithenbeasts. Generations after that terrible war, with the land recovered from crippling wounds and the people no longer threatened by genetic damage, Mageborns still practice their craft—but under strict constraints. Yet so long as the rivalry between the Mage Guardians and the Lords of Malerris continues, the threat of another war is ever-present. And someone has been planning just such a war for many long years, the final strike in a generations-old bid for total power....

Dawn of Dragons: The Complete Trilogy (World of Requiem) Tor Books

The second volume of the Exiles series pits sister against sister in a battle of magic, power, and long-held family secrets For generations, the Mage Guardians and the Lords of Malerris have waged a secret war against one another—and the world of Lenfell has paid the price. And though the Mage Guardians came close to being destroyed in the last confrontation, the Malerrisi were ultimately forced to withdraw, relinquishing much of the control they had gained. But their retreat has not been as complete as it seems. Glenin, former First Daughter of Ambrai, is determined to have her revenge and regain her power, plotting the ruin of her sisters, Sarra, Councillor of Sheve, and Caillet, the new Mage Captal, while the Malerissi—under Glenin’s leadership—once again begin weaving a web with which to entangle their entire world. And even as Caillet’s dream of a restored Mage Hall becomes a reality, and Sarra’s legal reforms offer the hope of greater prosperity and equality for all people, Glenin prepares to strike at the very heart of both her sisters’ power. All it will take is the betrayal of Ambrai’s most closely guided family secret, and the right traitor planted in the heart of Cailen’s haven. A traitor trained to be the nemesis of all Mage Guardians; Glenin’s perfect tool of destruction and most loyal follower—her own son.
