Vengeance of Dragons Macmillan
Bestseller Melanie Rawn plunges down the back stairs of the old South into a dark world of family secrets and the international flesh trade that lies underneath the surface of small town politics and romance. Holly McClure and Evan Lachlan have survived the fiery beginning of their romance and left Manhattan for Holly's ancestral home to raise their children. Evan's the county Sheriff; Holly is still a trouble-making Spellbinder trying to manipulate her family as if they were

characters in one of her novels. But something's not right in Pocahontas County. Churches are being burned down in mysterious arsons with a taint of magic on them. Sheriff Lachlan suspects that they have something to do with the new owners of the old Westmoreland plantation, now a very upscale Inn, but even if he could find proof, it's going to be hard to bring a case of Black Magic before a Judge -- even in Pocahontas County, where witchcraft is the family business of all the oldest clans. The Ruins of Ambrai DAW

The first book of the Exiles trilogy introduces a magical world of political intrigue and family secrets that may determine the fate of an entire nation. A thousand years ago, Mageborns fled prejudice and persecution to colonize the planet Lenfell—pristine, untouched, a perfect refuge for those whose powers were perceived as a threat by people not gifted with magic. But the greater the magic, the greater the peril—and Lenfell

was soon devastated by a war between rival Mageborn factions that polluted land, sea, and air with Wild Magic and unleashed the hideous specters known as Wraithenbeasts. Generations after that terrible war, with the land recovered from crippling wounds and the people no longer threatened by genetic damage, Mageborns still practice their craft—but under strict constraints. Yet so long as the rivalry between the Mage Guardians and the Lords of Malerris continues, the threat of another war is ever-present. And someone has been planning just such a war for many long years, the final strike in a generations-old bid for total power....

sister against sister in a battle of magic, power, and long-held family secrets For generations, the Mage Guardians and the Lords of Malerris have waged a secret war against one another—and the world of Lenfell has paid the price. And though the Mage Guardians came close to being destroyed in the last confrontation, the Malerrisi were ultimately forced to withdraw, relinquishing much of the control they had gained. But their retreat has not been as complete as it seems. Glenin, former First Daughter of Ambrai, is determined to have her revenge and regain her power, plotting the ruin of her sisters, Sarra, Councillor of Sheve, and Caillet, the new Mage Captal, while the Malerissi—under Glenin’s leadership—once again begin weaving a web with which to entangle their entire world. And even as Caillet’s dream of a restored Mage Hall becomes a reality, and Sarra’s legal reforms offer the hope of greater prosperity and

equality for all people, Glenin prepares to strike at the very heart of both her sisters' power. All it will take is the betrayal of Ambrai's most closely guided family secret, and the right traitor planted in the heart of Cailen's haven. Scholar of Magic Macmillan

BONUS: This edition contains an excerpt from Terry Brooks's *The Measure of the Magic*. Horrified by the misuse of magic they had witnessed during the First War of the Races, the Druids at Paranor devoted themselves to

the study of the old sciences, from the period before the collapse of civilization a thousand years before. Only the Bremen and a few trusted associates still studied the arcane arts. And for his persistence, Bremen found himself outcast, avoided by all but the few free-thinkers among the Druids. But his removal from Paranor was not altogether a terrible thing, for Bremen learned that dark forces were on the move from the Northlands. That seemingly invincible armies of trolls were fast conquering all that lay to their south. That the scouts for the army--and its principal assassins--were Skull Bearers, disfigured and transformed Druids who had fallen prey to the seductions of the magic arts. And that at the heart of the evil tide was an archmage and former Druid named Brona! Using the special skills he had acquired through his own study of Magic, Bremen was able to penetrate the huge camp of the Troll army and learn many of its secrets. And he

immediately understood that if the peoples of the Four Lands were to escape eternal subjugation they would need to unite. But, even united, they would need a weapon, something so powerful that the evil magic of Brona, the Warlock Lord, would fail before its might...
