The Magician (1926 film) - Wikipedia

W. Somerset Maugham's 1908 novel "The Magician" is, as Robert Calder's introductory essay frankly admits, derivative of the then-current public fascination with the occult.

Maugham was between best-sellers and writing for income; the result is formulaic, but still an example of the author's ability to tell a good story.

THE MAGICIAN is one of Somerset Maugham's early works. It was inspired by Aleister Crowley, and demonstrates that Maugham was well acquainted with

Crowley's ideas concerning black magic. It is not great literature, and quite different than anything else that I've read by Maugham;

but it is a well-written, intellectual horror story.

Editions of The Magician by W. Somerset Maugham

The first half of this book really succeeds in building

up tension, but I could barely stand reading it to

the end. After a while

Somerset's prose gets incredibly repetitive and

awkward, not to mention the apocalyptic heaps of

adjectives - although the figure of Haddo is in fact a

fascinating one.
