Tough Call Grand Central Publishing
For better or worse, E.P. Thompson's monumental book *The Making of the English Working Class* has played an essential role in shaping the intellectual lives of generations of readers since its original publication in 1963. This collected volume explores the complex impact of Thompson's book, both as an intellectual project and material object, relating it to the social and cultural history of the book form itself—an enduring artifact of English history.

The Texture of Memory Routledge

This is the first major study of a neglected yet extremely significant subject: the London middle classes in the period between 1660 and 1730, a period in which they created a society and economy that can be seen with hindsight to have ushered in the modern world. Using a wealth of material from contemporary sources—including wills, business papers, inventories, marriage contracts, divorce hearings, and the writings of Daniel Defoe and Samuel Pepys—Peter Earle presents a fully rounded picture of the "middling sort of people," getting to the hearts of their lives as men and women struggling for success in the biggest, richest, and most middle-class city in contemporary Europe. He examines in fascinating and convincing detail the business life of Londoners, from apprenticeship through the problems and potential rewards of different occupational groups, going on to look at middle-class family, social, political and material life—from relationships with spouses, children, servants, and neighbors, to food and clothes and furniture, to sickness, death, and burial. Stimulating, scholarly, and constantly illuminating, this book is an important and impressive contribution to English social history.

Genghis Khan and the Making of the Modern World Yale University Press

The Making of English Popular Culture provides an account of the making of popular culture in the nineteenth century. While a form of what we might describe as popular culture existed before this period, John Storey has assembled a collection that demonstrates how what we now think of as popular culture first emerged as a result of the enormous changes that accompanied the industrial revolution.

Particularly significant are the technological changes that made the production of new forms of culture possible and the concentration of people in urban areas that created significant audiences for this new culture. Consisting of fourteen original chapters that cover diverse topics ranging from seaside holidays and the invention of Christmas tradition, to advertising, music and popular fiction, the collection aims to enhance our understanding of the relationship between culture and power, as explored through areas such as 'race', ethnicity, class, sexuality and gender. It also aims to encourage within cultural studies a renewed historical sense when engaging critically with popular culture by exploring the historical conditions surrounding the existence of popular texts and practices. Written in a highly accessible style *The Making of English Popular Culture* is an ideal text for undergraduates studying cultural and media studies, literary studies, cultural history and visual culture. *The Making of English Popular Culture* Vintage

Modest, handsome and a fine poet, eccentric Englishman Frank Thompson made an unlikely soldier. Brother of E. P. Thompson and lover of Iris Murdoch, Frank was an intellectual idealist, a rare combination of brilliant mind and enormous heart. Of his wartime experiences, Frank wrote prodigiously. His letters, diaries and poetry still read fresh and intimate today - and it is from these that Peter J. Conradi brings vividly to life a brilliantly attractive and courageous personality. Aged just twenty-three, Frank was captured, tortured and executed in Bulgaria. A soldier of principle and integrity, he fought a poet's war; a very English hero from a very different era. *Histories of a Radical* Book Penguin UK

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

The Intellectual Life of the British Working Classes Vintage

Annotation Olson (history, U. of Maryland) argues that, until the eve of the revolution, the British crown could rule its American colonies peacefully with so few administrators because an extensive network of voluntary interest groups, tying the colonies and London, allowed colonists a measure of influence over the central government. Annotation c. by Book News, Inc., Portland, Or.

Cornell University Press

In this major theoretical statement, the author offers a new and provocative interpretation of the institutional transformations associated with modernity. We do not as yet, he argues, live in a post-modern world. Rather the distinctive characteristics of our major social institutions in the closing period of the twentieth century express the emergence of a period of 'high modernity,' in which prior trends are radicalised rather than undermined. A post-modern social universe may eventually come into being, but this as yet lies 'on the other side' of the forms of social and cultural organization which currently dominate world history. In developing an account of the nature of modernity, Giddens concentrates upon analyzing the intersections between trust and risk, and security and danger, in the modern world. Both the trust mechanisms associated with modernity and the distinctive 'risk profile' it produces, he argues, are distinctively different from those characteristic of pre-modern social orders. This book build upon the author's previous theoretical writings, and will be of fundamental interest to anyone concerned with Giddens's overall project. However, the work covers issues which the author has not previously analyzed and extends the scope of his work into areas of pressing practical concern. This book will be essential reading for second year undergraduates and above in sociology, politics, philosophy, and cultural studies.

[The Making and Unmaking of the English Catholic Intellectual Community, 1910-1950](#) Oxford University Press, USA

"We put the working class, in all its varieties, at the center of our work. The new working-class studies is not only about the labor movement, or about workers of any particular kind, or workers in any particular place—even in the workplace. Instead, we ask questions about how class works for people at work, at home, and in the community. We explore how class both unites and divides working-class people, which highlights the importance of understanding how class shapes and is shaped by race, gender, ethnicity, and place. We reflect on the common interests as well as the divisions between the most commonly imagined version of the working class—industrial, blue-collar workers—and workers in the 'new economy' whose work and personal lives seem, at first glance, to place them solidly in the middle class."—from the Introduction In John Russo and Sherry Lee Linkon's book, contributors trace the origins of the new working-class studies, explore how it is being developed both within and across fields, and identify key themes and issues. Historians, economists, geographers, sociologists, and scholars of literature and cultural studies introduce many and varied aspects of this emerging field. Throughout, they consider how the study of working-class life transforms traditional disciplines and stress the importance of popular and artistic representations of working-class life.

Alien Homage Routledge

100 Best Non Fiction Books has its origins in the recent 2 year-long Observer serial which every week featured a work of non fiction). It is also a companion volume to McCrum's very successful 100 Best Novels published by Galileo in 2015. The list of books starts in 1611 with the King James Bible and ends in 2014 with Elizabeth Kolbert's *The Sixth Extinction*. And in between, on this extraordinary voyage through the written treasures of our culture we meet Pepys' Diaries, Charles Darwin's *The Origin of Species*, Stephen Hawking's *A Brief History of Time* and a whole host of additional works.

Racism, Class and the Racialized Outsider Yale University Press

Why is English national identity so enigmatic and so elusive? Why, unlike the Scots, Welsh, Irish and most of continental Europe, do the English find it so difficult to say who they are? *The Making of English National Identity*, first published in 2003, is a fascinating exploration of Englishness and what it means to be English. Drawing on historical, sociological and literary theory, Krishan Kumar examines the rise of English nationalism and issues of race and ethnicity from earliest times to the present day. He argues that the long history of the English as an imperial people has, as with other imperial people like the Russians and the Austrians, developed a sense of missionary nationalism which in the interests of unity and empire has necessitated the repression of ordinary expressions of nationalism. Professor Kumar's lively and provocative approach challenges readers to reconsider their pre-conceptions about national identity and who the English really are.

[Empire of Cotton](#) The Making of the English Working Class

Sydney: a beautiful international city with impressive buildings, harbour-side walkways, public gardens, cafes, restaurants, theatres and hotels. This is the way Sydney is represented to its citizens and to the rest of the world. But there has always been another Sydney not viewed so fondly by the city's rulers, a radical part of Sydney. The working-class suburbs to the south and west of the city were large and explosive places of marginalised ideas, bohemian neighbourhoods, dissident politics and contentious action. Through a series of snapshots, *Radical Sydney* traces its development from The Rocks in the 1830s to the inner suburbs of the 1980s. It includes a range of incidents, people and places, from freeing protestors in the anti-conscription movement, resident action movements in Kings Cross, anarchists in Glebe, to Gay Rights marches on Oxford Street and Black Power in Redfern.

An original and influential history of the English landscape.

The Condition of the Working-class in England in 1844 Harvard University Press

This is a landmark intellectual history of Britain 's working classes from the preindustrial era to the twentieth century. Drawing on workers ' memoirs, social surveys, library registers, and more, Jonathan Rose uncovers which books people read, how they educated themselves, and what they knew. A new preface addresses the continuing relevance of the book amidst the upheavals of the present day. " An astonishing book. " —Ian Sansom, *The Guardian* " A passionate work of history. . . . Rose has written a work of staggering ambition. " —Daniel Akst, *Wall Street Journal* Winner of the SHARP Book History Prize, the American Philosophical Society 's Jacques Barzun Prize, and the British Council Prize cowinner of the Longman-History Today Book of the Year Prize for 2001; named one of the finest books of 2001 by *The Economist*.

[The Comfort of Things](#) Networliding, Incorporated

WINNER OF THE BANCROFT PRIZE • A Pulitzer Prize finalist that's as unsettling as it is enlightening: a book that brilliantly weaves together the story of cotton with how the present global world came to exist.

" Masterly . . . An astonishing achievement. " —*The New York Times*

The empire of cotton was, from the beginning, a fulcrum of constant global struggle between slaves and planters, merchants and statesmen, workers and factory owners. Sven Beckert makes clear how these forces ushered in the world of modern capitalism, including the vast wealth and disturbing inequalities that are with us today. In a remarkably brief period, European entrepreneurs and powerful politicians recast the world 's most significant manufacturing industry, combining imperial expansion and slave labor with new machines and wage workers to make and remake global capitalism.

The Daily Show (The Book) HarperCollins

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television

comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
