Reaper's Gale Macmillan

Drawing on events touched on in the prologue of Steven Erikson's landmark fantasy Gardens of the Moon: A Malazan Book of the Fallen, Night of Knives is the first in Ian C. Esslemont's Novels of the Malazan Empire series--a momentous chapter in the unfolding story of the extraordinarily imagined world of Malaz. The small island of Malaz and its city gave the great empire its name, but now it is little more than a sleepy, backwater port. Tonight, however, things are different. Tonight the city is on edge, a hive of hurried, sometimes violent activity; its citizens bustle about, barring doors, shuttering windows, avoiding any stranger's stare. Because tonight there is to be a convergence, the once-in-a-generation appearance of a Shadow Moon--an occasion that threatens the good people of Malaz with demon hounds and other, darker things... It was also prophesied that this night would witness the return of Emperor Kellanved, and there are those prepared to do anything to prevent this happening. As factions within the greater Empire draw up battle lines over the imperial throne, the Shadow Moon summons a far more ancient and potent presence for an all-out assault upon the island. Witnessing these cataclysmic events are Kiska, a young girl who yearns to flee the constraints of the city, and Temper, a grizzled, battle-weary veteran who seeks simply to escape his past. Each is to play a part in a conflict that will not only determine the fate of Malaz City, but also of the world beyond... It is likely the largest group of humans under one name. The Malazan Empire plays a significant role in the first four volumes and in the sixth, but according to Steven Erikson, it will not play a major role in the last four books. The empire also plays a role in the novels written by the Malazan world's co-creator, Ian Cameron Esslemont. The Malazan Empire was born in the year 1058 Burn's Sleep. Book Ten of The Malazan Book of the Fallen Macmillan

The epic new chapter in the history of Malaz—the new epic fantasy from Steven Erikson's friend and co-creator of this extraordinary and exciting imagined world. Darujhistan, city of dreams, city of blue flames, is peaceful at last; its citizens free to return to politicking, bickering, trading and, above all, enjoying the good things in life. Yet there are those who will not allow the past to remain buried. A scholar digging in the plains stumbles across an ancient sealed vault. The merchant Humble Measure schemes to drive out the remaining Malazan invaders. And the surviving agents of a long-lost power are stirring, for they sense change and so, opportunity. While, as ever at the centre of everything, a thief in a red waistcoat and of rotund proportions walks the streets, juggling in one hand custard pastries, and in the other the fate of the city itself. Far to the south, fragments of the titanic Moon's Spawn have crashed into the Rivan Sea creating a series of isles...and a fortune hunter's dream. A Malazan veteran calling himself 'Red' ventures out to try his luck—and perhaps say goodbye to old friends. But there he finds far more than he'd bargained for as the rush to claim the Spawn's treasures descends into a mad scramble of chaos and bloodshed. For powers from across the world have gathered here, searching for the legendary Throne of Night. The impact of these events are far reaching, it seems. On an unremarkable island off the coast of Genabackis, a people who had turned their backs upon all such strivings now lift their masked faces towards the mainland and recall the ancient prophesy of a return. And what about the ex-Claw of the Malazan Empire who now walks the

uttermost edge of creation? His mission—the success or failure of which the Queen of Dreams saw long ago—is destined to shape far more than anyone could have ever imagined. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
