Fifty years ago on November 22, 1963, in Dallas's Dealey Plaza, John Fitzgerald Kennedy, the 35th President of the United States, was assassinated while traveling in a motorcade with his wife, Jacqueline. LIFE magazine, the weekly pictorial chronicle of events in America and throughout the world, was quickly on the scene. The Kennedys had been LIFE's story: Jack and Jackie made the cover in his sailboat before they were married and he was a fresh-faced senator from Massachusetts, and the White House doors had remained open to LIFE throughout his presidency: Cecil Stoughton's photographs of Caroline and John-John in the Oval Office, Jackie's tour of the renovation, tense behind-the-scenes moments during 13 days of the Cuban Missile Crisis--all of this appeared in LIFE. The famous Zapruder film, included here unedited,

first appeared in LIFE, after being acquired by LIFE's Richard B. Stolley. Stolley also interviewed at the time Dallas police, Kennedy administration officials, members of the Oswald family, workers at Jack Ruby's bar. Jackie's first conversation after the murder was with Theodore H. White for LIFE, and in it she told the American people, for the first time, about the Camelot her late husband had imagined. All of that is revisited in LIFE The Day Kennedy Died, including: An official release of the unedited Zapruder film An essay by Richard B. Stolley on how he exclusively obtained the iconic film for LIFE An essay by Abraham Zapruder's granddaughter, Alexandra, who writes for the first time about how the film affected her family over the generations Personal stories about where they were when they heard the news from Barbra Streisand, Maya Angelou, Jimmy Carter, Tony Bennett, Willie Mays, Sergei Khrushchev, James Earl Jones, John Boehner, Tom Brokaw, Mikhail Baryshnikov, Alec Baldwin, Bill O'Reilly, Dan Rather and many more Rarely seen photos from the TIME/LIFE archive of Allan Grant's photo essay of the Oswald family on the night of the assassination A foreword featuring a conversation with historian David McCullough LIFE's Theodore H. White's famous "Camelot" interview with Jackie (which she gave shortly after the assassination), as well as the story behind the interview and the words that never ran A new essay on 50 years of conspiracy theories by J.I. Lyndon Baines Johnson was a man of great ambition and enormous greed, both of which, in 1963, would threaten to destroy him. In the end, President Johnson would use power from his personal connections in Texas and from the underworld and from the government to escape an untimely end in politics and to seize even greater power. President Johnson, the thirty-sixth president of the United States, was the driving force behind a conspiracy to murder President John F. Kennedy on November 22, 1963. In The Man Who Killed Kennedy, you will find out how and why he did it. Political consultant, strategist, and Libertarian Roger Stone has gathered documents and used his firsthand knowledge to construct the ultimate tome to prove that LBJ was not only involved in JFK's assassination, but was in fact the mastermind. With 2013 being the fiftieth anniversary of JFK's assassination, this is the perfect time for The Man Who Killed Kennedy to be available to readers. The research and information in this book is unprecedented, and as Roger Stone lived through it, he's the perfect person to bring it to everyone's attention.

Learn the inside scoop on Watergate, the Ford Pardon, and the 18 ½ minute Gap. Roger Stone, The New York Times bestselling author of *The Man Who Killed Kennedy—the Case Against LBJ*, gives the inside scoop on Nixon's rise and fall in Watergate in his new book *Nixon's Secrets*. Stone charts Nixon's rise from election to Congress in 1946 to the White House in 1968 after his razor-thin loss to John Kennedy in 1960, his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history. "Just as the assassination of JFK prevents a balanced analysis of Kennedy and his times, the myth of Watergate prevents a reappraisal of our 37th President." said Stone who's book on LBJ was the second biggest selling book during the 50th anniversary of Kennedy's murder. Stone reveals how the Kennedy's wiretapped Nixon's hotel room the night before the Nixon-Kennedy debate, and stole Nixon's medical records from his psychiatrist's office. Stone lays out how Kennedy running mate Lyndon Johnson stole Texas from JFK through vote fraud while Mayor Richard Daley stole Illinois, and how JFK actually lost the popular vote. Stone looks at the Nixon Presidency: the desegregation of the public schools, the progressive social programs, Nixon's struggle to end the war in Vietnam, the historic SALT arms reduction agreement with Russia, the saving of Israel in the Six Days War, the opening to China, and the disastrous decision to take America off the Gold standard. "The mainstream media's interpretation of the facts surrounding the Watergate episode are a fantastic and grotesque distortion of historical truth," said Stone. "Cursory examination of the facts in Watergate will reveal that the actions which caused the fall of Nixon cannot be reduced to the simplistic account summarized by Bob Woodward and Carl Bernstein of the Washington Post." The author outlines how White House Counsel John Dean, planned, pushed and covered-up the Watergate break-in, then sought to avoid responsibility for it. Stone examines the bungled Watergate break-in to determine what exactly Nixon's agents were looking for and how the CIA infiltrated the burglar team and sabotaged the break-in to gain leverage over Nixon. Find out why Nixon demanded the CIA turn over the records of the Bay of Pigs and Kennedy Assassination. Learn how a cabal of military and intelligence hard-liners spied on and undermined Nixon to stop his pro-peace *dé tence* foreign policy, his withdrawal of troops from Vietnam, his arms limitation agreement with the Soviets, and his opening to Red China. Discover how Vice President Spiro Agnew was setup to move him out of the line of presidential succession. Stone makes the compelling case that General Alexander Haig orchestrated Nixon's removal from office in a coup *d' état* and brokered the deal for his pardon. Finally the public will learn what is on the 18 ½ minute gap in the White House Tapes. Stone, a Washington Insider for forty years, outlines why FBI Man Mark Felt is not deep throat, why there is no deep throat, and why Bob Woodward and Carl Bernstein lie about it even today. Stone reveals how Nixon used the dark secrets he knew to avoid prosecution by blackmailing Gerald Ford for a full, free and unconditional pardon. Nixon's secret would not only destroy his presidency—it would save him from prison and allow him to launch his final comeback—advising President Bill Clinton on Foreign Affairs despite Hillary's attempts to block him and her being fired from the 1974 House Impeachment Committee for lying and violating Nixon's rights.

How Could This Happen Simon and Schuster

The New York Times bestseller that reveals facts and theories about the suspicious deaths of Jimmy Hoffa, J. Edgar Hoover, Lee Harvey Oswald, and others. Richard Belzer and David

Wayne are back to set the record straight after *Dead Wrong*; this time they're going to uncover the truth about the many witness deaths tied to the JFK assassination. For decades, government pundits have dismissed these "coincidental" deaths, even regarding them as "myths" and "urban legends." Like most people, Richard and David were initially unsure about what to make of these "coincidences." After all, events don't "consult the odds" prior to happening; they simply happen. Then someone comes along later and figures out what the odds of it happening were. Some of the deaths seemed purely coincidental; heart attacks, hunting accidents. Others clearly seemed noteworthy; witnesses who did seem to know something and did seem to die mysteriously. *Hit List* is a fair examination of the evidence of each case, leading to (necessarily) different conclusions. The findings were absolutely staggering; as some cases were clearly linked to a "clean-up operation" after the murder of President Kennedy, while others were the result of "other forces." The impeccable research and writing of Richard Belzer and David Wayne show that if the government is trying to hide anything, they're the duo who will uncover it.

Almost nothing gives rise to more national intrigue than the murder of an American president. And on November 22, 2013, the nation remembered the 50th anniversary of one of the most traumatic events in modern American history, the assassination of President John F. Kennedy. From day one, the truth behind JFK's assassination has been mired in controversy and dispute. The Warren Commission, established just seven days after Kennedy's death, delved into the who, what, when, and where of the tragedy, and over the course of the following year compiled an 889-page report that arrived at the now widely contested conclusion: Lee Harvey Oswald was the sole assassin. In *Who Really Killed Kennedy?*, No. 1 New York Times best-selling author Jerome R. Corsi, Ph.D., provides readers with the ultimate JFK assassination theory book.

Who Killed Kennedy London Bridge

Updated edition: A critique of the historical inaccuracies in portrayals of Kennedy's death by writers and filmmakers. This book tells the tale of the failed attempt of Academy Award-winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination, *Reclaiming History*, into a miniseries. James DiEugenio exposes the questionable origins of *Reclaiming History* in a dubious mock trial for cable television, in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder, and how this formed the basis for the epic tome. *JFK: The Evidence Today* lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman—cofounders of the production company Playtone—to purchase the film rights. DiEugenio then shows how the failed film ultimately adapted from that book, entitled *Parkland*, does not resemble Bugliosi's book and examines why. This book reveals the connections between Washington and Hollywood, as well as the CIA influence in the film community today. It includes an extended look at the little-known aspects of the lives and careers of Bugliosi, Hanks, and Goetzman. *JFK: The Evidence Today* sheds light on the Kennedy assassination, New Hollywood, and political influence on media in America. In this updated and revised edition, James DiEugenio also dissects the Oscar-nominated film, *The Post*, and how it disingenuously represents the Pentagon Papers saga, to the detriment of the true heroes of the operation.

JFK: The Smoking Gun Skyhorse

Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue." —The New York Times Book Review *A Confederacy of Dunces* is an American comic masterpiece.

John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).
