"Padura's *Heretics* spans and defies literary categories . . . ingenious." —Maureen Corrigan, *Fresh Air*
A sweeping novel of art theft, anti-Semitism, contemporary Cuba, and crime from a renowned Cuban author, *Heretics* is Leonardo Padura's greatest detective work yet. In 1939, the *Saint Louis* sails from Hamburg into Havana's port with hundreds of Jewish refugees seeking asylum from the Nazi regime. From the docks, nine-year-old Daniel Kaminsky watches as the passengers, including his mother, father, and sister, become embroiled in a fiasco of Cuban corruption. But the Kaminskys have a treasure that they hope will save them: a small Rembrandt portrait of Christ. Yet six days later the vessel is forced to leave the harbor with the family, bound for the horrors of Europe. The Kaminskys, along with their priceless heirloom, disappear. Nearly seven decades later, the Rembrandt reappears in an auction house in London, prompting Daniel's son to travel to Cuba to track down the story of his family's lost masterpiece. He hires the down-on-his-luck private detective Mario

Conde, and together they navigate a web of deception and violence in the morally complex city of Havana. In *Heretics*, Leonardo Padura takes us from the tenements and beaches of Cuba to Rembrandt's gloomy studio in seventeenth-century Amsterdam, telling the story of people forced to choose between the tenets of their faith and the realities of the world, between their personal desires and the demands of their times. A grand detective story and a moving historical drama, Padura's novel is as compelling, mysterious, and enduring as the painting at its center.
Treat Your Man Like a Dog and Live Happily Ever After a Relationship Primer for Women Who Love Dogs Forever
As an unabashed dog lover, Alexandra Horowitz is naturally curious about what her dog thinks and what she knows. As a cognitive scientist she is intent on understanding the minds of animals who cannot say what they know or feel. This is a fresh look at the world of dogs -- from the dog's point of view. The book introduces the reader to the science of the dog -- their perceptual and cognitive Abilities -- and uses that introduction to draw a picture of what it might be like to be a dog. It answers questions no other dog book can -- such as: What is a dog's sense of time? Does she miss me? Want friends? Know when she's been bad? Horowitz's journey, and the insights she uncovered from studying her own dog, Pumpernickel, allowed her to understand her dog better, and appreciate her more through that understanding. The reader will be able to do the same with their own dog. This is not another dog training book.

Instead, Inside of a Dog will allow dog owners to look at their pets' behaviour in a different, and revealing light, enabling them to understand their dogs and enjoy their relationship even more.

From Leonardo Padura—whose crime novels featuring Detective Mario Conde form the basis of Netflix's *Four Seasons in Havana*—*The Transparency of Time* sees the Cuban investigator pursuing a mystery spanning centuries of occult history. Mario Conde is facing down his sixtieth birthday. What does he have to show for his decades on the planet? A failing body, a slower mind, and a decrepit country, in which both the ideals and failures of the Cuban Revolution are being swept away in favor of a new and newly cosmopolitan worship of money. Rescue comes in the form of a new case: an old Marxist turned flamboyant practitioner of Santería appears on the scene to engage Conde to track down a stolen statue of the *Virgen de Regla*—a black Madonna. This sets Conde on a quest that spans twenty-first century Havana as well as the distant past, as he delves as far back as the Crusades in an attempt to uncover the true provenance of the statue. Through vignettes from the life of a Catalan peasant named Antoni Barral, who appears throughout history in different guises—as a shepherd during the Spanish Civil

War, as vassal to a feudal lord—we trace the Madonna to present-day Cuba. With Barral serving as Conde's alter ego, unstuck in time, and Conde serving as the author's, we are treated to a panorama of history, and reminded of the impossibility of ever remaining on its sidelines, no matter how obscure we may think our places in the action. Equal parts *The Name of the Rose* and *The Maltese Falcon*, *The Transparency of Time* cements Leonardo Padura's position as the preeminent literary crime writer of our time.

A Boy and His Dog at the End of the World Farrar, Straus and Giroux

Cuban writer Ivan Cardena Maturell meets a mysterious foreigner on a Havana beach who is always in the company of two Russian wolfhounds. Ivan quickly names him 'the man who loved dogs'. The man confesses that he is Ramon Mercader, the man who killed Leon Trotsky in Mexico City, and that he is now in secret exile in Cuba. This is Leonardo Padura's most brilliantly executed novel yet. It is the story of revolutions fought and betrayed, the ways in which political convictions are continually tested, and a critique of the role of fear in consolidating power.

It may be true that a dog is a man's best friend, but if you are a serious dog owner, you are probably a serial dog owner, having embraced not one but a succession of canine companions, each of them memorable in their own particular way, and each marking a particular epoch in your own life. We remember which dogs our children teased (and which generally suffered the abuse nobly), the ones that chewed the furniture and peed on the rugs, the ones that anticipated our every move and mood and displayed affection and loyalty in the face of neglect and indifference, the ones that died too early and the ones that lingered into old age. All of them with their own distinctive foibles and personalities, none of them with any sense of their own mortality. Indeed, our own lives can be chronicled by the lives of the dogs we have owned, each death marking an ending, to be followed shortly by a new beginning. In this intimate, moving, and revealing memoir, Bill Henderson, the beloved founder of the Pushcart Press, divides up the stages of his life into canine epochs. There was (and there always is) the first dog. . . , the worst dog, the ones that died untimely deaths, the one who saved a marriage. "Packaging" is never openly discussed in the halls of this publishing house, but here we have tried to make as perfect a package as possible. The book contains lovely line drawings by Leslie Moore, is designed and printed in an intimate format, and is even set in Minion, which means "faithful companion." This is a book to love

even if you don't love dogs.

"[A] firecracker of a debut . . . Abreu's novel, in Julia Sanchez's sparkling translation, is a revelation, perfectly capturing a festering summer of meltdowns and shrinking horizons." —The New York Times My Brilliant Friend meets Blue is the Warmest Color in this lyrical debut novel set in a working-class neighborhood of the Canary Islands—a story about two girls coming of age in the early aughts and a friendship that simmers into erotic desire over the course of one hot summer. High near the volcano of northern Tenerife, an endless ceiling of cloud cover traps the working class in an abject, oppressive heat. Far away from the island's posh resorts, two girls dream of hitching a ride down to the beach and escaping their horizonless town. It's summer, 2005, and our ten-year-old narrator is consumed by thoughts of her best friend Isora. Isora is rude and bossy, but she's also vivacious and brave; grownups prefer her, and boys do, too. That's why sometimes she gets jealous of Isora, who already has hair on her vagina and soft, round breasts. But she's definitely not jealous that Isora's mother is dead, nor that Isora's fat, foul-mouthed grandmother has her on a diet, so that she is constantly sticking her fingers down her throat. Besides, she would do anything for Isora: gorge herself on cakes when her friend wants to watch, follow her to the bathroom when she

takes a shit, log into chat rooms to swap dirty instant messages with strangers. But increasingly, our narrator finds it hard to keep up with Isora, who seems to be growing up at full tilt without her—and as her submissiveness veers into a painful sexual awakening, desire grows indistinguishable from intimate violence. Braiding prose poetry with bachata lyrics and the gritty humor of Canary dialect, *Dogs of Summer* is a story of exquisite yearning, a brutal picture of girlhood and a love song written for the vital community it portrays.

????? Wow! Powerful story about the healing power of love. And not just the love between a man and woman, but the love of parents for their children, the children for their parents and the love between people and their pets. This story covers it all! I loved it. ?????

Excellent and sweet. A very well done story about two single-parents of teenagers, trying to do their best. Each have suffered losses that make loving and trusting again a challenge to overcome. Lovely, rich characters set in a small-town, with excellent veterinarian Colby - a strong and successful woman, and gorgeous work-obsessed Ian, who comes to the small town to get his son in a slower environment due to some acting out that life in NYC made too easy. Rich storytelling, a very engrossing read! ????? I loved every bit of this book. "And Then You Loved Me" is the first book I read by Inglath Cooper. I queued a few more of her books to read and picked this first because I love dogs (and cats) and we have a veterinarian in our family. Whatever the reasons I loved every chapter of this book. I hated to reach the end but there could be an obvious follow-up to

this. I hope so. For now I need to read every book by Inglath Cooper that I can find. ????? Fun, Fresh, Fast and Relaxing Read. Good Guys Love Dogs was my first read by Inglath Cooper. Great style and enjoyable. Fast moving and interesting with characters I could relate to. I will be reading more Inglath Cooper books.
