The Dental Cosmos The Man Whose Teeth Were All Exactly Alike Raised by unconventional Irish Catholics who knew "how to drink, how to dance, how to talk, and how to stir up the devil," Kate Mulgrew grew up with poetry and drama in her bones. But in her mother, a would-be artist burdened by the endless arrival of new babies, young Kate saw the consequences of a dream deferred. Determined to pursue her own no matter the cost, at 18 she left her small Midwestern town for New York, where, studying with the legendary Stella Adler, she learned the lesson that would define her as an actress: "Use it," Adler told her. Whatever disappointment, pain, or anger life throws in your path, channel it into the work. It was a lesson she would need. At twenty-two, just as her career was taking off, she became pregnant and gave birth to a daughter. Having already signed the adoption papers, she was allowed only a fleeting glimpse of her child. As her star continued to rise, her life became increasingly demanding and fulfilling, a whirlwind of passionate love affairs, life-saving friendships, and bone-crunching work. Through it all, Mulgrew remained haunted by the loss of her daughter, until, two decades later, she found the courage to face the past and step into the most challenging role of her life, both on and off screen. We know Kate Mulgrew for the strong women she's played--Captain Janeway on Star Trek; the tough-as-nails "Red" on Orange Is the New Black. Now, we meet the most inspiring and memorable character of all: herself. By turns irreverent and soulful, laugh-out-loud funny and heart-piercingly sad, BORN WITH TEETH is the breathtaking memoir of a woman who dares to live life to the fullest, on her own terms.

A Finalist for the 2017 Nebula Award for Best Novella Sarah Gailey's wildfire debut *River of Teeth* is a rollicking alternate history adventure that Charlie Jane Anders calls "preposterously fun." In the early 20th Century, the United States government concocted a plan to import hippopotamuses into the marshlands of Louisiana to be bred and slaughtered as an alternative meat source. This is true. Other true things about hippos: they are savage, they are fast, and their jaws can snap a man in two. This was a terrible plan. Contained within this volume is an 1890s America that might have been: a bayou overrun by feral hippos and mercenary hippo wranglers from around the globe. It is the story of Winslow Houndstooth and his crew. It is the story of their fortunes. It is the story of his revenge. "Luiselli follows in the imaginative tradition of writers like Borges and Márquez, but her style and concerns are unmistakably her own. This deeply playful novel is about the passion and obsession of collecting, the nature of storytelling, the value of objects, and the complicated bonds of family. . . Luiselli has become a writer to watch, in part because it's truly hard to know (but exciting to wonder about) where she will go next."—The New York Times I was born in Pachuca, the Beautiful Windy City, with four premature teeth and my body completely covered in a very fine coat of fuzz. But I'm grateful for that inauspicious start because ugliness, as my other uncle, Eurípides López Sánchez, was given to saying, is character forming. Highway is a late-in-

life world traveler, yarn spinner, collector, and legendary auctioneer. His most precious possessions are the teeth of the "notorious infamous" like Plato, Petrarch, and Virginia Woolf. Written in collaboration with the workers at a Jumex juice factory, *Teeth* is an elegant, witty, exhilarating romp through the industrial suburbs of Mexico City and Luiselli's own literary influences. Valeria Luiselli was born in Mexico City in 1983 and grew up in South Africa. Her work has been translated into many languages and has appeared in publications including the New York Times, Granta, and McSweeney's. Her novel, *The Story of My Teeth*, is the winner of the LA Times Book Prize in Fiction. Journal of the American Medical Association Tor Books A Strand February 2021 Book of the Month "With a layered mystery, a haunting setting, and thrilling tension, *What Big Teeth* has an otherness to it that pulls you in and forces you to keep reading." —Tricia Levenseller, Publisher 's Weekly-bestselling author of *The Shadows Between Us* Eleanor Zarrin has been estranged from her wild family for years. When she flees boarding school after a horrifying incident, she goes to the only place she thinks is safe: the home she left behind. But when she gets there, she struggles to fit in with her monstrous relatives, who prowl the woods around the family estate and read fortunes in the guts of birds. Eleanor finds herself desperately trying to hold the family together—in order to save them all, Eleanor must learn to embrace her family of monsters and tame the darkness inside her. *Rose Szabo's* thrilling debut is a dark fantasy novel about a teen girl who returns home to her strange, wild family after years of estrangement, perfect for fans of *Wilder Girls*. NAMED A BEST BOOK OF THE YEAR BY THE WASHINGTON POST, VOGUE, MARIE CLAIRE, READER'S DIGEST, AND GOOD HOUSEKEEPING "A gripping read...Unabashedly queer, probing and unafraid...Exceedingly engaging." -USA Today "Sublimely weird, fluently paced, brazenly funny and gayer still, and it richly deserves to find readers." -New York Times

From the author of the New York Times-bestselling sensation *Mostly Dead Things*: a surprising and moving story of two mothers, one difficult son, and the limitations of marriage, parenthood, and love If she's being honest, Sammie Lucas is scared of her son. Working from home in the close quarters of their Florida house, she lives with one wary eye peeled on Samson, a sullen, unknowable boy who resists her every attempt to bond with him. Uncertain in her own feelings about motherhood, she tries her best-driving, cleaning, cooking, prodding him to finish projects for school-while growing increasingly resentful of Monika, her confident but absent wife. As Samson grows from feral toddler to surly teenager, Sammie's life begins to deteriorate into a mess of unruly behavior, and her struggle to create a picture-perfect queer family unravels. When her son's hostility finally spills over into physical aggression, Sammie must confront her role in the mess-and the possibility that it will never be clean again. Blending the warmth and wit of Arnett's breakout hit, *Mostly Dead Things*, with a candid take on queer family dynamics, *With Teeth* is a thought-provoking portrait of the delicate fabric of family-and the many ways it can be torn apart.

The Man Whose Teeth Were All Exactly Alike was written by Philip K. Dick in the winter and spring of 1960, in Point Reyes Station, California. In the sequence of Dick's work, The Man Whose Teeth was written immediately after Confessions of a Crap Artist; the next book Dick wrote was The Man in the High Castle, the Hugo Award-winning science fiction novel that ushered in the next stage of Dick's career. This novel, Dick said, is about Leo Runcible, "a brilliant, civic-minded liberal Jew living in a rural WASP town in Marin County, California." Runcible, a real estate agent involved in a local battle with a neighbor, finds what look like Neanderthal bones and dreams of rising real estate prices because of the publicity.
