The Open Road Good Press

New York Times Bestseller USA Today Bestseller The Globe and Mail Bestseller Publishers Weekly Bestseller Whose truth is the lie? Stay up all night reading the sensational psychological thriller that has readers obsessed, from the #1 New York Times bestselling author of *It Ends With Us*. Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

A Beginner's Guide to Japan Vintage

Richard Rich rose from 16th century landed gentry to become the Lord Chancellor of England. His absolute loyalty was to the reigning monarchs he served: King Henry VIII, King Edward VI, Queen Mary I and Queen Elizabeth I. All others, except his family, were expendable. His fellow courtiers: Sir Thomas More, Lord Chamberlain Thomas Cromwell, Archbishop Thomas Cranmer among others, wished to thwart the desires of the monarch. They lost their lives. When members of the powerful Percy, Seymour, Dudley and Howard families moved to wrest power from the monarchs, many of them lost their heads. Richard 1st Baron Rich of Leighs was instrumental in protecting all of the monarchs from treason wherever he found it. Baron Rich is now 71 years old and nearing death at his Rochford manor. His eldest daughter, the faithful Joan, has spent her life caring for the extensive Rich estates and her 16 siblings. She convinces Rich to speak to her of his lifes memories. She knows many notable figures from his years in power are writing memoirs and histories of the time and wants to record her fathers own words. Rich agrees to talk but his words soon discomfort Joan, especially his dismissal of the turmoil caused by Cranmers Reformation of the English Church that Rich aided as Lord Chancellor. Joan has worked closely with her father for the past 31 years and has substantial knowledge of the history she hears him reinventing. She records his words and her own. This novel is based on extensive research into the life of Richard Rich, of the man and his impact on the era. It is a tale that has never been told in its entirety until now.

The Man in the High Castle Vintage

From the #1 New York Times bestselling author of *The Handmaid's Tale* One of Margaret Atwood's most unforgettable characters lurks at the center of this intricate novel like a spider in a web. The glamorous, irresistible, unscrupulous Zenia is nothing less than a fairy-tale villain in the memories of her former friends. Roz, Charis, and Tony—university classmates decades ago—were reunited at Zenia's funeral and have met monthly for lunch ever since, obsessively retracing the destructive swath she once cut through their lives. A brilliantly inventive fabulist, Zenia had a talent for exploiting her friends' weaknesses, wielding intimacy as a weapon and cheating them of money, time, sympathy, and men. But one day, five years after her funeral, they are shocked to catch sight of Zenia: even her death appears to have been yet another fiction. As the three women plot to confront their larger-than-life nemesis, Atwood proves herself a gleefully acute observer of the treacherous shoals of friendship, trust, desire, and power.

The Old Man and the Sea Vintage

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Diving Bell and the Butterfly Vintage

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas. "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society." —The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

The Life and Times of Dan Haggerty - The Man Who Made Grizzly Adams Famous! Lindhardt og Ringhof

"Arguably the greatest living travel writer" (Outside magazine), Pico Iyer has called Japan home for more than three decades. But, as he is the first to admit, the country remains an enigma even to its long-term residents. In *A Beginner's Guide to Japan*, Iyer draws on his years of experience—his travels, conversations, readings, and reflections—to craft a playful and profound book of surprising, brief, incisive glimpses into Japanese culture. He recounts his adventures and observations as he travels from a meditation hall to a love hotel, from West Point to Kyoto Station, and from dinner with Meryl Streep to an ill-fated call to the Apple service center in a series of provocations guaranteed to pique the interest and curiosity of those who don't know Japan—and to remind those who do of its myriad fascinations.

In Search of a Beginning Vintage

Winner of the 2012 Man Booker Prize Winner of the 2012 Costa Book of the Year Award The sequel to Hilary Mantel's 2009 Man Booker Prize winner and New York Times bestseller, *Wolf Hall* delves into the heart of Tudor history with the downfall of Anne Boleyn. Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of The New York Times' 10 Best Books of 2012, one of Publishers Weekly's Top 10 Best Books of 2012 and one of The Washington Post's 10 Best Books of 2012

Autumn Light Random House

One of the best travel writers now at work in the English language brings back the sights and sounds from a dozen different frontiers. A cryptic encounter in the perfumed darkness of Bali; a tour of a Bolivian prison, conducted by an enterprising inmate; a nightmarish taxi ride across southern Yemen, where the men with guns may be customs inspectors or revolutionaries – these are just three of the stops on Pico Iyer's latest itinerary. But the true subject of *Sun After Dark* is the dislocations of the mind in transit. And so Iyer takes us along to meditate with Leonard Cohen and talk geopolitics with the Dalai Lama. He navigates the Magritte-like landscape of jet lag, "a place that no human had ever been until forty or so years ago." And on every page of this poetic and provocative book, he compels us to redraw our map of the world.

Hiroshima Dell

WITH AN INTRODUCTION BY JAMES WOOD Scobie, a police officer serving in a war-time West African state, is distrusted, being scrupulously honest and immune to bribery. But then he falls in love, and in doing so he is forced to betray everything he believes in, with drastic and tragic consequences.

Henry Holt and Company

When a new, chatty, young couple and their two daughters move in next door, Ove's well-ordered, solitary world turns upside down.

Accidental Buddhist Penguin

Seven superb short stories from the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* Meet the boy who can talk to animals and the man who can see with his eyes closed. And find out about the treasure buried deep underground. A clever mix of fact and fiction, this collection also includes how master storyteller Roald Dahl became a writer. With Roald Dahl, you can never be sure where reality ends and fantasy begins. "All the tales are entrancing inventions." —Publishers Weekly

Fahrenheit 451 Vintage

Pico Iyer has for many years described with keen perception and exacting wit the shifting textures of faraway lands anchored on a spinning globe that mixes and matches East and West. Now he casts a philosophical eye upon this curious state of floatingness. In the transnational village that our world has become, travel and technology fuel each other and us. As Iyer points out, "everywhere is so made up of everywhere else," and our very souls have been put into circulation. Yet even global beings need a home. Using his own multicultural upbringing (Indian, American, British) as a point of departure, Iyer sets out on a quest, both physical and psychological, to find what remains constant in a world gone mobile. He begins in Los Angeles International Airport, where town life — shops, services, sociability — is available without a town, and in Hong Kong, where people actually live in self-contained hotels. He moves on to Toronto, which has been given new life and a new literature by its immigrant population, and to Atlanta, where the Olympic Village inadvertently commemorates the corporate universalism that is the Olympics' secret face. And, finally, he returns to England, where the effects of empire-as-global-village are still being sorted out, and to Japan, where in the midst of alien

surfaces, Iyer unexpectedly finds a home. "As a guide to far-flung places, Pico Iyer can hardly be surpassed," The New Yorker has written. In *The Global Soul*, he extends the meaning of far-flung to places within and all around us.

[How to Write a Book in 24 Hours](#) Little, Brown

This novel is just a figment of my imagination and does not depict the views of my personal opinion. In memory of the dearly departed, I would like to bow my head in a moment of silence for all the fallen soldiers who didn't get a chance to see life for the way it was meant to be viewed. For our predecessors who've been misguiding our young minds of the ghettos for far too long. For those who helped to prevent prosperity from ever reaching its full potential. For the many demons of their own destruction, who truly believe that genocide is the only way to properly represent their neighborhoods with pride. For the athletic, or intellectual being, who seem -to have missed their true calling for dedicating so much of their lives to the lost cause of gang violence, we say no more! If we don't stand for something, we will eventually start falling for anything. It's time to wake up, and build up to the expectation of our own greatness! If not, the very future of our children, and our children's, children's lives will one day depend on it...

[The Wonderful Story of Henry Sugar](#) Harper Inspire

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

[A Man Without a Country](#) Vintage

In his most extraordinary book, the bestselling author of *Awakenings* and "poet laureate of medicine" (The New York Times) recounts the case histories of patients inhabiting the compelling world of neurological disorders, from those who are no longer able to recognize common objects to those who gain extraordinary new skills. Featuring a new preface, *Oliver Sacks' s The Man Who Mistook His Wife for a Hat* tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In *Dr. Sacks' s* splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine' s ultimate responsibility: " the suffering, afflicted, fighting human subject. "

Corinne is running from the pain of her past but she can't seem to run fast enough. Jabari thought he had it all but even with everything, something is still missing. Follow Corinne and Jabari through the streets of Atlanta as she offers him a loyalty he's never had and he showers her in a love she never knew existed!

The Man Within My Head Vintage

We all carry people inside our heads—actors, leaders, writers, people out of history or fiction, met or unmet, who sometimes seem closer to us than people we know. In *The Man Within My Head*, Pico Iyer sets out to unravel the mysterious closeness he has always felt with the English writer Graham Greene; he examines Greene' s obsessions, his elusiveness, his penchant for mystery. Iyer follows Greene' s trail from his first novel, *The Man Within*, to such later classics as *The Quiet American* and begins to unpack all he has in common with Greene: an English public school education, a lifelong restlessness and refusal to make a home anywhere, a fascination with the complications of faith. The deeper Iyer plunges into their haunted kinship, the more he begins to wonder whether the man within his head is not Greene but his own father, or perhaps some more shadowy aspect of himself. Drawing upon experiences across the globe, from Cuba to Bhutan, and moving, as Greene would, from Sri Lanka in war to intimate moments of introspection; trying to make sense of his own past, commuting between the cloisters of a fifteenth-century boarding school and California in the 1960s, one of our most resourceful explorers of crossing cultures gives us his most personal and revelatory book.

[The Man within My Head](#) The Man within My Head

Pico Iyer' s intoxicating new novel is at once a stylish intellectual mystery and a pulse-quickening love story—the love in question being at once sacred and profane. John Macmillan, a classically reticent Englishman who has moved to California to study the poems of the Sufi mystic Rumi, unexpectedly becomes involved in two equally absorbing quests. The first is for a mysterious Rumi manuscript that may have been smuggled out of Iran; the second for the elusive Camilla Jensen, who continually offers herself to him only to repeatedly slip from his grasp. Are these quests somehow related? And can Macmillan give himself over to them without losing his career and identity? Moving deftly from California academia to the mosques of Iran, filled with insights into the minds of Islam and the modern West, *Abandon* is a magic carpet-ride of a book.

The Road Seven Stories Press

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize – winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*.
