*Bite Me* MIRA

A vampire puts the bite on a dental assistant. It's a lousy first day on the job for Nina Blackman when a patient, loopy from the anesthesia, bites her. At least he was cute. But for real drama she can't beat the next evening. Nina wakes up with a set of razor-sharp fangs, bionic vision, supersonic hearing, and a taste for blood. But there's a good explanation: It's her patient, Long Island vampire Greg Statleon. Actually they're perfect for each other-if Nina's willing to commit to one man for eternity.

*Bless Me, Ultima* Simon and Schuster

George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

## A Hilarious Shifter Romance Penguin

New York Times-Bestselling Author: This good-ol’-boy wolf—and ace security expert—serves, protects and seduces... Sure, Toni Jean-Louis Parker has to be the responsible oldest sister to a crazy-brilliant clan of jackal siblings. But now she’s cutting loose for some hot, sweaty, no-commitments fun—and the sexy, slow-talking, swift-moving predator assigned to keep her family safe is just the right thing to shapeshift her love life into overdrive. Trouble is, he’s starting to get all obsessive wolf on her every time he looks in her direction... Getting serious about anyone isn’t in Ricky Lee Reed’s plans. Hell, even now he doesn’t really have a plan—outside of catching whoever is threatening this dangerously brilliant family. But the more he sees of Toni, the more he’s howling for her. And whatever it takes to convince her that what they have is everything, well, this wily wolf is down for the sizzling chase... “Hot shape-shifters and even hotter passion.”—New York Times-bestselling author Gena Showalter “Fast-paced action and smoking hot love scenes.”—RT Book Reviews Top Pick

## Like a Wolf with a Bone Penguin

These lion-shifters really know how to make a woman purr...First in the funny, sexy series from the New York Times-bestselling author! Mace Llewellyn. Brendon Shaw. Two tall, gorgeous, sexy alpha heroes who are 100% male—with a little something extra. Lion-shifters, to be exact, who can unleash every woman's animal side and still look good—make that spectacular—in a suit. And even better out of it...

NYPD cop Desiree "Dez" MacDermot knows she's changed a lot since she palled around with her childhood buddy, Mace. But it's fair to say that Mace has changed even more. It isn't just those too-sexy gold eyes, or the six-four, built-like-a-Navy Seal body. It's something in the way he sniffs her neck and purrs, making her entire body tingle... Meanwhile, for Tennessean Ronnie Lee Reed, New York City is the place where any girl—even one who runs with a Pack—can redefine herself. First order of business: find a mate, settle down, and stop using men for sex. Even big, gorgeous, lion-shifter men like Brendon Shaw. But she needn't worry, because now that Brendon's set his sights on her, the predator in him is ready to pounce and never let go... “Shelly Laurenston’s shifter books are full of oddball characters, strong females with attitude and dialogue that can have you laughing out loud.” —The Philadelphia Inquirer

**A Honey Badger Shifter Romance** Kensington Books

Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to

meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience – such as healthcare professionals, aid workers, military personnel , travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike.

*The Mane Event* Doubleday Books for Young Readers

New York Times and USA Today bestselling author Shelly Laurenston follows the explosive success of Hot and Badgered with the second installment in her sizzingly outrageous series, this time featuring a heroine who is half tiger, half honey badger shifter, and fully living her truth. Petite, kind, brilliant, and young, Stevie is nothing like the usual women bodyguard Shen Li is interested in. Even more surprising, the youngest of the lethal, ball-busting, and beautiful MacKilligan sisters is terrified of bears. But she’s not terrified of pandas. She loves pandas. Which means that whether Shen wants her to or not, she simply won’t stop cuddling him. He isn’t some stuffed Giant Panda, ya know! He is a Giant Panda shifter. He deserves respect and personal space. Something that little hybrid is completely ignoring. But Stevie has a way of finding trouble. Like going undercover to take down a scientist experimenting on other shifters. For what, Shen doesn’t want to know, but they’d better find out. And fast. Stevie might be the least violent of the honey badger sisters, but she’s the most dangerous to Shen’s peace of mind. Because she has absolutely no idea how much trouble they’re in . . . or just how damn adorable she is. Praise for Shelly Laurenston “Hot and humorous.” —USAToday.com on Hot and Badgered “Laurenston delights...Zany, sarcastic humor...Familiar, well-developed characters and full immersion into the universe make this a must-read for a new and returning readers alike.” —Publishers Weekly on In a Badger Way “In a Badger Way is pure, unadulterated fun. It’s ten pounds of bursting-at-the-seams excitement in a five pound bag...No one does it like Shelly Laurenston when it comes to unique, unparalleled heroines and the heroes who can’t help but love them. Even when they’re honey badgers.” —Bookpage on In a Badger Way

*The Mane Attraction* Scholastic Inc.

A breed of werewolf soldiers engineered to kill on command, The Shadow Reapers went rogue at the end of the Civil War. Now, exacting justice by their own code, they long to feel human as they contain the beast within... Ever since his cousin Adelaide disappeared, Cole Cameron has been searching for her—and for Isaiah Jones, whom he blames for her kidnapping, after a hellacious fight in town involving—if the stories of drunken saloon goers were to be believed—men who changed into wolves. Being a practical man, Cole doesn’t believe it. Then he is rescued from a pack of strangely intelligent wolves by none other than his quarry, Isaiah, who brings him to a hidden valley where the Shadow Reapers have settled, where he is reunited with Adelaide—and where he finds the beautiful Miranda. Miranda was once a captive of the enemy pack of Rogues. Now a werewolf herself, all she wants is to protect her daughter and try to forget the husband she lost. But Cole’s not about to give up the greatest desire he’s ever felt in his life. And he’s vowed to make Miranda his—no matter what stands in his way...

*A Memoir* Kensington Books

“Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more. An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

Behavioral finance presented in this book is the second-generation of behavioral finance. The first generation, starting in the early 1980s, largely accepted standard finance’s notion of people’s wants as “rational” wants—restricted to the utilitarian benefits of high returns and low risk. That first generation commonly described people as “irrational”—succumbing to cognitive and emotional errors and misled on their way to their rational wants. The second generation describes people as normal. It begins by

acknowledging the full range of people’s normal wants and their benefits—utilitarian, expressive, and emotional—distinguishes normal wants from errors, and offers guidance on using shortcuts and avoiding errors on the way to satisfying normal wants. People’s normal wants include financial security, nurturing children and families, gaining high social status, and staying true to values. People’s normal wants, even more than their cognitive and emotional shortcuts and errors, underlie answers to important questions of finance, including saving and spending, portfolio construction, asset pricing, and market efficiency.
