THE OFFICIAL, DEFINITIVE GUIDE TO BARSOOM AND THE WORLD OF JOHN CARTER OF MARS**Fully Illustrated**COME TO BARSOOM... AND ENJOY THE WONDERS OF ERB'S MARSWhen Edgar Rice Burroughs (1875-1950) wrote "Dejah Thoris, A Princess of Mars," in 1911, he had no idea that he was opening a new era in the science fiction field. His account of fifteen-foot green men, eight-legged beasts, oviparous females, and swordswinging red men was an immediate success.And the public clamored for more.Over a period of thirty years, Burroughs wrote ten

Martian tales... the story of life and death, romance and tragedy on the Red Planet is undoubtedly one of the greatest series of all time. Burroughs created a world of dead seabeds, towering mountains, polar ice caps, underground rivers ... he peopled the planet with four different human races and one semihuman. He gave Mars a history, several phases of civilization and an assortment of religions. He added dauntless heros, beautiful maidens, evil villains and fearful monsters?all the ingredients necessary for a series of thrilling adventures on any world!Featuring over two dozen illustrations, including maps of the North and South Poles of Barsoom, as well as of the planet's Western and Eastern Hemispheres?AND IT'S ALL HERE IN THE ONLY OFFICIAL

Warlord of Mars Prabhat Prakashan

Combining other worldly, adventures with elements of classical myth and fast-paced plots with cliffhanging tension, Edgar Rice Burroughs' *The Martian Tales Trilogy* helped define a new literary genre emerging in the early twentieth century: science fiction. In the first installment of *The Martian Tales Trilogy*, hero John Carter wins the affections of the princess of Mars and the respect of the Martian warlords whom he befriends. The excitement continues in *The Gods of Mars*, when Carter engages the Black Pirates in airborne combat above the dead seas of Mars and leads a revolt to free the Martian races from a religion that thrives on living sacrifices. In the third book, *The Warlord of Mars*, Carter overcomes the forces of evil that would destroy the planet. *The John Carter of Mars Collection (7 Novels + Bonus Audiobook Links)* The Floating Press

Warlord of Mars is the third novel in Burroughs' *Barsoom*

series. The setting is an inhabited, dying Mars, where the different races fight over dwindling resources. It is a frontier world full of honor, glory and desperation; lost cities and ancient secrets provide the landscape for heroic adventures. John Carter in *A Princess of Mars* Createspace Independent Publishing Platform Here are three tales of Tarzan at Point Station, a remote English outpost near the Waziri homelands. Set during the advent of World War II, we see more and more European intrusion to the Bolongo River Basin. Tarzan becomes embroiled in increasingly dangerous events cultures clash. *Tarzan and the "Fountain of Youth"*: Searching for the mission son of a friend, Tarzan encounters agents of an unscrupulous pharmaceutical company exploiting jungle resources for its own profit. *Tarzan and the Cross of Vengeance*: A team of archaeologists making a groundbreaking discover; a group of well-meaning but naive tribes; and a ruthless band of men with a dark purpose stir up a heady mix of challenges for Tarzan, fomenting an intertribal war that only he can stop. *Tarzan the Conqueror: When the Third Reich invades Africa* to exploit the land for riches and enslave the native populations in labor camps, Tarzan leads the tribes in an unprecedented tribal resistance.

The Gods of Mars U of Nebraska Press

Swords of Mars Edgar Rice Burroughs - *Swords of Mars* is a science fantasy novel by American writer Edgar Rice Burroughs, the eighth of his *Barsoom* series. It was first published in the magazine *Blue Book* as a six part serial in the issues for November 1934 to April 1935. The first book edition was published by Edgar Rice Burroughs, Inc. in February 1936. John Carter reprises his role of hero as he vows to bring an end to the Assassins Guild. He must travel to one of the moons of *Barsoom*, Carter then creates a race of secret super assassins to destroy this powerful Guild of Assassins. He ventures to the city of Zedong in a fierce attempt to overthrow Ur Jan the leader of the Assassins. There are many fantastic characters and galaxies in this compelling spy story in this edge of your seat science thriller.

The War of the Worlds The Martian Tales Trilogy Barnes & Noble Publishing

Warlord of Mars eStar Books The peace John Carter brought to Helium and Thark is new and fragile. On the eve of a Red & Green festival to balm age-old hatreds, Dejah Thoris is kidnapped. The ordeal triggers her lingering nightmares of abuse and helplessness at the hands of brutal Tharks. And the kidnapper is nightmare personified: Voro. He caters to a taste some green men never lost: the red meat of Helium women. *Old Enemy, Same Love* Simon and Schuster

John Carter, Civil War veteran, is attacked by murderous Apaches whilst prospecting for gold. Taking refuge in a strange cave in the Arizona hills he is transported to the planet Mars, and plunged headlong into the conflicts of a dying world. Upon the strange red soil of 'Barsoom' he must do all that he can to stay alive and uphold the values of his beloved Virginia. Given super strength and agility thanks to the lighter gravity, he soon becomes a renowned warrior among the barbarous green martians. But when a beautiful human Princess falls into their hands he will need more than just muscle power to help her escape. What follows is one of the greatest adventure stories of all time -- featuring vicious sword fights, daring midnight escapes, a passionate romance, and huge battles upon the dry ocean beds of Mars. As captivating as the day it was first published, *A Princess of Mars* went on to inspire everything from Superman to Star Wars, and remains one of the best examples of science fiction ever written.

Tales of Mars Lulu.com

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

The Martian Chronicles The Floating Press

This book is a science fiction novel, the third of the famous Barsoom series. Far to the north, in the frozen wastes of Polar Mars, lay the home of the Holy Therns, sacred and inviolate. Only John Carter dared to go there to find his lost Dejah Thoris and discovers more fantastic creatures and ancient mysterious Martian races. But between him and his goal lay the bones of all who had gone before. The book keeps up the level of energy and adventure established in the first two novels and makes for an exciting conclusion to this three-part story arc. In the books that would follow, the saga shifted its focus away from John Carter, Dejah Thoris, and Tars Tarkas to chronicle the exploits of other characters. While the Martian tales of the author were all fun, there is something about this initial "trilogy" that has a charm to them that's never quite repeated.

[A Guide to Barsoom](#) Simon and Schuster

In the late twentieth century, Admiral Julian 3rd can get no rest, for he knows his future. He will be reborn as his grandson in the next century to journey through space and make an ominous discovery inside the moon; he will live again in the dark years of the twenty-second century as Julian 9th, who refuses to bow down to the victorious Moon Men; and as Julian 20th, the fierce Red

Hawk, he will lead humanity's final battle against the alien invaders in the twenty-fifth century.

The Master Mind of Mars The Floating Press

This collector-quality edition includes the complete text of the second of Edgar Rice Burroughs' "Martian Novels" in a freshly edited and newly typeset edition, commemorating the 100th anniversary of his first published story. With a generous 6x9 page size, this Summit Classic edition is printed on hefty 60# bright white paper with a fully laminated cover featuring an original full color design. Additional material collected and presented for Burroughs' fans, new or old, are an original retrospective essay commenting on the life, work, and widespread and lasting influence of the author, a new and original biographical sketch of Burroughs' life, and a detailed bibliography of his work. In this, the second of his tales of Barsoom, Burroughs returns to the romance between John Carter, mysteriously and unexpectedly returned to Earth at the end of a "Princess of Mars," and Dejah Thoris. A decade after being torn away from his family on Barsoom, Carter is once again transported by mysterious forces to the red planet and, materializing in the Valley Dor, where Barsoomians make a last pilgrimage as life nears its end, finds himself thrust

into a weird adventure involving the truth behind Martian beliefs in the afterlife and the Gods of Mars. In Edgar Rice Burroughs' trademark style, the former Confederate officer is thrown into a series of non-stop adventures at breakneck pace, discovering a lost race of Barsoomians and the awful secrets behind the Gods of Mars while battling Martian men and beasts, finding adversaries on seemingly every page and discovering perfidy and treachery among both allies and enemies while leading armies and airborne navies in battle in the course of this epic adventure. "Barsoom" is the native name for the Mars imagined by Edgar Rice Burroughs, a dying world whose oceans have gone dry and whose atmosphere is dissipating, precariously maintained by a massive atmosphere plant, a world where a race of giant green men with four arms roam dry seabeds and vast ancient ruins mounted on reptilian steeds, while a race of coppery-skinned red men maintains an oddly barbaric culture and scientific civilization in sprawling cities and travel in flying cars. If any of this sounds vaguely familiar but you've never read what has over the years become known as Edgar Rice Burroughs' science fiction "Martian series" it's not surprising. Burroughs didn't "invent" planetary romance, lost civilizations, islands populated by dinosaurs and primitive men or any of the kinds of fiction he

wrote. But he literally re-invented adventure fiction across the board and his indelible stamp on the work of writers, filmmakers, television producers and scientists is still apparent a hundred years after his first published story. Burroughs is known the world over as the creator of Tarzan, the Ape Man. Tarzan became a cultural phenomenon almost immediately upon his appearance, but before Tarzan there was John Carter of Mars. Burroughs' first published work originally appeared in serial form with the title "Under the Moons of Mars" in 1912. Like many of Burroughs' pulp magazine serials, the story was later published in book form by Chicago publisher A. C. McClurg. The original McClurg version re-titled the story as "A Princess of Mars," the name by which it has been known ever since. Burroughs' first three Martian novels, "A Princess of Mars," "The Gods of Mars" and "Warlord of Mars" form a cohesive trilogy that will ultimately leave the mighty John Carter as the most powerful warlord astride a fantastic, savage planet. Summit Classic Press editions of these three novels are available separately in a handsome matched set. They are also available from Summit Classic Press in a single large format omnibus edition titled "John Carter, Warlord of Mars," ISBN-978-1475021660. Mars's Great Secret First Avenue

Originally published from 1917 and 1919, A Princess of Mars, The Gods of Mars, and The Warlord of Mars are science-fiction classics, and the origin of

Burroughs's legendary series.

John Carter a Princess of Mars
eBookIt.com

Edgar Rice Burroughs started writing his Martian adventures in 1911. Even though science claims there is no life on Mars his stories remain vibrant and timeless tales, because Burroughs knew the appeal and power of the Martian myth. Writers like Ray Bradbury and scientists like Carl Sagan have acknowledged that Burroughs' Martian tales were the wellspring from which their own careers arose. With his opening trilogy, considered one of the landmarks of science fiction, Burroughs created a vast and sweeping epic. Captain John Carter of the Confederate Army is whisked to Mars (Barsoom) and discovers a dying world of dry ocean beds where giant four-armed barbarians rule, of crumbling cities home to an advanced but decaying civilization, a world of strange beasts and savage combat, a world where love, honor and loyalty become the stuff of adventure.
