The fifth book in the popular Barsoom series, The Chessmen of Mars is a 1922 science fiction novel by Edgar Rice Burroughs. Tara, princess of the great city state of Helium, is initially impervious to the courtship attempts of Gahan, prince of the city state Gathol. But when she loses control of her craft in a storm and is captured by the Kaldanes, horrific crab-like creatures who've sacrificed

their bodies in the pursuit of intellect, the deeply smitten Gahan sets out to rescue his princess and prove his worth. But this is a challenge that may forfeit his life and hers, as he and his companions are forced to become pawns in a game of Jetan, Barsoomian Chess on a life-size board that uses the living as its pieces and the dead as its conquests. *A Princess of Mars* The Floating Press Warlord of Mars is the

City of the Beast Simon and Schuster Think Edgar Rice Burroughs' additions to the literary canon begin and end with Tarzan? Think again. Burroughs produced popular works in virtually every genre, and he made important early contributions to the science fiction and fantasy fields, as well. Thuvia, Maid of Mars is an interplanetary romp

that includes something for everyone -- fantasy, romance, and rip-roaring adventure. Lost on Venus Tantor eBooks HELIUM, June 8th, 1925 MY DEAR MR. BURROUGHS: It was in the Fall of nineteen seventeen at an officers' training camp that I first became acquainted with John Carter, War Lord of Barsoom, through the pages of your novel "A Princess of Mars." The story made a

profound impression upon me and while my better judgment assured me that it was but a highly imaginative piece of fiction, a suggestion of the verity of it pervaded my inner consciousness to such an extent that I found myself dreaming of Mars and John Carter, of Dejah Thoris, of Tars Tarkas and of Woola as if they had been entities of my own experience rather than the figments of your imagination. It is true that in

those days of strenuous preparation there was little time for dreaming, yet there were brief moments before sleep claimed me at night and these were my dreams. Such dreams! Always of Mars, and during my waking hours at night my eyes always sought out the Red Planet when he was above the horizon and clung there seeking a solution of the seemingly unfathomable riddle he has presented to the Earthman for ages. *Thuvia, Maid of Mars*

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across

England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature. **A Guide to Barsoom** The Floating Press "Synthetic men of mars" is the ninth

book of the Edgar Rice Burroughs Martian series, this book was featured in the newspaper "Argosy Weekly" in six parts released in early 1939. Dejah Thoris, princess of Helium, is badly injured in a deadly collision of two space crafts. Ras Thavas returns as the Mastermind of Mars. Thavas creates a race of supermen on Mars that

must be defeated before the entire planet faces a complete totalitarianism.
