Part one of a two-part history of the non-Marxist, libertarian form of socialism, aka anarchism. From its origins in the 18th century and the conflicts with Marx in the First International to insurrections, trade unions and specific anarchist organisations, the hidden history of an alternative tradition is revealed. The ideas about socialism so prevalent today, that it equates with state ownership, that is the prerogative of the Party, that it has somehow failed, are all dismantled in this scholarly engagement with a complex ideology.

A critically-acclaimed crime epic set in an American secessionist militia compound mixing politics with complex family issues, from NYT bestselling author of DMZ. Grace Briggs is the new head of the Briggs family, the largest and most secretive antigovernment secessionist movement in the United States. For over a hundred years it's been a safe harbor for anyone looking to live a

simple, quiet life off the grid, but it has since devolved into a hotbed for white extremists, armed militia, and domestic terrorism. She seeks to take control of the Land—and her family—from the forces of extremism and hate, and return it to its core values. But can she accomplish that before law enforcement finds the evidence it needs to wipe Briggs Land off the map? From New York Times Bestselling author Brian Wood (DMZ, The Massive, Rebels) comes the latest in his critically-acclaimed line of socio-political graphic novels. Artist Mack Chater (Smoke/Ashes) illustrates this gritty and electrifying crime saga that speaks to the troubled, polarized world we live in now. [Briggs Land] "It ' s smart, vibrant, original and well drawn. There ' s nothing like it out there and it ' s the best thing Wood may ever have done (and that ' s saying A LOT...the man is a genius)." — Forces of Geek " Brian Wood is writing a Dangerous Story with Briggs Land, and that ' s the kind of story most worth telling. The Eisner award-winning, surreal superhero series, The Flaming Carrot, returns with a new omnibus collection!

---

Before there ever was a Deadpool, Twin Peaks, or Lady Gaga; the Flaming Carrot's madcap madness, manic mayhem, and impish mischief exploded from the vanguard of the 80s' New Wave comic revolution, taking us right down the rabbit hole of creativity-gone-off-the-tracks, and over the rainbow. Propagating dreamlike surrealism, disturbing violence, sexual adventurism, bar-hopping, and a bizarre and nightmarish costume, the world's first postmodern super man battled Road Hogs From Outer Space, went on drinking binges with Death, bounced around on a nuclear powered pogo stick, and ordered some of that new Brussels sprout flavored ice cream that wasn't even on the menu yet. Check out a comic book series that for many years most people believed to be nothing more than a ridiculous legend or an amusing joke. Doctor recommended.

Maximum strength formula. New hope for a nation suffocating in the swill of its own mediocrity. Collects Flaming Carrot #1-2, 4-11, 25-27.
