## Alpha's Challenge Felicity Heaton Paranormal Romances

My three intended mates left me rejected, half-marked, and broken. Every wolf shifter dreams about her first night with her mates, but mine left me an outcast with the revelation that I'm really a hybrid. A hybrid between a wolf and what is the question. Only my late mother knows the answer, but these days, I have other things to worry about. Namely, being caught in a war between my gorgeous jerk of a boss and the hunter who's somehow become my friend with benefits. Until the consequences of my incomplete mating mark leave me in physical anguish each full moon, that is--and the only thing keeping the monster in my veins at bay is the dark gift of a vampire lord who thinks I'm something else entirely. Something that makes me more dangerous than anyone could have imagined--especially me. Like I don't have enough infuriating (but admittedly tantalizing) alpha males on my plate, now the three wolves who threw me away are back, trying to stake their claim now that I'm their only hope of overthrowing my unhinged father as regional alpha. If the men in my life don't make up their minds soon, I'm booking a one-way ticket to an all-female island. Their Rejected Mate is a full-length Rejected Mates Wolf Shifter Romance, and the first in the Luna Rejected series. This series features four alpha male anti-hero love interests, an unbreakable heroine who keeps them in check, and in true Reverse Harem fashion, the MC doesn't have to choose between her guys. Includes MFM and eventual MMF content. [Scent of a Mate](#) Oxford University Press

Wolves are natural born hunters...but this time, we're the prey. I never expected to find a second mate. When my first mate didn't immediately kill him, I was hopeful—only to have those hopes dashed when their packs turned against us. We were deemed unnatural. A threat. Something to be destroyed. Now we're on the run with nowhere to hide. As if that's not enough, my old alpha's obsession with me hasn't ended. News of my unusual relationship must have reached him by now, but I know he won't give up. I need to figure out what having more than one

mate means. The fates don't do that kind of thing lightly, so it's up to the three of us to find out why we were chosen. An oracle is our only hope, a wise woman who can help us, but only if we can get to her before either of the packs find us. And, hopefully, without me mating with any more wolves on the way...

How to Date a Werewolf: #1 Never call him 'Good Doggie.' I've got a problem. A big, hairy problem. An enforcer from the Werewolves Motorcycle Club broke into my house. He thinks I know the Werewolves' secret, and the pack sent him to guard me. #2 During a full moon, be ready to get freaky By the time he decides I'm no threat, it's too late. His wolf has claimed me for his mate. Too bad we can't stand each other... #3 Bad girls get eaten in the bedroom ...until instincts take over. Things get wild. Naked under the full moon, this wolfman has me howling for more. #4 Break ups are hairy Not even a visit from the mob, my abusive ex, my crazy mother and a road trip across the state in a hippie VW bus can shake him. #5 Beware the mating bite Because there's no running from a wolf when he decides you're his mate.
