Everything was right there in the open, right there in front of me, but it still took me so long to see the person I had married. It took me so long to hate him.

Can a wife single-handedly bring a boring or broken marriage back to life? This improved and expanded edition of Laura Doyle's acclaimed *First, Kill All the Marriage Counselors* features real-life success stories from empowered wives who have done just that—and provides a step-by-step guide to revitalizing your own marriage. Laura Doyle's marriage was in trouble, and couples counseling wasn't helping. On the brink of divorce, she decided to talk to women who'd been happily married for over a decade, and their advice stunned her. From it, she distilled *Six Intimacy Skills*—woman-centric practices that ended her overwhelm and resentment, restoring the playfulness and passion in her marriage. Now an internationally-recognized relationship coach, Doyle has shared her secrets with women around the globe, saving thousands of marriages with her fresh, revolutionary approach. Practical and counter-intuitive, the *Six Intimacy Skills* are about focusing on your own desires and transforming your own life—not bending over backwards to transform your husband. Incorporating these skills will empower you to: Attract his attention like a magnet when you relax more and do less Receive affection not because you told him to make more of an effort, but because he naturally seeks you out Feel more like yourself—and like yourself more If you've been trying to "fix" your relationship and it's not working, maybe the problem was never you, or your husband, or even the two of you as a couple. Maybe the problem is that nobody ever taught you the skills you need to foster respect, tenderness, and consideration. With humor and heart, *The Empowered Wife* shows you how to improve your relationship in ways you hadn't thought possible. You'll join a worldwide community of over 150,000 empowered wives who finally have the marriages they dreamed of when they said "I do."

The English-language debut of one of Japan's most talented contemporary writers, selling over 650,000 copies there, *Convenience Store Woman* is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiromachi branch of "Smile Mart," she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store's manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a "normal" person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It's almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers, increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, *Convenience Store Woman* is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

"One part *The Beauty Myth* . . . and one part *Backlash*"--a provocative exploration of who and what a wife really is. There is a wife crisis in North America, a brewing storm of conflicting forces swirling around what it means to be a wife at the beginning of the 21st Century. The word is so fraught with ambiguity that it has become a litmus test, eliciting from women emotions ranging from longing to antipathy, anxiety to derision. This crisis is at the heart of Anne Kingston's *The Meaning of Wife*. Delving into the complex, troubling, and sometimes humorous contradictions, illusions, and realities of contemporary wifehood, Kingston takes the reader on a fascinating journey into the wedding industrial complex, which elevates the bride to a potent consumer icon; through the recent romanticization of domesticity; and across the conflicted terrain of wifely sexuality. She looks at "wife backlash," and the new wave of neo-traditionalism that urges women to marry before their "best-before" dates expire; explores the apotheosis of abused wives and the strange celebration of wives who kill; and muses on the fact that Oprah Winfrey and Martha Stewart, two of the world's wealthiest and most influential women, are both non-wives whose success has hinged on their understanding of wives. The result is an entertaining mix of social, sexual, historical, and economic commentary that is bound to stir debate even as it reframes our view of both women and marriage.

This work contains the first comprehensive description of Abui, a language of the Trans New Guinea family spoken approximately by 16,000 speakers in the central part of the Alor Island in Eastern Indonesia. The description focuses on the northern dialect of Abui as spoken in the village Takalelang. This study is based on primary data collected by the author on Alor. With Pantar island, Alor Island is the western-most area where Papuan languages are spoken. Abui syntax is characterized by rigid head-final word order. The language presents a number of typologically interesting features such as

semantic alignment. Characteristic for Abui is the extensive use of generic verbs. Generic verbs appear as parts of complex verbs or in serial verb constructions. This grammar covers the phonology, morphology and basic syntax of Abui. The appendix contains several Abui texts and word lists. Not being written against any particular theoretical background, this book is of interest to scholars of both Papuan and Austronesian languages, as well as linguistic typology.

The *Disenfranchised: Stories of Life and Grief When an Ex-Spouse Dies* offers an unprecedented anthology of never-before-published, first-person life histories by ex-spouses whose grief has endured as disenfranchised: socially unacknowledged, untold, and unrecognised. Each story of disenfranchised grief is fiercely honest and courageously made public. This anthology has no parallels in current texts, academic literature or mainstream publications. Contributors present personal histories, revealing that the dimensions of disenfranchised grief are as individual as the writers who have endured this neglected aspect of grief and bereavement. In many narratives, the healing power of their creative processes through art and poetry is further revealed. The anthology is compiled and edited by Peggy Sapphire, MS (Guidance and Counseling), a writer living in Vermont. Over the span of five years, through phone conversations and written communications, Ms. Sapphire established trusting relationships with the contributors, who, though choosing to submit their work, often struggled with reluctance, even dread, at revisiting previously private events in their lives and finally committing their stories to paper, and ultimately to publication. Each narrative is accompanied by a clinical commentary, written by Shirley Scott, MS, certified Thanatologist, which provides readers, whether academic, practitioner, student, or lay, with reflections on the issues and patterns of disenfranchised grief, as reflected by each narrative. Included in each commentary are bibliographic references for further and advanced study. The contributors represent an extraordinary range of professional achievements and academic credentials--well-published writers, poets, working artists, educators, academics, mental health practitioners, and health professionals.

The #1 international best seller *Lean In*, Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of *Option B* with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their careers. Her talk, which has been viewed more than six million times, encouraged women to “sit at the table,” seek challenges, take risks, and pursue their goals with gusto. *Lean In* continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation from what women can't do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, *Lean In* is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

Fathomlessly inventive and original, Julia Armfield's *Our Wives Under the Sea* is a portrait of marriage as we've never seen it before.

“Shocking...Achingly poetic...Sharp and beautiful as coral polyps...Armfield exercises an exquisite—even sadistic—sense of suspense.” —Ron Charles, *The Washington Post* “A wonderful novel, deeply romantic and fabulously strange. I loved this book.” —Sarah Waters “Without a doubt, one of the best books I've ever read.” —Kristen Arnett Leah is changed. A marine biologist, she left for a routine expedition months earlier, only this time her submarine sank to the sea floor. When she finally surfaces and returns home, her wife Miri knows that something is wrong. Barely eating and lost in her thoughts, Leah rotates between rooms in their apartment, running the taps morning and night. Whatever happened in that vessel, whatever it was they were supposed to be studying before they were stranded, Leah has carried part of it with her, onto dry land and into their home. As Miri searches for answers, desperate to understand what happened below the water, she must face the possibility that the woman she loves is slipping from her grasp. By turns elegiac and furious, wry and heartbreaking, *Our Wives Under the Sea* is an exploration of the unknowable depths within each of us, and the love that compels us nevertheless toward one another.
