I so love Mathew Swift. He is snarky, creepy, cool, and wonderful all at the same time.

The only sad part about this book, is that I've read the first book, so the universe is not new this time. This time around, Mathew becomes the Midnight Mayor (wasn't his choice...) and must do battle with a city destroying entity.

I knew when I chose the

Midnight Mayor that it was the second in the series, but a number of reviews of Kate Griffin's first Matthew Swift novel, made me think it would put me off them altogether. I found some of Matthew Swift's internal dialogue tedious, but that is probably the trouble with having two beings inhabiting one body.
