account of one of Hollywood's greatest actors and, above all, greatest men Debonair English wit and humourist extraordinaire, star of *The Pink Panther*, *Casino Royal* and *Around the World in 80 Days*, few Hollywood actors are remembered as fondly as David Niven. In this bestselling autobiography, Niven shows how, even as an unknown young man, he knew how to live the good life, regaling us with tales of school expulsion and wartime hi-jinks. However, it is his accounts of working and partying with the legends of the silver screen - from Lawrence Oliver and Vivien Leigh to Elizabeth Taylor, Noel Coward and dozens of others - that turn this memoir into an outright masterpiece. An intimate, gossipy, warm and above all charming account of life inside Hollywood's dream factory, *The Moon is a Balloon* is a classic to be read and enjoyed time and again. \*\*\*

Gordy LaSure's passionate about film. He eats film, he drinks film, and sometimes he'll even watch a film. But most of all he loves talking to people about film: whether a comely student with low confidence and a father complex, a Studio 'development' exec who doesn't trust his own judgement, or the countless people Gordy LaSure's encountered in his capacity as the

web moderator on an Excessive Sweating Discussion Forum. Gordy LaSure's always talking about films and how they'd be a shit ton better if only people would pull their asses out of their ears and listen to Gordy LaSure. The voyage of this book can be categorised as an attempt to understand How In Hell Film Works. Why are some films bad, and some films terrible? How come just a handful of films ( *Titanic*, *Porky's*, *Dirty Harry* ) are any good at all? Gordy'll tell you How and Why, and he'll give you a slug of Wherefore on the side. And he doesn't shoot from the hip; he shoots from the gut. Go the F\*\*k to Sleep National Geographic Books

Danny Wallace has friends. He has a wife and goes to brunch, and his new house has a couch with throw pillows. But as he nears 30, he can't help wondering about his best childhood friends, whose names he finds in a long-forgotten address book. Where are they now-and where, really, is he? Acting on an impulse we've all had at least once, he travels from London to Berlin, Tokyo, Australia, and California, risking rejection and ridicule to show up on his old pals' doorsteps.

Memories of his 1980s childhood-from Michael Jackson to Ghostbusters-overwhelm him as he meets former buddies who have blossomed into rappers and ninjas, time-traveling pioneers, mediocre restaurant managers, and even Fijian royalty. Danny's attempt to re-befriend them all gives remarkable new resonance to the age-old mantra, "friends forever!"

JAKe brings an insider's awareness of context to this collection which comprises both photographs from his personal archives and a selection of the world's best street art from the artists themselves.

'Forty is a fine age, a young, strong powerful, prime-of-life age, a frisky age, a coming-to-maturity age when all things are possible. But beware, it is also an apocalyptic number, a number full of climactic warnings' - Margaret Drabble. 40 is a truly meaningful and fascinating number. For example, the number forty is used in Jewish, Christian, Islamic, and other Middle Eastern traditions to represent a large, approximate number: 'umpteens'; forty is the number of weeks for an average term of pregnancy; forty is the customary number of hours in a working week; rain fell for 'forty days and forty nights' during the Flood; forty is the only number with its letters in alphabetical order; Jesus fasted for forty days and nights . . .

Inspired by 40, this collection contains thrilling contributions from some of the most high-profile writers, artists and illustrators of our time and is beautifully illustrated by Tom Gauld. And to celebrate Canongate's 40th anniversary you can have this fantastic little eBook for free! It's on us! Enjoy... Richard Burton, Richard Harris, Peter O'Toole, and Oliver Reed: On screen they were stars, off screen they were legends. This is the story of drunken binges of near biblical proportions, parties and orgies, broken marriages, riots, and wanton sexual conquests--indeed, acts so outrageous that if ordinary mortals had perpetrated them they would have ended up in jail. They got away with the kind of behavior that today's film stars could scarcely dream of, because of their mercurial acting talent and because the press and public loved them. They were truly the last of a breed. This is a celebratory catalogue of their miscreant deeds, a greatest-hits package of their most breathtakingly outrageous behavior, told with humor and affection. You can't help but enjoy it--after all, they certainly did.--From publisher description.

The Sunshine Kid Apple

Set in sun-drenched Cape Town, South Africa, this book features two full-length stories, "The Leaking Cello Case" and "John Wesley Harding," rife with mystery, suspense, action, adventure, conspiracy theories, cool cars and excellent weed.

Joe Daly brings a refreshingly original -- and utterly hilarious -- voice to the comics medium, a dry, deadpan wit anchored in everyday reality combined with unnervingly deranged plots, rendered with a hyper-detailed, half-realistic and half-cartoony Tintin-style crispness.
