**Bruno and the Carol Singers** Farrar, Straus and Giroux  
Bruno, the beloved chief of police in the idyllic French town of St. Denis, is back! This time a mysterious death brings ancient secrets to light, and it's up to our hero--and favorite gourmand--to connect the tangled threads of past and present. When a woman's body is found at the foot of a cliff near St. Denis, Bruno suspects a connection to the great ruin that stands on the cliff above: the Château de Commarque, a long-ago Knights Templar stronghold which, along with the labyrinth of prehistoric caves beneath it, continues to draw the interest of scholars. With the help of Amélie, a young newcomer to the Dordogne, Bruno learns that the dead woman was an archaeologist searching for a religious artifact of incredible importance, the discovery of which could have dramatic repercussions throughout the Middle East--not to mention in St. Denis. And the woman's ties to Islamic terrorists can only heighten the pressure on Bruno to unravel the centuries-old mystery. Meanwhile, an old flame of Bruno's is assigned to work with him on the case, and the two find time, naturellement, to enjoy the supreme pleasures of the wine, food, and beauty of the Dordogne.

**Defending the Free Market** Open Road Media  
Giordano Bruno is one of the great figures of early modern Europe, and one of the least understood. Ingrid D. Rowland's pathbreaking life of Bruno establishes him once and for all as a peer of Erasmus, Shakespeare, and Galileo, a thinker whose vision of the world prefigures ours. By the time Bruno was burned at the stake as a heretic in 1600 on Rome's Campo dei Fiori, he had taught in Naples, Rome, Venice, Geneva, France, England, Germany, and the "magic Prague" of Emperor Rudolph II. His powers of memory and his provocative ideas about the infinity of the universe had attracted the attention of the pope, Queen Elizabeth--and the Inquisition, which condemned him to death in Rome as part of a yearlong jubilee. Writing with great verve and sympathy for her protagonist, Rowland traces Bruno's wanderings through a sixteenth-century Europe where every certainty of religion and philosophy had been called into question and shows him valiantly defending his ideas (and his right to maintain them) to the very end. An incisive, independent thinker just when natural philosophy was transformed into modern science, he was also a writer of sublime talent. His eloquence and his courage inspired thinkers across Europe, finding expression in the work of Shakespeare and Galileo. Giordano Bruno allows us to encounter a legendary European figure as if for the first time.

Father Groeschel, the highly respected author, psychologist, spiritual director and leader of renewal in the religious life, has written a brief but comprehensive

practical guide for all those interested in private revelations, the reports of visions and other extraordinary religious phenomena that are so widespread in these times. Because of the intense interest in extraordinary religious experience that ranges from Medjugorje to the New Age, Groeschel's book is an urgently needed resource that gives practical norms to everyone on how to evaluate these claims. Drawing on spiritual classics and Church documents not readily available, he summarizes the Church's perennial wisdom on this topic. He also offers an alternative to unusual and extraordinary ways of knowing the things of God, which is a normal everyday opportunity open to all called "religious experience"--the action of grace operating in the context of a human life that can become a powerful source of virtue and holiness. Father Groeschel skillfully directs the reader to the humbler and safer path which discerns God's presence in prayer, Scripture, the sacraments and love of neighbor. The great example of this path to holiness is St. Thérèse of Lisieux who, though having very few extraordinary experiences, was filled with a profound awareness of God's presence and said, "To ecstasy, I prefer the monotony of sacrifice."
