Four CIA Spies at the
Dawn of the Cold War--a
Tragedy in Three Acts

Hachette UK

What should have been a fun-filled, carefree day takes a tragic turn for the worse for one mother when her best friend's child goes missing in this "seriously page-turning" (Lisa Jewell, New York Times bestselling author), suspenseful, and darkly twisted psychological thriller. Charlotte was supposed to be looking after the children, and she swears she was. But while her three kids are all safe and sound at the school

fair, Alice, her best friend Harriet's daughter, is nowhere to be found. Frantically searching everywhere, Charlotte knows she must find the courage to tell Harriet that her beloved only child is missing—and admit that she's solely to blame. Harriet, devastated by this unbearable loss, can no longer bring herself to speak to Charlotte again, much less trust her. Now, more isolated than ever and struggling to keep her marriage afloat, Harriet

believes nothing and no one. But as the police bear down on both women, trying to piece together the puzzle of what happened to this little girl, dark secrets begin to surface—and Harriet discovers that trusting Charlotte again may be the only thing that will reunite her with her daughter.... This breathless and fast-paced novel—perfect for fans of Big Little Lies and The Couple Next Door—takes you on a chilling journey that will keep you

guessing until the very last page.

(Hardcover)

Pinocchio, The Tale of a
Puppet follows the
adventures of a talking
wooden puppet whose nose
grew longer whenever he
told a lie and who wanted
more than anything else to
become a real boy. As
carpenter Master Antonio
begins to carve a block of
pinewood into a leg for his

table the log shouts out,
"Don't strike me too hard!"

Frightened by the talking log,
Master Cherry does not
know what to do until his
neighbor Geppetto drops by
looking for a piece of wood
to build a marionette.

Antonio gives the block to
Geppetto. And thus begins
the life of Pinocchio, the
puppet that turns into a
boy. Pinocchio, The Tale of a
Puppet is a novel for
children by Carlo Collodi is
about the mischievous
adventures of Pinocchio, an
animated marionette, and
his poor father and

woodcarver Geppetto. It is
considered a classic of
children's literature and has
spawned many derivative
works of art. But this is not
the story we've seen in film
but the original version full of
harrowing adventures faced
by Pinnocchio. It includes 40
illustrations.

My Town Penguin UK
David Gentleman has lived in London for almost seventy years, most of it on the same street. This book is a record of a lifetime spent observing, drawing and

getting to know the city, bringing together work from across his whole career, from his earliest sketches to watercolours painted just a few months ago. Here is London as it was, and as it is today: the Thames, Hampstead Heath; the streets, canals, markets and people of his home of Camden Town; and at the heart of it all, his studio and the tools of his work. Accompanied by reflections on the process of drawing and personal thoughts on the ever-changing city, this is a celebration of London, and the joy of noticing, looking and capturing the world. 'David has spent a lifetime depicting with wit and affection a London he has made his own' Alan Bennett 'He delivers

a poetry of exultant concentration ... The surface fusion of the sensuous and the sharply modern is echoed by Gentleman's imagery' Guardian 'The artist and illustrator has been responsible for some of the most-seen public artworks in this country' The Times 'Perhaps the last of the great polymath designer-painters' Camden New Journal

The Penguin Book of Dutch Short Stories Penguin UK

For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation

of a species splitting into two, evolution.

to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of

The Mother Shadow Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book.
