The Mission Jason Myers

This book was the first i had read from Jason Myers, then I realized all of his books are the same.. drugs, sex, lies, scandal. It was entertaining, although some parts were so forced that it was obnoxious to read. Also, I feel like this book in particular tends to get lost in the details.

YA Book Geek: The Mission by Jason Myers

There is more than one author with this name Jason Myers was born in 1980 and raised on a farm ten miles outside of the small town of Dysart, Iowa.

After he graduated high school, he moved to San Francisco where he studied film at the Academy of Art University. It was there, after taking a Screenwriting 3 class that he met and studied under the inspiring instructor and author James Dalessandro.

Jason Myers (Author of Exit

Here.) - Goodreads

Myers' prose was a little minimalist for my usual taste, but I thought it actually served the story well. It was a harsh, gritty book not fit for the squeamish that offered a stark look at the world of an addict and the consequences of being a part of that world.

The Mission by Jason Myers I thought was a good contemporary novel. The Mission is about Kaden Norris, a 15 year old farm boy who lives a sheltered life. When his brother dies in Iraq, Kaden's mother

decides to send him with his cousin James, an author, in San Francisco. There, Kaden is introduced to the adult life.
