In this perfectly compact read, #1 New York Times bestselling author John C. Maxwell explains how true leadership works. It is not generated by your title. In fact, being named to a position is the lowest of the five levels every effective leader achieves. To be more than a boss people are required to follow, you must master the ability to inspire and invest in people. You need to build a team that produces not only results, but also future leaders. By combining the advice contained in these pages with skill and dedication, you can reach the

pinnacle of leadership-where your influence extends beyond your immediate reach for the benefit of others. Derived from material previously published in the Wall Street Journal bestseller *The 5 Levels of Leadership*.

The bestselling author of Undoing Depression offers a brain-based guide to permanently ending bad habits Richard O' Connor's bestselling book Undoing Depression has become a touchstone in the field, helping thousands of therapists and patients overcome depressive patterns. In Rewire, O' Connor expands those ideas, showing how we actually have two brains—a conscious deliberate self and an automatic self that makes most of our decisions—and how we can train the latter to ignore distractions, withstand temptations, and interrupt reflexive, self-sabotaging responses. Rewire gives readers a road – map to overcoming the most common self-destructive habits, including procrastination, excessive worrying, internet addiction, overeating, risk-taking, and self-medication, among others. By learning valuable skills

and habits—including mindfulness, self-control, confronting fear, and freeing yourself from mindless guilt—we can open ourselves to vastly more successful, productive, and happy lives.

As a serial entrepreneur, Kevin Kruse has seen time and again that the leadership practices that actually work are the opposite of what is commonly taught and implemented. Close Your Open Door Policy shows how a contrarian approach can be a better, faster, and easier way to succeed as a leader. Chapter by chapter, Kruse focuses on a piece of popular wisdom, then shows with real-world case studies and quantitative research that the opposite approach will lead to better results, encouraging leaders to play favorites, stay out of meetings, and, of course, close their open doors.

The People You Meet and the Books You Read Hay House, Inc **THESE HABITS WILL MAKE YOU EXTRAORDINARY.** Twenty years ago, author Brendon Burchard became obsessed with answering three questions: 1. Why do some individuals and teams succeed more quickly than others and sustain that success over the long term? 2. Of those who pull it off, why are some miserable and others consistently happy on their journey? 3. What motivates people to reach for higher levels of success in the first place, and what practices help them improve the most After extensive original research and a decade as the world's leading high performance coach, Burchard found the answers. It turns out that just six deliberate habits give you the edge. Anyone can practice these habits and, when they do, extraordinary things happen in their lives, relationships, and careers. Which habits can help you achieve long-term success and vibrant well-being no matter your age, career,

strengths, or personality? To become a high performer, you must seek clarity, generate energy, raise necessity, increase productivity, develop influence, and demonstrate courage. The art and science of how to do all this is what this book is about. Whether you want to get more done, lead others better, develop skill faster, or dramatically increase your sense of joy and confidence, the habits in this book will help you achieve it faster. Each of the six habits is illustrated by powerful vignettes, cutting-edge science, thought-provoking exercises, and real world daily practices you can implement right now. If you've ever wanted a science-backed, heart-centered plan to living a better quality of life, it's in your hands. Best of all, you can measure your progress. A link to a free professional assessment is included in the book.

How Successful People Lead Center Street

Why do some people age in failing health and sadness, while others grow old with vitality and joy? In this revolutionary book, bestselling author John Robbins presents us with a bold new paradigm of aging, showing us how we can increase not only our lifespan but also our health span. Through the example of four very different cultures that have the distinction of producing some of the world's healthiest, oldest people, Robbins reveals the secrets for living an extended and fulfilling life in which our later years become a period of wisdom, vitality, and happiness. From Abkhazia in the Caucasus south of Russia, where age is beauty, and Vilcabamba in the Andes of South America, where laughter is the greatest medicine, to Hunza in Central Asia, where dance is ageless, and finally the southern Japanese islands of Okinawa, the modern Shangri-la, where people regularly live beyond a century, Robbins examines how the unique lifestyles of these peoples can influence and improve our own. Bringing the traditions of these ancient and vibrantly healthy cultures together with the latest breakthroughs in medical science, Robbins reveals that, remarkably, they both point in the same direction. The result is an inspirational synthesis of years of research into healthy aging in which Robbins has isolated the characteristics that will enable us to live long and – most important – joyous lives. With an emphasis on simple, wholesome, but satisfying fare, and the addition of a manageable daily exercise routine, many people can experience great improvement in the

---

quality of their lives now and for many years to come. But perhaps more surprising is Robbins' discovery that it is not diet and exercise alone that helps people to live well past one hundred. The quality of personal relationships is enormously important. With startling medical evidence about the effects of our interactions with others, Robbins asserts that loneliness has more impact on lifespan than such known vices as smoking. There is clearly a strong beneficial power to love and connection.

The Millionaire Messenger Morgan James Publishing

#1 New York Times bestselling author John C. Maxwell can teach you how to turn any situation into a winning experience. No one wins at everything they try. But any setback, whether professional or personal, can become a step forward with the right tools and mindset to turn loss into a gain. Drawing on nearly 50 years of leadership experience, Maxwell provides a roadmap for winning by examining the eleven elements that constitute the "DNA" of people who succeed in the face of problems, failure, and losses. Learning is not easy during down times. It takes discipline to do the right thing when something goes wrong. As John Maxwell often points out, experience itself isn't the best teacher; evaluating, understanding, and growing from your experience is. By examining how that process works, you can learn how to take risks and tackle challenges with a successful person's outlook. The Mindful Manifesto Hay House, Inc

Stress is endemic in our culture. We live in a speedy, pressurized world, and there's often little time to really experience and enjoy our lives. Rather than constantly trying to keep up, perhaps it's time for us to stop and pay attention, to our bodies, minds, and the world. For thousands of years Eastern traditions have taught meditation to help people lead healthier, happier lives. Now, scientific research is confirming that mindfulness can help us all improve our mental and physical well-being. Written by Dr. Jonty Heaveresdge and Ed Halliwell, The Mindful Manifesto integrates the latest scientific and medical research on mindfulness with meditation's historical context. We will see how mindfulness can:

- treat mental health problems such as depression and anxiety
- help us

---

cope with the busyness of everyday life • improve our physical health and manage chronic illness • help us let go of unwanted behaviors and improve how we function in our relationships and jobs. And why stop there? With examples of how the mindfulness movement is already well underway, we see that encouraging governments and other powerful institutions to take a mindful approach could make a massive difference to the health and happiness of the whole world.

Get It Done Simon and Schuster

This book is for creative entrepreneurs who have a mission and a message to deliver to the world. I call them Awakened Creators - people who have chosen to awaken their genius and powerfully deliver their gifts and message to the world. Bringing our ideas to life isn't easy and more often than not, we find ourselves stalling, procrastinating and holding back. The list of reasons and excuses is endless and deeper down, there is a nagging feeling that something's wrong and we could be further along in our work than we are now, if only we just did what we needed to do. Maybe we're working all the time and are burned out, but we're not getting the results we want and find ourselves putting off the important things we know we need to do. This book is for you if:- You aren't showing up fully- You're under-achieving and under delivering- You're tired of your own excuses- You want more freedom, more income and more impact- You want to deliver to the world the things that are inside of you - and stop holding back- You're ready for a change and willing to do what it takes- And most importantly, You're up for the challenge! The Big Promise... I believe you could be at least 2-16 times more successful than you currently are. All that is needed to make this upgrade is for you to show up fully in your power, stay focused on your most impactful project, and stop wasting time in the small stuff that's getting you nowhere. I believe you are extremely powerful. I believe you have a message to share and many lives to change. Once you get those annoying voices, ineffective working habits, and reasons for playing small out of your head and your life, you'll be free to create fearlessly and make amazing things happen - Fast.

Experts Academy Press is proud to present the first and only leadership book on the market that is (1) intended for students, (2) written from both theoretical and popular viewpoints, and (3) structured with a real-world, service-oriented framework that students can instantly use to make a difference in their classrooms, communities, and early careers. Leadership is conceptualized from the principles that it is a collective and participative process, different from management, and firmly rooted in service. The book's framework--Envision, Enlist, Embody, Empower, Evaluate, and Encourage--reflects six key leadership practices students must learn in order to lead with competence and confidence. The Student Leadership Guide has been praised by educators and students alike for its theory-backed content and its practical, inspiring call to action and service.
