The dramatic story of a man who stood at the center of British intelligence operations, the ultimate spymaster of World War Two: Thomas Kendrick Thomas Kendrick (1881 – 1972) was central to the British Secret Service from its beginnings through to the Second World War. Under the guise of "British Passport Officer," he ran spy networks across Europe, facilitated the escape of Austrian Jews, and later went on to set up the "M Room," a listening operation which elicited information of the same significance and scope as Bletchley Park. Yet the work of Kendrick, and its full significance, remains largely unknown. Helen Fry draws on extensive original research to tell the story of this remarkable British intelligence officer. Kendrick 's life sheds light on the development of MI6 itself—he was one of the few men to serve Britain across three wars, two of which while working for the British Secret Service. Fry explores the private and public sides of Kendrick, revealing him to be the epitome of the "English gent"—easily able to charm those around him and scrupulously secretive.

As a result of his hard exterior and lonely tendencies, Tyler Steele finds himself a single father alone in the world - until a stranger and her daughter show up and change his life. Third generation Texas Ranger Tyler Steele is the last of a dying breed-- a modern day cowboy hero living in a world that doesn't quite understand his powerful sense of right and wrong and instinct to defend those who can't defend themselves. Despite his strong moral compass, Ty has trouble seeing his greatest weakness. His hard outer shell, the one essential to his work, made him incapable of forging the emotional connection his wife Andie so desperately needed. Now retired, raising their son Brodie on his own, and at risk of losing his ranch, Ty does not know how to rebuild from the rubble of his life. The answer comes in the form of Samantha and her daughter Hope, on the run from a seemingly inescapable situation. They are in danger, desperate, and alone. Though they are strangers, Ty knows he can help-- protecting the innocent is what he does best. As his relationship with Sam and Hope unfolds, Ty realizes he must confront his true weaknesses if he wants to become the man he needs to be.

'The overall purpose of human communication is - or should be - reconciliation. It should ultimately serve to lower or remove the walls of misunderstanding which unduly separate us human beings, one from another...' Although we have developed the technology to make communication more efficient and to bring people closer together, we have failed to use it to build a true global community. Dr M. Scott Peck believes that if we are to prevent civilization destroying itself, we must urgently rebuild on all levels, local, national and international and that is the first step to spiritual survival. In this radical and challenging book, he describes how the communities work, how group action can be developed on the principles of tolerance and love, and how we can start to transform world society into a true community.

In 1997, Charles Frazier 's debut novel Cold Mountain made publishing history when it sailed to the top of The New York Times best-seller list for sixty-one weeks, won numerous literary awards, including the National Book Award, and went on to sell over three million copies. Now, the beloved American epic returns, reissued by Grove Press to coincide with the publication of Frazier 's eagerly-

anticipated second novel, Thirteen Moons. Sorely wounded and fatally disillusioned in the fighting at Petersburg, a Confederate soldier named Inman decides to walk back to his home in the Blue Ridge mountains to Ada, the woman he loves. His trek across the disintegrating South brings him into intimate and sometimes lethal converse with slaves and marauders, bounty hunters and witches, both helpful and malign. At the same time, the intrepid Ada is trying to revive her father 's derelict farm and learning to survive in a world where the old certainties have been swept away. As it interweaves their stories, Cold Mountain asserts itself as an authentic odyssey, hugely powerful, majestically lovely, and keenly moving.

Four lost hikers are about to discover they 're capable of something extraordinary. Nola has gone up the mountain to commemorate her wedding anniversary, the first since her beloved husband passed. Blonde, stick-thin Bridget is training for a triathlon. Vonn is working out her teenage rebellion at eight thousand feet, driven by family obligation and the urge to escape her mistakes. Still reeling from the tragic accident that robbed him of his best friend, Wolf Truly is the only experienced hiker among them, but he has come to the cliffs on his eighteenth birthday without food or supplies because he plans to take his own life. When a series of missteps strands this unusual group together in the wilderness, they soon realize that their only defense against the brutality of nature is one another. As one day without rescue spirals dramatically into the next, and misadventure turns to nightmare, these four broken souls begin to form an inextricable bond, pushing themselves and one another further than they ever could have dreamed possible. The three who make it home alive will be forever changed by their harrowing days on the mountain. From the New York Times bestselling author of The Girls, The Mountain Story is a fast-paced, suspenseful adventure and a gorgeous tribute to the resilience of the human spirit. Braving a landscape both unforgivingly harsh and breathtakingly beautiful, Nola, Bridget, Vonn, and Wolf find themselves faced with an impossible question: How much will they sacrifice for a stranger?

This magnificent novel by one of America 's finest writers is the epic of one man 's remarkable journey, set in nineteenth-century America against the background of a vanishing people and a rich way of life. At the age of twelve, under the Wind moon, Will is given a horse, a key, and a map, and sent alone into the Indian Nation to run a trading post as a bound boy. It is during this time that he grows into a man, learning, as he does, of the raw power it takes to create a life, to find a home. In a card game with a white Indian named Featherstone, Will wins – for a brief moment – a mysterious girl named Claire, and his passion and desire for her spans this novel. As Will 's destiny intertwines with the fate of the Cherokee Indians – including a Cherokee Chief named Bear – he learns how to fight and survive in the face of both nature and men, and eventually, under the Corn Tassel Moon, Will begins the fight against Washington City to preserve the Cherokee 's homeland and culture. And he will come to know the truth behind his belief that "only desire trumps time." Brilliantly imagined, written with great power and beauty by a master of American fiction, Thirteen Moons is a stunning novel about a man 's passion for a woman, and how loss, longing and love can shape a man 's destiny over the many moons of a life.

When someone wants to be lost, a home tucked among the Ten Thousand Islands off the Florida coast is a good place to live. A couple decent boats and a deep knowledge of fishing and a man can get by without ever having to talk to another soul. It's a nice enough existence, until the one person who ties him to the world of the living, the reason he's still among them even if only on the fringes, asks him for help. Father Steady Capri knows quite a bit about helping others. But he is afraid Katie Quinn's problems may be beyond his abilities. Katie is a world-famous actress with an all too familiar story. Fame seems to have driven her to self-destruct. Steady knows the true cause of her desire to end her life is buried too deeply for him to reach. But there is one person who still may be able to save her from herself. He will show her an alternate escape, a way to write a new life. But Katie still must confront her past before she can find peace. Ultimately, he will need to leave his secluded home and sacrifice the serenity he's found to help her. From the Florida coast they will travel to the French countryside where they will discover the unwritten story of both their pasts and their future.

They have one summer to find what was lost long ago. "Never settle for less than the truth," she told him. But when you don't even know your real name, the truth gets a little complicated. It can nestle so close to home it's hard to see. It can even flourish inside a lie. And as Chase Walker discovered, learning the truth about who you are can be as elusive—and as magical—as chasing fireflies on a summer night. A haunting story about fishing, baseball, home cooking, and other matters of life and death.

Taylor G. Petrey's trenchant history takes a landmark step forward in documenting and theorizing about Latter-day Saints (LDS) teachings on gender, sexual difference, and marriage. Drawing on deep archival research, Petrey situates LDS doctrines in gender theory and American religious history since World War II. His challenging conclusion is that Mormonism is conflicted between ontologies of gender essentialism and gender fluidity, illustrating a broader tension in the history of sexuality in modernity itself. As Petrey details, LDS leaders have embraced the idea of fixed identities representing a natural and divine order, but their teachings also acknowledge that sexual difference is persistently contingent and unstable. While queer theorists have built an ethics and politics based on celebrating such sexual fluidity, LDS leaders view it as a source of anxiety and a tool for the shaping of a heterosexual social order. Through public preaching and teaching, the deployment of psychological approaches to "cure" homosexuality, and political activism against equal rights for women and same-sex marriage, Mormon leaders hoped to manage sexuality and faith for those who have strayed from heteronormativity.
