[Illuminate more than 30 magical beasts!](#) McFarland

Maine folklore is rich in tales of humans confronted by strange beasts, both wonderful and terrifying. The Abenaki, or "First People" had their tales of Glooskap and Pamola. Other tales came with European settlers; and others sprang up almost out of nothing around the fires of the logging camps. Based on meticulous research into these tales, this volume is an encyclopedia, a field guide to the creatures that can be found in Maine and beyond. While the tales are whimsical and fun, they can also be considered as serious scholarship. The entries have been peer reviewed by notable experts in the fields of folklore, anthropology, Native studies, and cryptozoology.

[The Resurrectionist](#) Simon and Schuster

A whimsical and imaginative catalog of fantastical beasts and creatures of myth and legend from around the world-complete with a code that needs cracking to uncover the mystery of the monster atlas! One day a collection of very old maps is found in a dusty library. They show where in the world monsters and creatures from mythology and folklore can be found. According to the notes left with the maps, they were made by Cornelius Walters, an intrepid explorer from the 15th century. But did Walters really make these elaborate maps, or is it all a hoax? The librarian who discovered them is not certain . . . and what are the strange messages in a cryptic code that Walters records in his ship's log? The codes throughout, once cracked, may indeed lead to something sinister that will happen should the atlas ever be published! This is a gorgeously illustrated and comprehensive catalog of monsters, beasts, and mythical creatures from around the globe, with an easy-to-read format and

incredible detail on each spread.

[...and Legendary Creatures](#) Bounty Books  
Take a journey with the artist and writer Petar Meseldzija, who tells how he was allowed unparalleled access through the Invisible Curtain and into the land of giants. A year in the making, this book's sixteen paintings and nearly ninety drawings bring to life Petar's experiences on this journey and secrets uncovered, going back to ancient times. He shares stories of new discoveries that free giants from the murky abyss of myth and a forgotten past. Told in three stages, *The Book of Giants* includes the illustrated stories *The Giants Are Coming*, recounting a dynamic clash that lasted one hundred years; *The Little Kingdom*, where a giant befriends a nation of humans and becomes their adamant protector against ferocious invaders; *The Northern Giants*, who embrace the warrior spirit through countless battles; *Giant Velles*, the story of ignorance and how the strength of goodness perseveres; and *The Great Forest*, wherein the author discovers little creatures called the keppetzs and relates his experiences spent with ogres while on his quest to meet the Golden One and to determine the purpose of his journey. Through the strength of his own power, he

discovers his blessings, his limitations and finally his personal myth. Furthermore, you will discover why giants made a push into the underground, followed by their exodus and deliverance to a new land. You'll also learn why the myth of giants is still alive, why their time spent with humans remains elusive and why giants prefer to remain hidden in their world. Join Petar Meseldzija on his journey of discovery.

[An Encyclopedia of Folklore, Legend, and Myth](#) HarperCollins UK

Presents entries on creatures and legends from around the world, featuring mythic entities including dragons, serpents, golems, banshees, nature spirits, and sacred beings.

[Mysterious and Mythical Creatures of Scripture, Talmud and Midrash](#) Running Press Adult

For decades, Henry Morris has been known as a defender of the Christian faith. It's an auspicious title for such a humble man, yet no one can deny that the grasp Morris has on science and faith issues is staggering. In this updated classic, Morris walks the reader through history "real history" by showing the absurdity of evolution. From a wide variety of sciences, including astronomy, biology, chemistry, physics, and geology, Morris presents clear evidence that the Bible gives us an astonishingly accurate record of the past, present, and future.

[Classical Mythology A to Z](#) 3dtotal Publishing

Fairies of the water, air, and earth, the trees and flowers, the house and hearth: all these mysterious, elusive creatures materialize on the pages of this distinctively beautiful guide to fairyland. Illustrated throughout with

captivating artwork in glorious color, it examines fairy legend and lore through the ages and leads us into fairy cities, landscapes, rings, and paths. Find out what clothes they wear (fairies can be fussy about their dress), what they like to eat and drink, and what plants and animals they cherish. Discover the secrets of fairy festivals, and the various names they like to be called--including the Little Folk and Good Neighbors. Altogether, it's a privileged glimpse into a paradise that vibrates at a different frequency than ours...and that few can ever see.

The Definitive Guide to the World of Fairies Penguin

Herein lies a magical world of strange creatures and godlike heroes, where the Cockatrice's glare can turn a person to stone and the fearsome might of Heracles can be the undoing of any horrific beast.

*And the Impossibly Real Animals Who Inspired Them*

Laurence King

Presents short entries on creatures and legends from European, Celtic, and Norse mythology, as well as from African, Asian, Middle Eastern, and Australian traditions.

*Mermaids* Christian Focus

From myth to manga, an artistic visual history of the human mind through an imaginative collection of fantastical monsters from around the world • Includes more than 300 color illustrations •

Reveals monsters to be essential companions to the gods and the necessary complement to the perfect human archetype of the hero. Every culture on earth has its own monsters. Their stories, their curious habits and diets, and the ways in which they can be warded off create a picture of imaginations running riot. But what does our creation of monsters say about humankind? Why do we find one-eyed giants both in Japan and ancient Greece, or the same dragons in Europe and China? Hindu legends abound with creatures that are half man, half beast. Pliny described the monstrous races that lurked on the edges of Roman civilization. Even modern imagination is populated by monstrous beings such as the Loch Ness Monster and Bigfoot. This universal fascination with monsters is as old as humanity and continues to grow with each generation. Why?

Because monsters respond to a sense of the supernatural that lies deep within us. The battle between order and chaos, good and evil, is made visible through gods and monsters. Introducing a bestiary of bizarre creatures from the furthest reaches of artists' imaginations, this book offers a unique visual history of the human mind through a collection of fantastical monsters drawn from all over the world--from the earliest prehistoric depictions to the classical world, the Middle Ages, and the Renaissance, up to the first glimmer of modern science and Romantic horror. From myth to manga, from dreams to nightmares, Christopher Dell's mythic-religious study of monsters shows them to be essential companions to the gods as well as the necessary complement to the perfect human archetype of the hero.

**Book of Beasts** Sterling Publishing Company

An encyclopedic A-to-Z guide, this beautifully illustrated volume offers hundreds of rich, fascinating definitions of 700 major and minor characters, creatures, and places of classical mythology. *Classical Mythology A-to-Z* is a comprehensive and engrossing guide to Greek and Roman mythology. Written by Annette Giesecke, PhD, Professor of Classics and Chair of Ancient Greek and Roman Studies at the University of Delaware, this brilliant reference offers clear explanations of every character and locale, and captures the essence of these timeless tales. From the gods and goddesses of Mount Olympus and the heroes of the Trojan War to the nymphs, monsters, and other mythical creatures that populate these ancient stories, Giesecke recounts, with clarity and energy, the details of more than 700 characters and places. Each definition includes cross-references to related characters, locations, and myths, as well their equivalent in Roman mythology and cult. In addition to being an important standalone work, *Classical Mythology A-to-Z* is also written, designed, and illustrated to serve as an essential

companion to the bestselling illustrated 75th-anniversary edition of *Mythology* by Edith Hamilton, including 10 full-color plates and 2-color illustrations throughout by artist Jim Tierney.
