A New English Translation of the Septuagint Zondervan
The Hebrew-English Interlinear ESV Old Testament is an essential volume for all who study the Old Testament in the original Hebrew. On each page the Biblia Hebraica Stuttgartensia (BHS) Hebrew text is laid out word-by-word above an English gloss showing the basic meaning and morphology of each word. For reference, the ESV text is presented separately in a column alongside the Hebrew and

English gloss. The Hebrew-English Interlinear ESV Old Testament also features important notes from the BHS critical apparatus related to the textual tradition of the ESV. This is an important resource for pastors, scholars, students, and others who regularly work with the Hebrew Old Testament. Features: Size: 7.625" x 9.25" 8-point Minion Pro type 2,032 pages Critical apparatus Smyth-sewn binding

Interlinear for the Rest of Us Zondervan Academic
The ESV Greek-English Interlinear New Testament features the Greek text laid out word-by-word above an English gloss, making it a helpful resource for all who study the Bible in the original Greek.

Literal Translation of the Holy Bible-OE Amg Pubs

The Interlinear NASB - NIV Parallel New Testament does three things for you. It sets the New American Standard Bible with its 'literal correspondence' approach side by side with the New International

Version and its 'dynamic equivalency' approach, allowing you to easily compare the two translations. It directly relates Greek words in the Nestle's Greek text to their corresponding translations in the NASB and NIV texts. And it allows easier reading of the Greek New Testament. These advantages offer you a better understanding of the Bible. This proven study tool uses Alfred Marshall's interlinear English text -- the standard, widely used literal translation of the Nestle's Greek text, 21st edition. A generation of students, pastors, and scholars has relied on Marshall's renowned contribution to biblical study. The Interlinear NASB - NIV Parallel New Testament brings it to you in a parallel format that will bring new depth, perspective, and insight to your Bible studies.

Large Print New Testament Harper Collins

This book makes the Greek New Testament and word studies based on it easily accessible to everyone, all in one volume.

The Zondervan Greek and English Interlinear New Testament (NASB/NIV) Authors for Christ, Incorporated

This is The New Testament in the language of Jesus and his countrymen of 1st century Israel, with a word for word translation into English next to each Aramaic word. Aramaic was used in Mel Gibson's film "The Passion of the Christ" to make the film as realistic as possible. This New Testament will surprise and thrill the reader with its power and inspiration coming from the words of "Yeshua" ("Jesus" in ancient Aramaic) as He originally spoke them and a very literal English rendering. Much evidence is presented demonstrating very powerfully that The Peshitta Aramaic NT is the original behind The Greek NT. There are many graphics and even

photos from Dead Sea Scrolls to illustrate an Aramaic verse and how a reading was interpreted by a Greek translating the text. 625 pages. B&W Hardback 6x9". Pastor Dave is a former high school science teacher with a proficiency in Hebrew, Greek and Aramaic and has been preaching & teaching The Bible since 1976 in several churches in the USA. His web site is aramaicnt.com

Interlinear Hebrew Greek English Bible, New Testament, Volume 4 of 4 Volumes, Larger Print, Hardcover Hendrickson Academic

Providing students of biblical languages with a grammatically literal, word-for-word translation of the Hebrew Old Testament, the 'NIV Interlinear Hebrew-English Old Testament' is a comprehensive four-volume reference work. The English text is the New International Version, complete with special indentation and paragraphing, section headings, and footnotes. The entire preface to this version is included. With the Hebrew text being the 'Biblia Hebraica Stuttgartensia', commonly known as the Stuttgart Bible, the latest critical text is used. All the necessary variant readings (Kethib-Qere) and major textual conjectures are included in the footnotes. The interlinear translation is based on the vocabulary of the New International Version so that the Bible student may use the 'Interlinear' to identify

the Hebrew word or phrase underlying any portion of the English text and thus gather helpful information for word studies or linguistically based commentaries. For formal students of Hebrew, whether they are beginning or reviving their studies, the 'Interlinear' provides a word-for-word translation, which is extremely beneficial if a student wants to read large portions of the Hebrew Old Testament without constant reference to lexicons and grammars. Even more important, the 'Interlinear' provides a grammatically literal translation, a feature not found in any previous interlinear translations of the Hebrew text. In this respect, it greatly aids in the first step of exegesis - the identification of nominal and verbal inflections. Other features include a unique format that allows the student to read in the proper English direction of left to right for an English phrase that translates an individual Hebrew word. This overcomes the constant difficulty of reading backwards, a problem in most previous Hebrew interlinears. A further complication found in most interlinears is determining where the translation for one word ends and the next begins. To eliminate this confusion, all English words used to translate any one Hebrew word are connected with hyphens. Volume 1, covering Genesis-Deuteronomy, includes full explanations of the format, translation theories and techniques, and textual criticism employed throughout the Old Testament volumes. There is also a special introduction for the general reader on how to use an interlinear for word studies and learning Hebrew. Volume 2 includes Joshua-2 Kings; Volume 3, 1 Chronicles-Song of Songs; and Volume 4, Isaiah-Malachi. The 'NIV Interlinear Hebrew-English Old Testament' is the ideal work for beginning and intermediate students of Hebrew as well as for those ministers and teachers who wish to revitalize their language training..

The Interlinear NASB-NIV Parallel New Testament in Greek and English David Bauscher

Larger Print Edition! The number one complaint about the Interlinear Hebrew Greek English Bibles by Jay P. Green, Sr. has been the size of the print. This new printing is in a larger print size, much more readable for long hours of study without the eye strain. This has all of the content of the 4 Volume Interlinear Bible Set that has been published since 1985 plus the 2000 New Testament which adds an additional side column with the KJV.. The only complete interlinear Bible available in English-and it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students,

and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface, and are essentially the same (with some minor variations) to the Hebrew and Greek texts used by the KJV translators. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed

directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition but in larger print. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word - along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version - opens a treasure house of Bible study possibilities for those who wish to understand the

Scripture better. Its use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew & Greek words in the Hebrew & Greek lexicons. There is no substitute for a first hand knowledge of the original text. However since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors who wish to continue working with the original languages. Jay P. Green, Sr. (1918-) is Translator and Editor of The Interlinear Hebrew-Greek-English Bible and the translator of the Modern King James Version of the Holy Bible, The Teenage Version of the Holy Bible, and the Literal translation of the Holy Bible. He has written numerous books on textual criticism.

The Aramaic-English Interlinear New Testament Lulu.com

For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need

for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry (Vine's separates them) Employs both Strong's and G/K numbering systems (Vine's only uses Strong's) Mounce's accuracy is endorsed by leading scholars

Holy Bible Nelson Reference & Electronic Pub With side-by-side comparison of Hebrew and English, this Old Testament study also contains textual notes. (Christian)

The Analytical Lexicon to the Greek New Testament

Zondervan Publishing Company

Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek. It makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament scholar, that demonstrates how the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And complimentary teacher helps are located on the author's website (<http://www.homeschooling.org>).
