The collapse of communism was one of the most defining moments of the twentieth century. This Very Short Introduction examines the history behind the political, economic, and social structures of communism as an ideology.

An Enemy Hath Done this Verity Publishing

Our Founding Fathers ’ vision for America is under attack—and you can save it. America is a nation unique in the world, a government born under the radical idea of working for the people—not just for a powerful few. Our blueprint? The U.S. Constitution, a brilliant framework of common-sense rules necessary for self-governance. It works no matter which political party is in power. But for more than 150 years, the moral code upon which the Constitution was built has suffered neglect and decay. Millions of Americans have watched this unraveling and longed for a way to stop it. Now that way is here. Follow bestselling authors Paul B. Skousen and Cleon W. Skousen (The Naked Communist) as they guide you through the Constitution, the ways in which its core tenets are faltering, and the direct path necessary to restore them. Along the way, you ’ ll find review questions and memory tricks to familiarize yourself with the crucial pillars of the American republic, such as the Framers ’ 28 great ideas for true liberty, the role of personal responsibility, and the basics of “ People ’ s Law. ” How to Save the Constitution is for those who know the United States is in trouble and want to help before it ’ s too late. Saving our Constitution is the greatest gift this generation could possibly give to the next. Let ’ s get started! Praise for How to Save the Constitution "It serves as an important foundation piece: a starting point providing a simple overview of the reasons, principles, importance, and ideas of a sound democratic government." —D. Donovan, Senior Reviewer, Midwest Book Review "I feel this work would prove an excellent resource in current governmental and political debates in universities and classrooms, particularly for its strict attention to detail in the original historical intentions of the development of policy and law for the independent United States of America."—K.C. Finn, editor, Readers' Favorite **The Constitution and the Declaration of Independence** Matthew Lohmeier

The Naked Socialist is the real story of socialism. Complete, easy to read, no jargon, well documented, and gives a fascinating look at the raw decay of culture and economy now at work in America. It also provides a beautifully described explanation of the lasting principles of prosperity and constitutional freedoms that must be restored relatively quickly. The Naked Socialist strips away the fakery, the false hopes, the hollow dreams, and the meaningless promises that socialists have foisted on countless millions---not just for the present, but over thousands of years. With clear, brief, and step-by-step examples and anecdotes, the author explains what socialism is, where it came from, how it works, how to recognize it, and why it always destroys its host nation. You will learn that the Seven Pillars of Socialism are not at all new, but a phenomenon that first appeared more than 6,000 years ago---and why socialism managed to mushroom in nations and cultures right up into today’s current events. The Naked Socialist is divided into five parts: 1) Gaining an understanding of what socialism is, 2) How it has appeared in human history, 3) The miracle that stopped socialism, 4) The corruption of that miracle, and, 5) The steps to return that miracle to America and the rest of the world today. Included throughout the book are several questions to teach, test and emphasize important points so that students of freedom may see where this nation needs to move to regain its lost liberties. The Naked Socialist fulfills an urgent need to answer such questions as, • How much of the U.S. Constitution has been replaced with socialism? • What

is socialism, and why does it eventually ruin everything it touches? • How did the Founding Fathers specifically make socialism illegal? • How did socialism destroy Rome, the ancient Inca, Jamestown, and Plymouth? Are these same patterns of demise at work today? • Which U.S. presidents socialized America, and what steps did they take to do it? Are these reversible? • How is socialism hurting other nations around the globe? • What are the best examples of socialism in action today? • What are the Seven Pillars of Socialism? • How can people learn to recognize socialism in their midst, or, learn if they're thinking like a socialist? • What are the 46 goals of socialism? • What will it take to eradicate socialism once and for all? The study of freedom breathes hope and encouragement into all things---it sheds light into the dark corners of deception and conspiracy, showing that truth is the only authentic “transparency.” Once socialism is stripped naked, those badly needed answers to restore freedom will materialize for everyone’s benefit. Find those answers, plus hope and courage, in the pages of The Naked Socialist. Reviews "The Naked Socialist is going to be explosive! When people know what Paul Skousen is talking about, and really get to the heart of socialism, The Naked Socialist is going to go VIRAL." --George Jarkesy, Host of the nationally syndicated "The George Jarkesy Radio Show" "The Naked Socialist is an amazing book that provides clarity to what is going on in the socialist world and why Americans do not seem to get socialism!" -Howard Stephenson, Utah State Senator, President of the Utah Taxpayers Association and Host of Red Meat Radio "The Naked Socialist is one of those books that is both an interesting read, as well as a useful reference book. Paul Skousen's research is insightful and thorough, spanning many civilizations and continents. He not only strips socialism of its clothing, he also provides us with great ideas for fighting this scourge. This is a MUST READ for anyone who wants to know how our country arrived where it is today." -Stefan Bartelski, Radio Host of the "Patriot Come Lately Show" "The Naked Socialist connects the ancient order of oppression with the modern order of oppression. The Naked Socialist is a fabulous book and we need to get everyone to read it NOW!" --Morgan Philpot, Host of "Philpot Radio" and former member of the Utah House of Representatives As a retired University Professor, I have spent many hours over the years doing research. "The Naked Socialist" will be a gold mine for anyone presently researching the Socialist inroads in America! It is the most complete and heavily documented work I have ever read, yet can be read straight though as an intriguing historical novel. --James C. Bowers, Sc.D., Author of "The Naked Truth: The Naked Communist Revisited" School of Darkness Izzard Ink Publishing The Naked Communist: Exposing Communism and Restoring Freedom exploded in popularity, selling almost two million copies to date and finding its way into the libraries of the CIA, the FBI, the White House, and homes all across the United States. The Naked Communist lays out the entire graphic story of communism, its past, present, and future. **Inventing Japan** Edward Elgar Publishing The explosive, behind-the-scenes story of Donald Trump’s high-stakes confrontation with Beijing, from an award-winning Washington Post columnist and peerless observer of the U.S.—China relationship There was no calm before the storm. Donald Trump's surprise electoral victory shattered the fragile understanding between Washington and Beijing, putting the most important relationship of the twenty-first century in the hands of a novice who had bitterly attacked China from the campaign trail. Almost as soon as he entered office, Trump brought to a boil the long-simmering rivalry between the two countries, while also striking up a “friendship” with Chinese president Xi Jinping — whose manipulations of his American counterpart would undermine the White House’s already disjointed response to the historic challenge of a rising China. All the while, Trump’s own officials fought to steer U.S. policy from within. By the time the COVID-19 pandemic erupted in Wuhan, Trump's love-hate relationship with Xi had sparked a trade war, while Xi's aggression had pushed the world to the brink of a new Cold War. But their quarrel had also forced a long-overdue reckoning within the United States over China’s audacious foreign-influence operations, horrific human rights abuses, and creeping digital despotism. Ironically, this awakening was one of the biggest foreign-policy victories of Trump's fractious term in office. ?Filled with shocking revelations drawn from Josh Rogin’s unparalleled access to top U.S. officials from the White House and deep within the country’s foreign policy machine, Chaos Under Heaven reveals an administration at war with itself during perhaps our most urgent hour. *The Miracle of America* Simon and Schuster

From the days of Father Abraham to the rise of King David were ten turbulent centuries filled with pathos and drama. These were the times of many notable personalities from the Old Testament. This is the epoch of the famous patriarchs Abraham, Isaac and Jacob. Their exemplary lives, as they stood true and faithful in the midst of adversity, are especially poignant today. They were followed by the exciting and tumultuous life of Joseph, who rose to become prime minister of Egypt, and saved that nation from starvation and ruin through his prophetic gifts. From the desert and thundering slopes of Mount Sinai then came the amazing life of Moses, who rose out of his own fear to become one of the greatest prophets and leaders ever known, who used the power of the priesthood to unleash an astonishing flood of miracles that exceeded any other epoch until the ministry of Jesus Christ. He was soon followed by the great Ephraimite general, Joshua, who in his old age lead the children of Israel forth in battle as they conquered the land of Palestine which had been promised to them by the Lord. However, Israel’s rise to greatness was short-circuited by several hundred years of iniquity as they turned from the Lord and wallowed in sin. Fortunately, the Lord did not forsake them as he sent messages of light and hope to many prophets and judges such as Gideon, Deborah, Ruth and Samuel, whose lives still inspire us today. Eventually the children of Israel began to see glimpses of a new golden epoch of righteousness and prosperity through the influence of the prophet Samuel and the rise of King Saul and King David. All of these great names belong to the thrilling third thousand years of human history. The Third Thousand Years, like its predecessor, The First 2,000 Years, makes the Old Testament come alive with new understanding. Obscure and misunderstood passages of scripture can now be understood through the additional light of modern revelation. The text is carefully documented so that every important point is correlated with appropriate passages in the scriptures. Helpful maps, charts and illustrations are also included to enhance our understanding of this fascinating and dynamic epoch of history. This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format. The Naked Communist Verity Publishing #1 New York Times bestseller for 13 consecutive weeks! "As long as humanity speaks of virtue and dreams of freedom, the life and writings of Whittaker Chambers will ennoble and inspire." - PRESIDENT RONALD REAGAN "One of the dozen or so indispensable books of the century..." - GEORGE F. WILL "Witness changed my worldview, my philosophical perceptions, and, without exaggeration, my life." - ROBERT D. NOVAK, from his Foreward "Chambers has written one of the really significant American autobiographies. When some future Plutarch writes his American Live, he will find in Chambers penetrating and terrible insights into America in the early twentieth century." - ARTHUR SCHLESINGER JR. "Chambers had a gift for language....to call Chambers an activist or Witness a political event is to say Dostoevsky was a criminologist or Crime and Punishment a morality tract." - WASHINGTON POST "Chambers was not just the witness against Alger Hiss, but was also one of th articulators of the modern conservative philosophy, a philosophy that has something to do with restoring the spiritual values of politics." - SAM TANENHAUS, author of Whittaker Chambers "One of the few indispensable autobiographies ever written by an American - and one of the best written, too." - HILTON KRAMER, The New Criterion First published in 1952, Witness is the true story of Soviet spies in America and the trial that captivated a nation. Part literary effort, part philosophical treatise, this intriguing autobiography recounts the famous Alger Hiss case and reveals much more. Chambers' worldview and his belief that "man without mysticism is a monster" went on to help make political conservatism a national force. Regnery History's Cold War Classics edition is the most comprehensive version of Witness ever published, featuring forewords collected from all previous editions, including discussions from luminaries William F. Buckley Jr., Robert D. Novak, Milton Hindus, and Alfred S. Regnery. **Witness** Izzard Ink Publishing A timely update to the phenomenal national bestseller. Soon after its quiet release during the height of the Red Scare in 1958, The Naked Communist exploded in popularity, selling almost two million copies to date and finding its way into the libraries of the CIA, the FBI, the White House, and homes all across the United States. From the tragic falls of China, Korea, Russia, and the UN, to the fascinating histories of Alger Hiss, Whittaker Chambers, Elizabeth Bentley, and General MacArthur, The Naked Communist lays out the entire graphic story of communism, its past, present, and future. After searching unsuccessfully for a concise literature on the communist threat, W. Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation. So he distilled his FBI

experience, decades of research, and more than one hundred communist books and treatises into one clarifying, readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan, Glenn Beck, and Ben Carson. Lauded by one reviewer as “the most powerful book on communism since J. Edgar Hoover’s Masters of Deceit,” this text draws a detailed picture of the communist as he sees himself: stripped of propaganda and pretense. Readers gain a unique insight into the inner workings of communism—its appeal, its history, its basic and unchanging concepts, even its secret timetable of conquest. Among the many questions The Naked Communist answers are: \* Who gave the United States’ nuclear secrets to the Russians? \* How did the FBI fight communism after it was forced underground in 1918? \* Why did the West lose 600 million allies after World War II? \* What really happened in Korea? \* What is communism’s great secret weapon? \* What lies ahead? \* What can I do to stop communism? \* How can we fight communism without a major war? Now updated for 2017, this edition includes a chapter on the forty-five Communist Goals, detailing how forty-four of those goals have been achieved in the U.S. already, as well as a chapter on the making of The Naked Communist, shedding light on how this book has sold almost two million copies. As relevant now as it was sixty years ago, Skousen’s groundbreaking work provides a renewed understanding of one of the greatest threats facing America today. Praise for W. Cleon Skousen: “No one is better qualified to discuss the threat to this nation from communism. You will be alarmed, you will be informed, and you’ll be glad you heard him.”—President Ronald Reagan “I have never given any volume such an unqualified endorsement.”—CBS national broadcaster Paul Harvey “I went back and I read The Naked Communist, and at the end of that, Skousen predicted [that] someday soon you won’t be able to find the truth in schools or in libraries or anywhere else because it won’t be in print anymore. So you must collect those books. It’s an idea I read from Cleon Skousen from his book in the 1950s, The Naked Communist, where he talked about [how] someday the history of this country’s going to be lost because it’s going to be hijacked by intellectuals and communists and everything else. And I think we’re there.”—Glenn Beck, host of the nationally syndicated Glenn Beck Radio Program “The Naked Communist lays out the whole progressive plan. It is unbelievable how fast it has been achieved.”—Dr. Ben Carson (The Sean Hannity Show; May 23, 2014) “I feel certain that your efforts on this important subject will receive widespread attention and consideration.”—J. Edgar Hoover, first Director of the Federal Bureau of Investigation “We believe in a moral code. Communism denies innate right or wrong. As W. Cleon Skousen has said in his timely book, The Naked Communist: The communist ‘has convinced himself that nothing is evil which answers the call of expediency.’ This is a most damnable doctrine. People who truly accept such a philosophy have neither conscience nor honor. Force, trickery, lies, broken promises are wholly justified.”—Ezra Taft Benson, United States Secretary of Agriculture under President Eisenhower

#### Mama Bear Apologetics Izzard Ink Publishing

Fantastic Victory tells the brief but exciting account of Israel's 1967 miracle war, and how this conflict split the world into two camps--those for and those against Israel's fight for its life. With less than 3 million people facing the combined strength of 110 million Arabs supported by the Soviet Union, Israel should have been wiped off the globe. Instead, after six miraculous days, Israel shocked the world by defeating her enemy and winning back not only her ancient capital of Jerusalem, but hundreds of miles of enemy territory as well. Fantastic Victory explains the complexities behind the decades of failed negotiations and subsequent wars to conquer the Jews. Israel's past and present are uniquely central to the world's three great religions--Christianity, Judaism, and Islam--and in the pages that follow, a framework for understanding Israel's future can be seen intimately tied to the outcome of its miracle Six Day War of 1967.

#### How to Save the Constitution Verity Publishing

'In the last decade trade costs have been a subject of intense study in the international trade literature. Richard Pomfret and Patricia Sourdin provide a timely and accessible summary of what we know so far. Their comprehensive review of what we have learned is paired here with important new research in the area of trade facilitation. This is important reading for policymakers interested in international trade and trade-related economic development.' Russell Hilberry, University of Melbourne, Australia 'Few topics are as important in international economics as trade costs. Surprisingly, there are few studies that explicitly address that issue in detail. This makes the book of great value to both professional economists and policy makers worldwide helping them to understand the different concepts of trade costs, their determinants and how to reduce them using trade facilitation measures. The book is very well written and a must read for any person that has an interest in trade costs!' Matthias Busse, Ruhr-University of Bochum, Germany This up-to-date and informative book provides a comprehensive treatment of the costs of trading

across borders and of trade facilitation policies. While traditional tariff and non-tariff barriers to trade have been reduced, international trade continues to involve higher costs in money and time than domestic trade. These include not only transport costs, that are determined by distance and commodity characteristics, but also at-the-border and behind-the-border costs which can be reduced by appropriate policies. Research on trade costs has flourished since the turn of the century, and this book by Patricia Sourdin and Richard Pomfret, takes stock of our increased knowledge of the nature and magnitude of trade costs, analysing why they are high and how they can be reduced to increase the gains from trade. Trade Facilitation will appeal to economists and policymakers at the national level and in multinational institutions, researchers and postgraduate students interested in international trade and trade policy, as well as students in international business.

In this book, W. Cleon Skousen reviews the Communist-led mob techniques used by agitated crowds to overpower local police. He encourages police officers to be vigilant and aware of these strategies. He also describes those areas where the police are being politically handicapped in their ability to perform their jobs, and encourages citizens to support their local police officers.

If the Founding Fathers surveyed our nation today and together composed a single speech to America, what would they say? To answer that question, the words of the Founding Fathers have been meticulously curated from their documents and letters and crafted into a narrative that defines and defends America's founding principles. The Founders' Speech To A Nation In Crisis is a tapestry of liberty woven into ten themed chapters that culminate with a robust defense of the Constitution, private property, the rule of law, and a call to action for every American.

#### **Communism: A Very Short Introduction** Harvest House Publishers

From the national bestselling author of The Naked Communist, The Naked Capitalist, and The 5000 Year Leap comes Prophecy and Modern Times, the decisive guide to understanding God's messages and finding hope in the modern era. "Prophecy is not poetry. It is history in reverse."—W. Cleon Skousen Have you ever wondered what the ancient prophets had to say about the modern world? How to apply the messages of the scriptures to your own life? What the true purpose of prophecy is? Find these answers and more in Prophecy and Modern Times: Finding Hope and Encouragement in the Last Days, a brief but powerful exploration of six millennia worth of prophecies about society today. The prophets of Biblical times foresaw many of the complexities of the modern era with remarkable accuracy—conflicts in the Middle East and America, the rise of enormous economic and military powers, and the stealthy corruption of nations and personal lives. Throughout history, prophecies have been “fulfilled literally,” as Skousen writes, shedding important light on how God communicates and how to interpret His messages in today's world. Through years of careful research and with a reporter's dedication to the truth, Skousen beautifully distills these many ancient warnings and promises into one clear, fascinating volume, providing a deeper understanding of the scriptures for a new generation. Ezra Taft Benson, thirteenth President of the LDS Church, wrote in the foreword, “Every person interested in present and future events in this war-torn world will profit from a careful perusal of these pages.” Indeed, hundreds of thousands of readers over the past seventy years, including some of the country's greatest religious and political minds, have turned to this book for insight and encouragement in these troubled times. Praise for Prophecy and Modern Times: “Valuable and worthwhile contribution to religious literature!”—Ezra Taft Benson, thirteenth President of the LDS Church “This release of Prophecy and Modern Times is timely, not only in its relevant content but also in the message it brings to the table. Skousen reveals his brilliance in his organization of such a monumentally complicated task. He suggests how to interpret prophecy, tells us its purpose and our responsibility to understand it. Skousen is masterful!”—Gary D. Goodwin, Association for Mormon Letters

#### **The Naked Communist** Verity Publishing

Irresistible Revolution is a timely and bold contribution from an active-duty Space Force lieutenant colonel who sees the impact of a neo-Marxist agenda at the ground level within our armed forces. In it, author Matthew Lohmeier provides answers to many important questions that Americans are currently asking: Is systemic racism a reality, or is much of our talk about race merely a rhetorical tool used to divide Americans? Why has the Defense Department suddenly shifted to a focus on extremism within the ranks? Is there really a white supremacy or white nationalist problem within our armed forces? Are the many Diversity and Inclusion trainings that are being conducted in our federal agencies helping solve these problems, or are they creating conflict where none previously existed? What is Marxism, and what does it have to do with all of this? Though pundits often appear perplexed by current policy decisions being made in our country, our apparent missteps are part of a longstanding plot against America, patiently and methodically pursued by those with a mind intent on the overthrow of the US Government and its replacement with a communist dictatorship. Unfortunately, many of those now furthering that agenda do so unwittingly. After becoming aware of the Marxist conquest of American society, you will never again look at things in the same way. Mainstream media, social media, the public education system (including universities), as well as federal agencies have all become vessels of various schools of thought that are rooted in Marxist ideology - an ideology bent on the destruction of America's history, of

Western tradition, specifically Judeo-Christian values, and of patriotism and conservatism. Marxism's sinister and dark agenda has led the country into what some have called a cold civil war. The problem has become systemic, a tragedy considering that the defeat of Marxist-communist ideology was the very cause against which our nation spent great treasures of blood and iron during much of the twentieth century. The book's three-part framework begins with a discussion of the greatness of the American ideal (including the importance of the Declaration of Independence, the Constitution, the Bill of Rights, and the notions of individual and civil liberties), transitions to an examination of the history and overarching narrative of Marxist ideology (specifically Marx's and Engels' Communist Manifesto wherein the oppressor vs. oppressed narrative is developed), and concludes by looking into the ongoing transformation of America's military culture and military policy, while also providing a warning about where the country is headed if we choose to not make an immediate course correction. Irresistible Revolution also covers a breadth of hot topics everyone is hearing and talking about - topics that actually have implications for our national security: woke ideology, cancel culture, identity politics, the Black Lives Matter movement, anti-racism, postmodernism, political correctness, and critical and cynical theories, to include critical race theory. Lohmeier's penetrating and common sense look at current events within our military and across American society is a sublimely unique contribution that is certain to be shared, referenced, and discussed for years to come. Every American, including every US military servicemember, needs to read and understand the Irresistible Revolution.

#### The Naked Socialist Izzard Ink

The United States of America has been blessed with the world's greatest political success formula. In a little over a century, this formula allowed a small segment of the human family—less than 6 percent—to become the richest nation on earth. It allowed them to create more than half of the world's total output in production and enjoy the highest standard of living in the history of the world. In this book, we learn how the Founding Fathers discovered this success formula. Much of this discovery is told in the words of the Founders themselves, so that the reader can feel the power of their minds sweeping away thousands of years of bad government and illogical laws to formulate a whole new society based on human freedom. By returning to the roots of the Founders' thinking, and contemplating the logic that they used in establishing the Constitution, we can better understand the challenges and solutions that confront us in today's political world. This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format.

#### Fantastic Victory HarperCollins

Here is the story of one Black American Communist who became disillusioned with Communism and penned this cautionary tale of the perils of his experience. According to the author: "Ten years I labored in the cause of Communism. I was a dedicated "comrade." All my talents and efforts were zealously used to bring about the triumph of Communism in America and throughout the world. To me, the end of capitalism would mark the beginning of an interminable period of plenty, peace, prosperity and universal comradeship. All racial and class differences and conflicts would end forever after the liquidation of the capitalists, their government and their supporters. ..Little did I realize until I was deeply enmeshed in the Red Conspiracy, that just and seeming grievances are exploited to transform idealism into a cold and ruthless weapon against the capitalist system-that this is the end toward which all the communist efforts among Negroes are directed. Indeed, I had entered the red conspiracy in the vain belief that it was the way to a "new, better and superior" world system of society. Ten years later, thoroughly disillusioned, I abandoned communism."

Analysis of "Current communist goals," a section of the book, The naked communist by W. Cleon Skousen, published in 1958.

#### **The Naked Communist** Verity Publishing

There never was a more exciting Christmas than the first one. Oddly enough, however, the complete, historical account of that first Christmas is seldom told. There are forgotten chapters buried in scriptural records which the pageants at Christmas time fail to relate. The purpose of this writing is to tell the whole story the way history has preserved it. “The Real Story of Christmas” has been enjoyed in thousands of homes for over half a century and continues to enlighten and enrich with a greater understanding of the amazing events leading up to our Savior's birth.

#### *The Making of America* Modern Library

Dr. W. Cleon Skousen spent the majority of his life researching the gospel, the U.S. Constitution, the founding of America and writing numerous books and articles on the topic. He is also one of the most well-known, respected defenders of America and the gospel the world has ever known. At the time of his passing in 2006, his work was not yet finished. His book The Cleansing of America, written in 1994 and given into the care and keeping of his sons, is now being brought forth for the first time ever. Included in these pages are the events and stages the Lord has predicted, through his servants, the winding-up scenes of this world. It helps the reader understand: the nature of prophecy, the known chronology of prophetic events, and the importance of staying close to the Lord and his prophets during the difficult and challenging years prior to the Second Coming. We are fast approaching

---

those prophetic events. Some are upon us even now. If we are prepared and obedient, we need not fear these events, but rather embrace them for the blessings they portend.
