## The Miracle of America

Harvest House Publishers  
Here is the story of one Black American Communist who

became disillusioned with Communism and penned this cautionary tale of the perils of his experience. According to the author: "Ten years I labored in the cause of Communism. I was a

dedicated "comrade." All my talents and efforts were zealously used to bring about the triumph of Communism in America and throughout the world. To me, the end of capitalism would mark

---

the beginning of an interminable period of plenty, peace, prosperity and universal comradeship. All racial and class differences and conflicts would end forever after the liquidation of the capitalists, their government and their supporters. ..Little did I realize until I was deeply enmeshed in the Red Conspiracy, that just and seeming grievances are exploited to transform idealism into a cold and ruthless weapon against the capitalist system-that this is the end toward which all the communist efforts among Negroes are directed. Indeed, I had entered the red conspiracy in the vain belief that it was the way to a "new, better and superior" world system of society. Ten years later, thoroughly disillusioned, I abandoned communism."

But for more than 150 years, the moral code upon which the Constitution was built has suffered neglect and decay. Millions of**

Saving our Constitution is the greatest gift this generation could possibly give to the next. Let's get started! Praise for How to Save the Constitution "It serves as an important foundation piece: a starting point providing a simple overview of the reasons, principles, importance, and ideas of a sound democratic government." —D. Donovan, Senior

Reviewer, Midwest Book Review "I feel this work would prove an excellent resource in current governmental and political debates in universities and classrooms, particularly for its strict attention to detail in the original historical intentions of the development of policy and law for the independent United States of America."—K.C. Finn, editor, Readers' Favorite The Third Thousand Years Verity Publishing This book is designed to bring the far-flung facts about Communism into a single volume. It contains a distillation of more than one hundred books and

treatises—many of them written by Communist authors. It attempts to present the Communist in his true native elements, stripped of propaganda and pretense. Hence, the title, *The Naked Communist*. A panoramic study of Communism might easily degenerate into a long list of dates, names, and platitudes without helping the student to gain a genuine understanding of the history and philosophy of Marxist thought and Communism. Therefore, in this book, an attempt has been made to present Communism as the living, breathing force in the earth which it really is. The political development, the philosophy, the

economic theory and the big names in international Communism have all been presented in their historical setting. Why? Why do some of the richest people in the world support communism and socialism? Why would they support what appears to be the pathway to their own destruction? Dr. Carroll Quigley of Harvard, Princeton and Georgetown Universities states that he has been associated with many of these dynastic

families of the super-rich. He therefore writes as an authority on the world's secret power structure. As Dr. Skousen reviews Carroll Quigley's book *Tragedy and Hope*, he exposes the plans of these rich capitalists, who wish to mold and manipulate society according to their evil plans. The details that are revealed in this book may astonish you. the first free people in modern times. They wrote a new kind of Constitution which is now the oldest in existence. They built a new kind of commonwealth designed as a model for the whole human race. They believed it was thoroughly possible to create a new kind of civilization; giving freedom, equality, and justice to all. The Founders created a new cultural climate that gave wings to the human spirit. They built a free-enterprise culture to encourage industry and

prosperity. They gave humanity the needed ingredients for a gigantic 5,000-year leap in which more progress has been made in the past 200 years than all of prior recorded human history. All of this came about because of 28 basic principles the Founders discovered, upon which all free nations must be built in order to succeed. This eBook includes the original index, footnotes, table of contents and page numbering from the printed format, and also new illustrations.

With less than 3 million people facing the combined strength of 110 million Arabs supported by the Soviet Union, Israel should have been wiped off the globe. Instead, after six miraculous days, Israel shocked the world by defeating her enemy and winning back not only her ancient capital of Jerusalem, but hundreds of miles of enemy territory as well. Fantastic Victory explains the complexities behind the decades of failed negotiations and

subsequent wars to conquer the Jews. Israel's past and present are uniquely central to the world's three great religions--Christianity, Judaism, and Islam--and in the pages that follow, a framework for understanding Israel's future can be seen intimately tied to the outcome of its miracle Six Day War of 1967. The Naked Communist Izzard Ink Publishing From the days of Father Abraham to the rise of King David were ten turbulent centuries filled with pathos and drama. These

were the times of many notable personalities from the Old Testament. This is the epoch of the famous patriarchs Abraham, Isaac and Jacob. Their exemplary lives, as they stood true and faithful in the midst of adversity, are especially poignant today. They were followed by the exciting and tumultuous life of Joseph, who rose to become prime minister of Egypt, and saved that nation from starvation and ruin through his prophetic gifts. From the desert and thundering slopes of Mount Sinai then came the amazing

---

life of Moses, who rose out of his own fear to become one of the greatest prophets and leaders ever known, who used the power of the priesthood to unleash an astonishing flood of miracles that exceeded any other epoch until the ministry of Jesus Christ. He was soon followed by the great Ephraimite general, Joshua, who in his old age lead the children of Israel forth in battle as they conquered the land of Palestine which had been promised to them by the Lord. However, Israel ' s rise to greatness was short-circuited by several hundred years of

iniquity as they turned from the Lord and wallowed in sin. Fortunately, the Lord did not forsake them as he sent messages of light and hope to many prophets and judges such as Gideon, Deborah, Ruth and Samuel, whose lives still inspire us today. Eventually the children of Israel began to see glimpses of a new golden epoch of righteousness and prosperity through the influence of the prophet Samuel and the rise of King Saul and King David. All of these great names belong to the thrilling third thousand years of human history. The

Third Thousand Years, like its predecessor, The First 2,000 Years, makes the Old Testament come alive with new understanding. Obscure and misunderstood passages of scripture can now be understood through the additional light of modern revelation. The text is carefully documented so that every important point is correlated with appropriate passages in the scriptures. Helpful maps, charts and illustrations are also included to enhance our understanding of this fascinating and dynamic epoch of history. This

How to Save the Constitution Simon and Schuster The Naked Socialist is the real story of socialism. Complete, easy to read, no jargon, well documented, and gives a fascinating look at the raw decay of culture and economy now at work in America. It also provides a beautifully described explanation of the lasting principles of prosperity and constitutional freedoms that must

be restored relatively quickly. The Naked Socialist strips away the fakery, the false hopes, the hollow dreams, and the meaningless promises that socialists have foisted on countless millions---not just for the present, but over thousands of years. With clear, brief, and step-by-step examples and anecdotes, the author explains what socialism is, where it came from, how it works, how to recognize it, and why it always destroys its host nation. You will learn that the Seven Pillars of Socialism are not at all new, but a phenomenon that first appeared

more than 6,000 years ago---and why socialism managed to mushroom in nations and cultures right up into today ' s current events. The Naked Socialist is divided into five parts: 1) Gaining an understanding of what socialism is, 2) How it has appeared in human history, 3) The miracle that stopped socialism, 4) The corruption of that miracle, and, 5) The steps to return that miracle to America and the rest of the world today. Included throughout the book are several questions to teach, test and emphasize important points so that students of

---

freedom may see where this nation needs to move to regain its lost liberties. The Naked Socialist fulfills an urgent need to answer such questions as, • How much of the U.S. Constitution has been replaced with socialism? • What is socialism, and why does it eventually ruin everything it touches? • How did the Founding Fathers specifically make socialism illegal? • How did socialism destroy Rome, the ancient Inca, Jamestown, and Plymouth? Are these same patterns of demise at work today? • Which U.S. presidents

socialized America, and what steps did they take to do it? Are these reversible? • How is socialism hurting other nations around the globe? • What are the best examples of socialism in action today? • What are the Seven Pillars of Socialism? • How can people learn to recognize socialism in their midst, or, learn if they're thinking like a socialist? • What are the 46 goals of socialism? • What will it take to eradicate socialism once and for all? The study of freedom breathes hope and encouragement into all things---it sheds light into the dark

corners of deception and conspiracy, showing that truth is the only authentic " transparency. " Once socialism is stripped naked, those badly needed answers to restore freedom will materialize for everyone ' s benefit. Find those answers, plus hope and courage, in the pages of The Naked Socialist. Reviews "The Naked Socialist is going to be explosive! This study course was especially designed for those who realize there is something seriously wrong in America today. If the Founding Fathers were here, they would undoubtedly assure us that we can do something about it, and the solution requires three things: 1. An understanding of the Founders' original success formula, which was based on a free-market economy and a constitutional form of government. 2. A good understanding of what has been happening to the Founders' success

formula since the year 1900. 3. A sincere desire to restore a free-market economy and a constitutional government in the tradition of the Founding Fathers. The Communist Attack on U.S. Police Izzard Ink Publishing  
'In the last decade trade costs have been a subject of intense study in the international trade literature. Richard Pomfret and Patricia Sourdin provide a timely and accessible summary of what we know so far. Their comprehensive

---

review of what we have learned is paired here with important new research in the area of trade facilitation. This is important reading for policymakers interested in international trade and trade-related economic development.' Russell Hillberry, University of Melbourne, Australia 'Few topics are as important in international economics as trade costs. Surprisingly, there are few studies that explicitly address that issue in detail. This makes the

book of great value to both professional economists and policy makers worldwide helping them to understand the different concepts of trade costs, their determinants and how to reduce them using trade facilitation measures. The book is very well written and a must read for any person that has an interest in trade costs!' Matthias Busse, Ruhr-University of Bochum, Germany This up-to-date and informative book provides a comprehensive

treatment of the costs of trading across borders and of trade facilitation policies. While traditional tariff and non-tariff barriers to trade have been reduced, international trade continues to involve higher costs in money and time than domestic trade. These include not only transport costs, that are determined by distance and commodity characteristics, but also at-the-border and behind-the-border costs which can be reduced by appropriate

---

policies. Research on trade costs has flourished since the turn of the century, and this book by Patricia Sourdin and Richard Pomfret, takes stock of our increased knowledge of the nature and magnitude of trade costs, analysing why they are high and how they can be reduced to increase the gains from trade. Trade Facilitation will appeal to economists and policymakers at the national level and in multinational institutions, researchers and

postgraduate students interested in international trade and trade policy, as well as students in international business. American Marxism Verity Publishing From the national bestselling author of The Naked Communist, The Naked Capitalist, and The 5000 Year Leap comes Prophecy and Modern Times, the decisive guide to understanding God ' s messages and finding hope in the modern era. " Prophecy is not poetry. It is history in reverse. " —W. Cleon Skousen Have you ever

wondered what the ancient prophets had to say about the modern world? How to apply the messages of the scriptures to your own life? What the true purpose of prophecy is? Find these answers and more in Prophecy and Modern Times: Finding Hope and Encouragement in the Last Days, a brief but powerful exploration of six millennia worth of prophecies about society today. The prophets of Biblical times foresaw many of the complexities of the modern era with remarkable accuracy—conflicts in the Middle East and America, the rise of enormous

---

economic and military powers, and the stealthy corruption of nations and personal lives. Throughout history, prophecies have been “ fulfilled literally, ” as Skousen writes, shedding important light on how God communicates and how to interpret His messages in today ’ s world. Through years of careful research and with a reporter ’ s dedication to the truth, Skousen beautifully distills these many ancient warnings and promises into one clear, fascinating volume, providing a deeper understanding of the scriptures for a new generation. Ezra Taft Benson, thirteenth President of the LDS Church, wrote in the foreword, “ Every person interested in present and future events in this war-torn world will profit from a careful perusal of these pages. ” Indeed, hundreds of thousands of readers over the past seventy years, including some of the country ’ s greatest religious and political minds, have turned to this book for insight and encouragement in these troubled times. Praise for Prophecy and Modern Times: “ Valuable and worthwhile contribution to religious literature! ” —Ezra Taft Benson, thirteenth President of the LDS Church “ This release of Prophecy and Modern Times is timely, not only in its relevant content but also in the message it brings to the table. Skousen reveals his brilliance in his organization of such a monumentally complicated task. He suggests how to interpret prophecy, tells us its purpose and our responsibility to understand it. Skousen is masterful! ” —Gary D. Goodwin, Association for Mormon Letters
