“ Art will wake you up. Art will break your heart. There will be glorious days. If you want eternity you must be fearless. ” —Heather Rose, *The Museum of Modern Love* Our hero, Arky Levin, has reached a creative dead end. An unexpected separation from his wife was meant to leave him with the space he needs to work composing film scores, but it has provided none of the peace of mind he needs to create. Guilty and restless, almost by chance he stumbles upon an art exhibit that will change his life. Based on a real piece of performance art that took place in 2010, the installation that the fictional Arky Levin discovers is inexplicably powerful. Visitors to the Museum of Modern Art sit across a table from the performance artist Marina Abramovi , for as short or long a period of time as they choose. Although some go in skeptical, almost all leave moved. And the participants are not the only ones to find themselves changed by this unusual experience: Arky finds himself returning daily to watch others with Abramovi . As the performance unfolds over the course of 75 days, so too does Arky. As he bonds with other people drawn to the exhibit, he slowly starts to understand what might be missing in his life and what he must do. This is a book about art, but it is also about success and failure, illness and happiness. It ’ s about what it means to find connection in a modern world. And most of all, it is about love, with its limitations and its transcendence.

Cassie have been friends since nursery school. They have shared everything, including their desire to escape the stifling limitations of their birthplace, the quiet town of Royston, Massachusetts. But as the two girls enter adolescence, their paths diverge and Cassie sets out on a journey that will put her life in danger and shatter her oldest friendship. *The Burning Girl* is a complex examination of the stories we tell ourselves about youth and friendship, and straddles, expertly, childhood's imaginary worlds and painful adult reality—crafting a true, immediate portrait of female adolescence. Claire Messud, one of our finest novelists, is as accomplished at weaving a compelling fictional world as she is at asking the big questions: To what extent can we know ourselves and others? What are the stories we create to comprehend our lives and relationships? Brilliantly mixing fable and coming-of-age tale, *The Burning Girl* gets to the heart of these matters in an absolutely irresistible way. *The Burning Girl* was named one of the best books of the year by the Los Angeles Times, San Francisco Chronicle, Vogue, NPR, Financial Times, Town & Country, Kirkus Reviews, Publishers Weekly, Refinery29, and Literary Hub.

She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances

like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

Discover untold secrets with this extraordinary memoir of drama and tragedy by Anne Glenconner—a close member of the royal circle and lady-in-waiting to Princess Margaret. Anne Glenconner has been at the center of the royal circle from childhood, when she met and befriended the future Queen Elizabeth II and her sister, the Princess Margaret. Though the firstborn child of the 5th Earl of Leicester, who controlled one of the largest estates in England, as a daughter she was deemed “the greatest disappointment” and unable to inherit. Since then she has needed all her resilience to survive court life with her sense of humor intact. A unique witness to landmark moments in royal history, Maid of Honor at Queen Elizabeth's coronation, and a lady in waiting to Princess Margaret until her death in 2002, Anne's life has encompassed extraordinary drama and tragedy. In *Lady in Waiting*, she will share many intimate royal stories from her time as Princess Margaret's closest confidante as well as her own battle for survival: her broken-off first engagement on the basis of her “mad blood”; her 54-year

marriage to the volatile, unfaithful Colin Tennant, Lord Glenconner, who left his fortune to a former servant; the death in adulthood of two of her sons; a third son she nursed back from a six-month coma following a horrific motorcycle accident. Through it all, Anne has carried on, traveling the world with the royal family, including visiting the White House, and developing the Caribbean island of Mustique as a safe harbor for the rich and famous—hosting Mick Jagger, David Bowie, Raquel Welch, and many other politicians, aristocrats, and celebrities. With unprecedented insight into the royal family, *Lady in Waiting* is a witty, candid, dramatic, at times heart-breaking personal story capturing life in a golden cage for a woman with no inheritance. This new installment of Stansberry's critically acclaimed series, *Naked Moon*, unearths a past Mancuso had hoped to escape. Before becoming a private investigator, Dante worked for a secret corporate security firm—known simply as the company—that prized effectiveness over legality. When Dante left, it was not on good terms. So he made sure to take enough inside information to keep himself safe from reprisal. Dante, however, has his own secrets; for example, he doesn't ask his cousin Gary questions about how he keeps the family warehousing business—the one where Dante is a silent partner—in the black, while everyone else's has failed. When SFPD Detective Leanora Chin starts asking questions, Gary turns to the company for help, which they're willing to provide, so long as Dante agrees to settle his past debts by doing them one last favor: the type of favor that could drag him under for good. Edgar Award winner Domenic Stansberry is one of the most talented crime novelists working today. His novels are dark, lyrical, and widely acclaimed, and *Naked Moon* is no exception as it captures the sense of dread, paranoia, and quiet despair that cling to a man and a part of a city living on borrowed time.

Only choice left: Dad's dream of the white picket fence, including squeaky-clean husband, two children, a beautiful home and enough financial security so that his daughter would never need to work. Sharon continually searched for the squeaky clean husband and the white picket fence. But she had two failed marriages. And many, many men. Too many. She came up empty. • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that

characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten." —Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconditional love.

Vasilisa has grown up at the edge of a Russian wilderness, where snowdrifts reach the eaves of her family's wooden house and there is truth in the fairy tales told around the fire. Vasilisa's gift for seeing what others do not won her the attention of Morozko—Frost, the winter demon from the stories—and together they saved her people from destruction. But Frost's aid comes at a cost, and her people have condemned her as a witch. Now Vasilisa faces an impossible choice. Driven from her home by frightened villagers, the only options left for her are marriage or the convent.
