Of the Nature of the Gods Hackett Publishing Company Incorporated
In one of the world's most famous and influential books, Roman emperor Marcus Aurelius describes the Stoic precepts he used to cope with his life as a warrior and ruler of an empire. Beautiful hardcover edition of a specially modernized version of the classic George Long translation.

Oxford Paperbacks

How to have faith—or even think about God—without having to stifle modern rational thought is one of the most vital challenges facing many of us today. Marcus J. Borg, author of the bestselling Meeting

Jesus Again for the First Time, traces his personal spiritual journey to the discovery of an authentic yet fully contemporary understanding of God. In a compelling, readable way, he leads us from the distant, authoritarian God of our childhood to an equally powerful, dynamic adult image of God—"the beyond in our midst," the life spirit that is within us and all around us—that reconciles faith with science, history, critical thinking, and religious pluralism.

The Nature of the Gods Cambridge University Press

The Thoughts is a series of personal reflections by Marcus Aurelius, Roman Emperor 161-180 CE, written over a series of years in far-flung places as he led the Romans in military campaigns, quashed revolts and dealt with the other tribulations of governing the Empire. It is best described as a spiritual journal, containing a record of the emperor's

philosophical exercises. This new edition of the *Thoughts* includes commentary and footnotes by Damian Stevenson (*On the Shortness of Life*).

Cicero's Tusculan Disputations Harper Collins

One of the great cornerstones in the history of Christian philosophy, *The City of God* provides an insightful interpretation of the development of modern Western society and the origin of most Western thought. Contrasting earthly and heavenly cities--representing the omnipresent struggle between good and evil--Augustine explores human history in its relation to all eternity. In Thomas Merton's words, "The City of God is the autobiography of the Church written by the most Catholic of her great saints." This Modern Library Paperback Classics edition is a complete and unabridged version of the Marcus Dods translation.

Thr Treatises of M.T. Cicero e-artnow

This is a reissue of a book which is an exploration and defence of the notion of modality 'de re', the idea that objects have both essential and accidental properties. It is one of the first full-length studies of the modalities to emerge from the debate to which Saul Kripke, David Lewis, Ruth Marcus and others have contributed. The argument is developed by means of the notion of possible worlds, and ranges over key problems including the nature of essence, trans-world identity, negative existential propositions, and the existence of unactual objects in other possible worlds. In the final chapters Professor Plantinga applies his logical theories to the clarification of two problems in the philosophy of religion - the Problem of Evil and the Ontological Argument.

The Nature of the Gods and on Divination
Clarendon Press

From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller.

Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. *The Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

[The Essential Marcus Aurelius](#) ePenguin

Towards the end of his life, Cicero turned away from his oratorical and political career and looked instead to matters of philosophy and religion. The dialogue *The Nature of the Gods* both explores his own views on these subjects, as a monotheist and member of the Academic School, and considers the opinion of other philosophical schools of the Hellenistic age through the figures of Velleius the Epicurean and Balbus the Stoic. Eloquent, clearly argued and surprisingly modern, it focuses upon a series of fundamental religious questions including: is there a God? If so, does he answer prayers, or intervene in human affairs? Does he know the future? Does morality need the support of religion? Profoundly influential on later thinkers, such as Saint Augustine and Thomas Aquinas, this is a fascinating consideration of fundamental issues of faith and philosophical thought.

Marcus Aurelius and the Later Stoics

Princeton University Press

One of the vital challenges facing thoughtful people today is how to read the Bible faithfully without abandoning our sense of truth and history. Reading the Bible Again for the First Time provides a much-needed solution to the problem of how to have a fully authentic yet contemporary understanding of the scriptures. Many mistakenly believe there are no choices other than fundamentalism or simply rejecting the Bible as something that can bring meaning to our lives. Answering this modern dilemma, acclaimed author Marcus Borg reveals how it is possible to reconcile the Bible with both a scientific and critical way of thinking and our deepest spiritual needs, leading to a contemporary yet grounded experience of the sacred texts. This seminal book shows you how to read the Bible as it should be examined—in an approach the author calls "historical-metaphorical." Borg explores what the Scriptures meant to the ancient communities that produced and lived by them. He then helps us to discover the meaning of these stories, providing the knowledge and perspective to make the wisdom of the Bible an essential part of our modern lives. The author argues that the conventional way of seeing the Bible's origin, authority, and interpretation has become unpersuasive to millions of people in our time, and that we need a fresh way of encountering the Bible that takes the texts seriously but not literally, even as it takes seriously who we have become. Borg traces his personal spiritual journey, describing for readers how he moved from an unquestioning childhood belief in the biblical stories to a more powerful and dynamic relationship with the Bible as a sacred text brimming with meaning and guidance. Using his own experience as an example, he reveals how the modern crisis of faith is itself rooted in the misinterpretation of sacred texts as historical record and divine dictation, and opens readers to a truer, more abundant perspective. This unique book invites everyone—whatever one's religious background—to engage the Bible,

wrestle with its meaning, explore its mysteries, and understand its relevance. Borg shows us how to encounter the Bible in a fresh way that rejects the limits of simple literalism and opens up rich possibilities for our lives.

How to Think about God Penguin

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Tusculan Disputations The Nature of the Gods

The Nature of the Gods Oxford Paperbacks

Treatises on the Nature of the Gods, on

Divination, Etc Courier Dover Publications

Cicero's philosophical works are now exciting

renewed interest, in part because he provides

vital evidence of the views of the (largely lost)

Greek philosophers of the Hellenistic age, and

partly because of the light he casts on the

intellectual life of first century Rome. This

edition uses the 1997 Clarendon text by the

acclaimed translator P.G. Walsh.

Selections from The Thoughts of Marcus

Aurelius Antonius, Emperor of Rome Revell

In THE NATURE OF THE GODS, the

eminent Roman statesman and philosopher

Marcus Tullius Cicero (106-43 B.C.E.)

analyzes the positions of the Stoic, Epicurean,

and Academic schools on the existence and

nature of the gods, and whether they act in the

interests of humankind. In the dialogue of ON

DIVINATION, Cicero and his brother Quintus

examine various sorts of divination against

Stoic principles.

The Meditations Crossway

Some say the great mystery of how one can live in

two worlds at once died with Thomas Hunter many

years ago. Still others that the gateway to that

greater reality was and is only the stuff of dreams.

They are wrong. In the small town of Eden, Utah, a

blind girl named Rachelle Matthews is about to

find out just how wrong. When a procedure meant

to restore Rachelle's sight goes awry, she begins to

dream of another world so real that she wonders if

Earth might only be a dream experienced when she falls asleep in that reality. Who is a simple blind girl to have such strange and fantastic dreams? She's the prophesied one who must find and recover five ancient seals--in both worlds--before powerful enemies destroy her. If Rachele succeeds in her quest, peace will reign. If she fails, both worlds will forever be locked in darkness. So begins a two-volume saga of high stakes and a mind-bending quest to find an ancient path that will save humanity. The clock is ticking; the end rushes forward. Ready? Set? Dream.

Thoughts of Marcus Aurelius Antoninus
Pohl Press

This inaugural-and all new-Tarcher Cornerstone Edition presents a stunningly relevant and reliable translation of the thoughts and aphorisms of the Stoic philosopher and Roman emperor Marcus Aurelius, properly placing the philosopher-king's writings within the vein of the world's great religious and ethical traditions. The late antique world possessed no voice like that of Roman emperor Marcus Aurelius (121-180 CE). His private meditations on what constitutes a good life have withstood the centuries and reach us today with the same penetrating clarity and shining light as the words of Shakespeare, Emerson, or Thoreau. In this remarkable new translation, bestselling religious philosopher Jacob Needleman and classics scholar John P. Piazza have retained the depth of Marcus's perspective on life. They have carefully selected and faithfully rendered those passages that clarify Marcus's role as someone who stood within the great religious and ethical traditions that extend throughout every culture in human history. The voice that emerges from their translation is a universal one, equally recognizable to students of Christ, Buddha, the Vedas, the Talmud, and to anyone who sincerely searches for a way of meaning in

contemporary life.

Cicero on the Nature of the Gods, Construed Literally and Word for Word; by the Rev. Dr. Giles, and ... H. A. Giles
Harper Collins

This eBook edition of "Meditations of Marcus Aurelius" has been formatted to the highest digital standards and adjusted for readability on all devices. "Meditations" is a series of personal writings by Marcus Aurelius, Roman Emperor from second century, recording his private notes to himself and ideas on Stoic philosophy. Marcus Aurelius wrote the Meditations as a source for his own guidance and self-improvement. The Meditations is divided into 12 books that chronicle different periods of Marcus' life. A central theme to Meditations is the importance of analyzing one's judgment of self and others and the development of a cosmic perspective. The style of writing that permeates the text is one that is simplified, straightforward, and perhaps reflecting Marcus' Stoic perspective on the text.
