Taking a case approach, this proven book provides an accessible overview of tort law for paralegals who work on personal injury matters. Hypothetical scenarios in every chapter demonstrate how abstract tort law pertains to real life accidents and injuries. In addition, over 75 annotated cases featuring hot button issues give readers an opportunity to apply key concepts to the types of cases they will encounter on the job. Built-in learning aids include problems, projects, a running glossary of legal terms, outlines, chapter summaries, and review questions. Now fully updated throughout, the Fifth Edition includes a new chapter on negligence, new content, and new chapter-opening features titled The Biggest Mistakes Paralegals Make and How to Avoid Them. Each of these unique vignettes illustrates a dilemma, an ethical lapse, or another unfortunate experience that actually happened. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Sarah's Quilt iUniverse

"I ' m at a loss of words, in the best way possible. This series is amazing and a must read! I can ' t wait for the third one, I need answers!" - Verified Reviewer "Of Blood and Magic maintains all the whimsical marvel of its predecessor, yet brings to the fore a darker, more sinister tone that weaves metaphor, history, and folklore to transgress the boundaries of the fantasy genre. Shayne Leighton's growth as a writer is evident as she effortlessly immerses her reader in stunning gothic imagery from historic Prague and abandons some of the youthful mirth that marked her earlier work." - A. J. Vrana, Bestselling Author of The Hollow Gods hr Months after their brutal victory over the villainous Aiden and his hierarchy of Vampire-hunting Wizards, Charlotte and Valek have returned from Prague to their home in the Bohemian Occult City. This time, however, they are accompanied by their new band of magical misfits. By daylight, all seems peaceful since they've toppled the Regime, and the coven of rogue yet lovable monsters has finally found freedom. But Charlotte soon discovers that, much like her adopted Vampire family, she has developed a strange addiction of her own, and it's steadily destroying her from the inside out. Valek defies all odds, trying to save his love, but to no avail. With danger lurking around every corner, the couple begins to realize that their happily-ever-after might not end so happily after all. Will they conquer Charlotte's strange new disease...or will she drown in her own blood? Prepare for another epic quest amidst the monsters that hide in plain sight in this highly-anticipated sequel in the Of Light and Darkness series.

Desire After Dark Rowman & Littlefield

We were right to call them "special." A boy receives a strange visit ... An amateur scientist finds something she didn't expect ... A soldier is struck by a mortar... These three people all have the condition known as Asperger's syndrome. These three people find out that they gain unusual powers when they come into contact with a strange new element, carterinium. They decide to use their powers for good without fanfare and publicity. They call themselves the "Unsung Heroes," and they discover that there are those who would use their source of power to gain power. These three people discover that they are not alone ...

Partners in Time #4: Family Matters She Writes Press

Let The Past Die With Him - An abused woman and her mentally challenged adult brother flee their home when she finally manages to escape, and she takes the train to Montana. Turning an Arrangement Into Love - An Englishwoman leaves England for what she assumes will be a loveless marriage as all that they had agreed to was to care for her rancher, look after his home, and respect each other - but it didn't include love. The Identical Twin Switch - A woman's twin sister becomes widowed so she arranges for her to go to Kansas with her, where she's to be married to a mail ordered husband. Three English Sisters, One Cowboy & The Navajo Nation - Three sisters from London strike out for the Americas, where one already has a fiancé in waiting - a cowboy in Nevada. He knows that two other women are coming but doesn't know what he'll quite do with them when they arrive.

There ' s only one thing on her mind though; the rancher wants a family, and she ' s thirty-five.

Mystic Desert...In the Beginning Crossway

"Since the 1960s, the occult in film and television has responded to and reflected society's crises surrounding gender and sexuality. In *Desire after Dark*, Andrew J. Owens explores media where figures such as vampires and witches make use of their supernatural knowledge in order to queer what otherwise appears to be a normative world. Beginning with the global sexual revolutions of the '60s and moving decade by decade through "Euro-sleaze" cinema and theatrical hardcore pornography, the HIV/AIDS crisis, the popularity of

New Age religions and witchcraft, and finally the increasingly explicit sexualization of American cable television, Owens contends that occult media has risen to prominence during the past 60 years as a way of exposing and working through cultural crises about the queer. Through the use of historiography and textual analyses of media from *Bewitched* to *The Hunger*, Owens reveals that the various players in occult media have always been well aware that non-normative sexuality constitutes the heart of horror's enduring appeal. By investigating vampirism, witchcraft, and other manifestations of the supernatural in media, *Desire after Dark* confirms how the queer has been integral to the evolution of the horror genre and its persistent popularity as both a subcultural and mainstream media form"--

The Rhetoric and Medicalization of Pregnancy and Childbirth in Horror Films The Parliament House

Was it medicine? Mercy? Or murder? For the sake of his conscience, Jake has to find out—before a paranoid stalker exacts his revenge. When pregnant Sarah Hampton dies suddenly at an alternative cancer treatment facility, an enraged community demands to know whether her physician-husband assisted her death. Suffering from traumatic amnesia, Jake Hampton would like to know too. He strongly opposes assisted suicide, and yet his wife was suffering such agony—is it possible he helped her die? After barely avoiding a murder trial, and hoping to regain his memory and unravel the questions he ' s not sure he wants answered, Jake joins a medical practice in his former hometown. Once there, he not only continues to encounter public suspicion, but receives subtle and threatening clues from an unidentified stalker. Are his wife ' s death and the stalker ' s appearance mere coincidence? Or is someone trying to destroy him completely? In this medical thriller, practicing surgeon and accomplished novelist Harry Kraus uses complex characters, fascinating medical details, and depictions of spiritual warfare to keep readers riveted. This edition of *Lethal Mercy* features a new cover design and is the follow-up to Kraus's *Fated Genes* and *Stainless Steel Hearts*.

Looking After the Land & a Lady: Four Historical Romances Harlequin

Dr. Sarah Lynn Collins met Daniel Thomas as her patient in her last year of residency. He pursued her with much affection, and Sarah Lynn found herself more and more attracted to him. Afraid of getting hurt again, Sarah Lynn decided to send him away. More than a year later, Sarah Lynn is busy treating victims of a typhoid fever outbreak in the mountains of Honduras when the past catches up to her as she discovers that Danny, now a missionary evangelist, is also in Honduras. She prays to God that their paths will cross, but will her prayers be answered.

Bat Blood Elsevier Health Sciences

In The Rhetoric and Medicalization of Pregnancy and Childbirth in Horror Films, Courtney Patrick-Weber argues that the medicalization of pregnancy and childbirth traumatizes pregnant people in a number of ways, even as many people believe the shift toward medicalization has improved conditions for pregnant people. Patrick-Weber analyzes a selection of horror films, including *The Void* and *Black Christmas*, to demonstrate not only evidence of this trauma on a visceral level, but also how horror films can reflect and contribute to cultural conversations surrounding pregnancy and childbirth. While horror films are often neglected as vital sources of intellect and analysis, many of these films use their subversive viewpoints on cultural issues to offer a unique perspective that can ultimately help to shape the way society views them. Patrick-Weber reminds us that pregnancy and childbirth can be traumatic events, both physically and emotionally, as she discusses the current conversations surrounding the issue and critiques the “ advancement ” of medicalization. Scholars of film studies, gender studies, rhetoric, and medicine may find this book particularly useful.

Lethal Mercy Collie in the Realm

Let The Past Die With Him - An abused woman and her mentally challenged adult brother flee their home when she finally manages to escape, and she takes the train to Montana. Lucky to find a job immediately, their life starts to turn around, especially when the woman meets and begins to fall in love with a kind stranger who is well off and owns a ranch outside of town. Some secrets about her past start to emerge and she fears that their new life will be blown apart. Turning an Arrangement Into Love - An Englishwoman leaves England for what she assumes will be a loveless marriage as all that they had agreed to was to care for her rancher, look after his home, and respect each other - but it didn ' t include love. She does make friends with a freed black man in town and a few other people but later, something happens that will change her relationship with the rancher forever.

Texas Monthly Pantera Press

Riding her own horse and dressed in working buckskins, Rebecca shows up at his ranch in California, unannounced, after finding his ad in her newspaper.

A Western Heart: Four Historical Romance Novellas Simon and Schuster

In the vein of Sarah Dunant's New York Times bestseller, *Blood and Beauty*, Sarah Bower reveals the burning heart of the Borgia family. A Notorious Duke An Infamous Duchess An Innocent Girl Violante isn't supposed to be here, in one of the grandest courts of Renaissance Italy. She isn't supposed to be a lady-in-waiting to the beautiful Lucrezia Borgia. But the same secretive politics that pushed Lucrezia's father to the Vatican have landed Violante deep in a lavish landscape of passion and ambition. Violante discovers a Lucrezia unknown to those who see only a scheming harlot, and all the whispers about her brother, Cesare Borgia, never revealed the soul of the man who dances close with Violante. But those who enter the House of Borgia are never quite the same when they leave-if they leave at all. Violante's place in history will test her heart and leave her the guardian of dangerous secrets she must carry to the grave. What Readers Are Saying "Glittering, gorgeous, compelling, and stunning." "A richly satisfying historical novel. It deserves prizes."

I Can't Dance Alone *The Needle in the Blood*

Using a discipline-by-discipline approach, Linne & Ringsrud's *Clinical Laboratory Science: Concepts, Procedures, and Clinical Applications*, 7th Edition provides a fundamental overview of the skills and techniques you need to work in a clinical laboratory and perform routine clinical lab tests. Coverage of basic laboratory techniques includes key topics such as safety, measurement techniques, and quality assessment. Clear, straightforward instructions simplify lab procedures, and are described in the CLSI (Clinical and Laboratory Standards Institute) format. Written by well-known CLS educator Mary Louise Turgeon, this text includes perforated pages so you can easily detach procedure sheets and use them as a reference in the lab! Hands-on procedures guide you through the exact steps you'll perform in the lab. Review questions at the end of each chapter help you assess your understanding and identify areas requiring additional study. A broad scope makes this text an ideal introduction to clinical laboratory science at various levels, including CLS/MT, CLT/MLT, and Medical Assisting, and reflects the taxonomy levels of the CLS/MT and CLT/MLT

exams. Detailed full-color illustrations show what you will see under the microscope. An Evolve companion website provides convenient online access to all of the procedures in the text, a glossary, audio glossary, and links to additional information. Case studies include critical thinking and multiple-choice questions, providing the opportunity to apply content to real-life scenarios. Learning objectives help you study more effectively and provide measurable outcomes to achieve by completing the material. Streamlined approach makes it easier to learn the most essential information on individual disciplines in clinical lab science. Experienced author, speaker, and educator Mary Lou Turgeon is well known for providing insight into the rapidly changing field of clinical laboratory science. Convenient glossary makes it easy to look up definitions without having to search through each chapter. NEW! Procedure worksheets have been added to most chapters; perforated pages make it easy for students to remove for use in the lab and for assignment of review questions as homework. NEW! Instrumentation updates show new technology being used in the lab. NEW! Additional key terms in each chapter cover need-to-know terminology. NEW! Additional tables and figures in each chapter clarify clinical lab science concepts.

Texas Monthly FriesenPress

When Sarah Phillips lands on top of Harriett Roberts in an overturned car it ' s not an ideal first meeting. The overwhelming confusion she feels threatens her plans for a fresh start as a doctor in the inhospitable Australian Outback. Veterinarian Harry Roberts doesn ' t need some city girl-pretty girl rocking her world. The Outback is no place for lightweights—and no place for women who ask too many questions. One touch, one unguarded look... The future could be promising, if neither of them had a past.

Of Blood and Magic Bold Strokes Books Inc

Dr. Sarah Whitaker has always been an obedient overachiever, but she is burned out. Training to be a surgeon is stressful. So when her fiancé , David, offers a solution—take a break year at a hospital in Africa and climb Mount Kilimanjaro together—she jumps on board. When he backs out, she embarks on the adventure alone. Sarah quickly falls in love with Tanzania, a land of gentle people, exotic wildlife, and stunning natural beauty, from the sands of Zanzibar to the peaks of Kilimanjaro. She also develops great respect for new Tanzanian friends: strong African women who strive to serve an overwhelming need for health care. Shocked by the high rate of maternal mortality and the scourge of female genital mutilation in the country, Sarah begins to speak out against FGM and develops an experimental program to train tribal birth attendants in a remote mountain village. Conditions are primitive there, and life is fragile. The separation takes its toll on her relationship with David, and she fights against feelings for another man. As the months pass, one thing becomes clear: if Sarah survives this year, her life will never be the same again.

After Kilimanjaro AuthorHouse

His lust for power gave him everything. But it might cost him the love of his life. The Bishop hired her for a simple job: embroider a tapestry. It is an enormous work, a cloth trophy of the conquest of England. But her skill with a needle and thread is legendary. It would be uncomplicated. She plans to kill him as soon as she gets the chance. He and his brother, William the Conqueror, murdered her King and destroyed her world. Revenge, pure and clean. It would be simple. But neither planned to fall desperately in love. As the two become hopelessly entangled, friends become enemies, enemies become lovers, and nothing in life—or the tapestry—is what it seems. An unlikely love story born of passion and intensity, crafted by critically acclaimed historical novelist Sarah Bower, *The Needle in the Blood* is a "story of love, war, and the tangled truth of England's birth." Praise for Sarah Bower's *Sins of the House of Borgia* "Sizzling." —USA Today "The sheer grandeur of the papal and Ferrara courts and the spectacle of the Borgia and Ferrara siblings' rivalries and revenges form a glittering take on one of the most notorious families of the Italian Renaissance."

—Publisher's Weekly "Bower brilliantly merges history with politics and convincing characters to draw readers into a lush and colorful tapestry of Renaissance life... This powerful piece of fiction ranks with some of the finest of the genre." —RT Book Reviews

Lulu Press, Inc

When fifteen-year-old Sam Foster finds out that his mother is going to get remarried, his first reaction is shock. His next reaction is thinking that with the help of his time machine, he might be able to go back and prevent his parents from getting divorced in the first place. When Sam recruits Meg Clayton, his friend from 1850, he finds her missing her extended family and friends in Boston. Meg is quick to agree to Sam's request for help, not telling him how much she wishes she could fix something in her own life and that she has her own plans for change. In this fourth book in the *Partners in Time* series, Sam and Meg attempt to manipulate his family history but it soon becomes apparent that repairing a fractured relationship is extremely complicated. Each time they make a change, it results in a present world that is nothing like Sam ever dreamed-or desired. Will they ever be successful in fixing the past and mending the present? Or will Sam never be able to return home again?

Missionary Doctor Usborne Publishing Ltd

My father told me that to find true peace, you had to do one of two things. Fly a ship into uninhabited territory and just stay there, or die. —Matt Barrok A war a hundred years old, a government power tearing down the very people it swore to protect, a generation destroyed by battle, the fate of billions in the hands of those that would destroy them, and five friends with the power to change it all. All that Matthew Barrok knows of his father's legacy is contained in broken stories, fading memories, and fragmented computer files. But within those files there is a beacon of hope. Matt's father gave his life for the Mystic Project; a super weapon he was hired to build that could change the tide of the war and alter the balance of power. Now Matt is willing to do the same. But when he discovers the Mystic Project in the middle of an enemy base, he finds that it is not only his life in danger, but also the lives of his four friends that have sworn themselves to him. Relationships change, friends become enemies, and even the strongest will is tested as Matt and his friends go undercover in search of the Mystic Project. The battles they fought before are nothing compared to the challenges they now face as they are forced to rely on the enemy and turn against each other.
