Machiavelli's Prince
Macmillan
From the NPR host of The
Indicator and
correspondent for Planet
Money comes an
“accessible, funny, clear-
eyed, and practical” (Sarah
Knight, New York Times
bestselling author) guide
for how women can apply
the principles of 16th-
century philosopher
Niccolò Machiavelli to
their work lives and finally
shatter the glass
ceiling—perfect for fans of
Feminist Fight Club, Lean
In, and Nice Girls Don't Get
the Corner Office. Women
have been making strides

towards equality for
decades, or so we're often
told. They've been
increasingly entering male-
dominated areas of the
workforce and consistently
surpassing their male peers
in grades, university
attendance, and degrees.
They've recently stormed
the political arena with a
vengeance. But despite all
of this, the payoff is—quite
literally—not there: the
gender pay gap has held
steady at about 20% since
2000. And the number of
female CEOs for Fortune
500 companies has actually
been declining. So why, in
the age of #MeToo and

#TimesUp, is the glass
ceiling still holding strong?
And how can we shatter it
for once and for all? Stacy
Vanek Smith's advice: ask
Machiavelli “with this
delicious look at what we
have to gain by examining
our relationship to power”
(Sally Helgesen, New York
Times bestselling author).
Using The Prince as a guide
and with charm and wit,
Smith applies Renaissance
politics to the 21st century,
and demonstrates how
women can take and
maintain power in careers
where they have long been
cast as second-best.
“Machiavelli For Women is

the ultimate battle guide for our times. Brimming with hard-boiled strategies, laced with wit, it ' s a must read for every woman ready to wield power unapologetically " (Claire Shipman, coauthor of *The Confidence Code*).

The New Machiavelli BRILL
The author of *The Prince*—his controversial handbook on power, which is one of the most influential books ever written—Niccolò Machiavelli (1469-1527) was no prince himself. Born to an established middle-class family, Machiavelli worked as a courtier and diplomat for the

Republic of Florence and enjoyed some small fame in his time as the author of bawdy plays and poems. In this discerning new biography, Ross King rescues Machiavelli's legacy from caricature, detailing the vibrant political and social context that influenced his thought and underscoring the humanity of one of history's finest political thinkers.

Machiavelli Updated for the Twenty-First Century
The New Machiavelli
How to Wield Power in the Modern World
A collection of advice for the

aspiring manager draws on the Mafia's reputation for understanding the dynamics of human nature, offering such maxims as "If you must lie, be brief" and "Keep your friends close, but keep your enemies closer"

The New Machiavelli
Cambridge University Press
Machiavelliana is the first comprehensive study of the uses and abuses made of Niccolò Machiavelli's name in management, primatology, leadership, power, as

well as in novels, plays, commercial enterprises, television dramas, operas, rap music, children's books, and more.

Philosopher of Power Sterling Publishing Company Incorporated

The New Machiavelli is a gripping account of life inside 'the bunker' of Number 10. In his twenty-first century reworking of Niccolo Machiavelli's influential masterpiece, The Prince, Jonathan Powell - Tony Blair's Chief of Staff from 1994 - 2007 - recounts the inside story of that period, drawing on his own unpublished

diaries. Taking the lessons of Machiavelli derived from his experience as an official in fifteenth-century Florence, Powell shows how these lessons can still apply today. Illustrating each of Machiavelli's maxims with a description of events that occurred during Tony Blair's time as Prime Minister, The New Machiavelli is designed to be The Prince for modern times.

The Malice of Fortune Other Press, LLC

Ignore the latest buzz about the kinder, gentler world of new age, team-based management. It's dog-eat-dog out there, and the sooner you realize it, the better. The

New Machiavelli mines Machiavelli's The Prince for the timeless rules and stratagems that can help today's business rulers survive and prosper in the jungle of greed and treachery that is commerce. Alistair McAlpine enriches Machiavelli's text with scenarios from modern business, offering keen new insight into what motivates people. You'll learn the reasons why: * Loyalty is not a reliable factor in the workplace * Great power is held by the "little people" in

a business * It is better to spread power than to centralize it * You should never believe your own publicity Fail to read it at your peril. "For most of my lifetime politicians have been trying to tell businessmen how to go about their tasks ... Both groups, however, will enjoy this shrewd commentary on Machiavelli's timeless principles of skullduggery."-Margaret Thatcher "Anyone working in corporate America who doesn't find, read, and master Alistair McAlpine's amazing

new guidebook to the art of politics in business may soon find themselves self-employed." -Charles Saatchi, Partner, M&C Saatchi "Written in a style, like Machiavelli's own, at once didactic and charming... A work which is a standing satirical reproof to the various management manuals which promise corporate success."-Times Literary Supplement [The New Machiavelli](#) Routledge Unlike some other reproductions of classic texts

The Essential Writings of Machiavelli Princeton University Press

Alongside his reputation as an author, H.G. Wells is also remembered as a leading political commentator of the late nineteenth and early twentieth centuries. Building *Cosmopolis* presents the worldview of Wells as developed between his student days at the Normal School of Science (1884-1887) and his death in 1946. During this time, Wells developed a unique political philosophy, grounded on the one hand in the theory of 'Ethical Evolution' as propounded by his professor, T.H. Huxley, and on the other position of an internationalist in late Victorian socialism. From this basis Wells developed a worldview which rejected class struggle and nationalism and embraced global co-operation for the maintenance of peace and the advancement of the human species in a world society. Although committed to the idea of a world state, Wells became more antagonistic towards the nation state as a political unit during the carnage of the First World War. He began moving away from the position of an internationalist to one of a cosmopolitan in 1916, and throughout the inter-war period he advanced the notion of regional and, ultimately, functional world government to a greater and greater extent. Wells first demonstrated a functionalist society in *Men Like Gods* (1923) and further elaborated this system of government in most of his works, both fictional and non-fictional, throughout the rest of his life. Following an examination of the development of his political thought from

inception to fruition, this study argues that Wells's political thoughts rank him alongside David Mitrany as one of the two founders of the functionalist school of international relations, an acknowledgement hitherto denied to Wells by scholars of world-government theory.

How to Choose a Leader

John Wiley & Sons

As H. G. Wells sat down to write, he realised with almost shuddering accuracy that he had reached the exact same age as Machiavelli was when he fell from politics

and wrote of the restlessness of his spirit. And it was this same restless passion that compelled H G Wells to write a similar book.

Thinking further he unearthed yet more striking parallels of his life and that of Machiavelli and this served as a unique inspiration for The New Machiavelli.

The result is an inspired and remarkable work of sheer creative genius. Since I came to this place I have been very restless, wasting my energies in the futile beginning of ill-conceived books. One does

not settle down very readily at two and forty to a new way of living, and I have found myself with the teeming interests of the life I have abandoned still buzzing like a swarm of homeless bees in my head. My mind has been full of confused protests and justifications. In any case I should have found difficulties enough in expressing the complex thing I have to tell, but it has added greatly to my trouble that I have a great analogue, that a certain Niccolo Machiavelli chanced to fall out of politics

at very much the age I have reached, and wrote a book to engage the restlessness of his mind, very much as I have wanted to do. He wrote about the relation of the great constructive spirit in politics to individual character and weaknesses, and so far his achievement lies like a deep rut in the road of my intention. It has taken me far astray. It is a matter of many weeks now-diversified indeed by some long drives into the mountains behind us and a memorable sail to Genoa across the blue and purple waters that drowned Shelley-since I began a laboured and futile imitation of "The Prince." I sat up late last night with the jumbled accumulation; and at last made a little fire of olive twigs and burnt it all, sheet by sheet-to begin again clear this morning. But incidentally I have re-read most of Machiavelli, not excepting those scandalous letters of his to Vettori, and it seems to me, now that I have released myself altogether from his literary precedent, that he still has his use for me. In spite of his vast prestige I claim kindred with him and set his name upon my title-page, in partial intimation of the matter of my story. He takes me with sympathy not only by reason of the dream he pursued and the humanity of his politics, but by the mixture of his nature. His vices come in, essential to my issue. He is dead and gone, all his immediate correlations to party and faction have faded to insignificance, leaving only on the one hand his broad method and conceptions, and

upon the other his intimate living personality, exposed down to its salacious corners as the soul of no contemporary can ever be exposed. Of those double strands it is I have to write, of the subtle protesting perplexing play of instinctive passion and desire against too abstract a dream of statesmanship. But things that seemed to lie very far apart in Machiavelli's time have come near to one another; it is no simple story of white passions struggling against the red that I have to

tell.

Reading Machiavelli Simon and Schuster

Few books throughout history have been as controversial as Nicollo Machiavelli's "The Prince." The ideas that are contained in "The Prince" are as

powerful as they are polarizing. The work was originally intended to pass on the acquired wisdom of the one of the most astute political minds the world has ever known. It was never intended for the eyes of the public but found its way into general release following Machiavelli's death. The principles within The Prince can be used in many more areas of life than simply the political world. Anyone who is looking to get ahead in life and provide themselves with an advantage over others will

find a goldmine of valuable information in this new modern version of the book written by author Brandon Musk entitled "The New Machiavelli." This version presented by Musk represents the power and knowledge of Machiavelli's original work updated and improved upon for the modern era in which we live. The language has been made understandable and all references have been updated for modern readers. The book is structured in a way which makes it as useful as possible. Each chapter contains a concise collection of key ideas organized in a logical way. The chapters begin by explaining what Machiavelli originally intended by his words and then proceeds to update each concept for the 21st century. Finally, each chapter shows practical and useful ways of applying the Machiavelli philosophy to different areas of life. If knowledge is power, then this book is a nuclear weapon. It contains the most devastatingly effective tactics related to influence ever committed to paper. By reading and applying this work you will become diabolically effective in any area of life you choose.

Machiavelli on Modern Leadership Renaissance Books

Since I came to this place I have been very restless, wasting my energies in the futile beginning of ill-conceived books. One does not settle down very readily at two and forty to a new way of living, and I have found myself with the teeming interests of the life I have abandoned still buzzing like a swarm of homeless bees in my head. My

mind has been full of confused protests and justifications. In any case I should have found difficulties enough in expressing the complex thing I have to tell, but it has added greatly to my trouble that I have a great analogue, that a certain Niccolo Machiavelli chanced to fall out of politics at very much the age I have reached, and wrote a book to engage the restlessness of his mind, very much as I have wanted to do. He wrote about the relation of the great constructive spirit in politics to individual character and weaknesses, and so far his

achievement lies like a deep rut in the road of my intention. Pan Macmillan
Liberal thinker or immoral pragmatist? You decide... Machiavelli has been among the most commented upon, criticized and feared thinkers of the modern world. Infamous for his support of brutality and repression as valid political instruments, he is often portrayed as the pantomime villain of political theorists. In this whirlwind tour of Machiavelli's writings and eventful life, Nederman

highlights the complexities in his thought, showing that he actually advocated democracy as much as dictatorship, debate as much as violence, depending upon prevailing political conditions.

A Beginner's Guide Modern Library

The New Machiavelli How to Wield Power in the Modern World Random House

Why Machiavelli's Iron Rules Are As Timely And Important Today As Five Centuries Ago Jazzybee Verlag

Examines the life of the Florentine intellectual, his relationships with contemporaries ranging from Leonardo da Vinci and Michelangelo to Cesare Borgia and Pope Alexander VI, his philosophies about power, and the legacy of "The Prince."

Machiavellian Penguin
Niccolo Machiavelli, one of the eminent minds of the Italian Renaissance, spent much of a long and active lifetime trying to determine and understand what exceptional qualities of

human character-- and what surrounding elements of fortune, luck, and timing-- made great men great leaders successful in war and peace. In perhaps the liveliest book on Machiavelli in years, Michael A. Ledeen measures contemporary movers and doers against the timeless standards established by the great Renaissance writer. Titans of statecraft (Margaret Thatcher, Francois Mitterrand, Pope John Paul II, Ronald Reagan, and Bill Clinton); business and finance (Bill Gates); Wall

Street and investing (Warren Buffett); the military (Colin Powell), and sports (Michael Jordan) are judged by Machiavelli's precepts on leadership and the proper use of power. The result is a wide-ranging and scintillating study that illuminates the thoughts of the Renaissance master and the actions of today's truly towering figures as well as the character-challenged pretenders to greatness. Here is an exceptional book on Machiavelli and his ultra-realistic exploration of

human nature-- then and now. Prince, Niccolò Machiavelli triumphs and, ultimately, his

Machiavelli and the World exerts a unique hold over the fall from grace and exile. In

that He Made Simon and popular imagination. But was doing so, Lee uncovers

Schuster Machiavelli as sinister as he hitherto unobserved

'A wonderfully assured and is often thought to be? Might connections between

utterly riveting biography he not have been an infinitely Machiavelli's life and

that captures not only the more sympathetic figure, thought. He also reveals the

much-maligned Machiavelli, prone to political missteps, world through which

but also the spirit of his time professional failures and Machiavelli moved: from the

and place. A monumental personal dramas? Alexander great halls of Renaissance

achievement.' – Jessie Lee reveals the man behind Florence to the court of the

Childs, author of God's the myth, following him from Borgia pope, Alexander VI,

Traitors. 'A notorious cradle to grave, from his from the dungeons of the

fiend', 'generally odious', father's penury and the abuse Stinche prison to the Rucellai

'he seems hideous, and so he suffered at a teacher's gardens, where he would

he is.' Thanks to the hands, to his marriage and his begin work on some of his

invidious reputation of his many affairs (with both men last great works. As much a

most famous work, The and women), to his political portrait of an age as of a

uniquely engaging man,
Lee's gripping and definitive
biography takes the reader
into Machiavelli's world –
and his work – more
completely than ever before.

Machiavelli for Babies Oxford
University Press

A sweeping, intense historical
thriller starring two of the great
minds of Renaissance Italy:
Niccolò Machiavelli and
Leonardo da Vinci. Based on a
real historical mystery, and
involving serial murder and a
gruesome cat and mouse game at
the highest levels of the Church --
it was the era of the infamous
Borgias -- *The Malice of Fortune*
is a delicious treat for fans of

Umberto Eco, Sarah Dunant, and
Elizabeth Kostova. This brilliant
novel is an epic tale exploring the
backdrop of the most
controversial work of the Italian
Renaissance, *The Prince*. Here,
Niccolò Machiavelli, the great
"scientist" of human behaviour
becomes, in effect, the first
criminal profiler, while his
contemporary and sometime
colleague, the erratic genius
Leonardo da Vinci, brings his
observational powers to the
increasingly desperate hunt for a
brilliant, terrifying serial
murderer. Their foil and partner is
the exquisite Damiata, scholar and
courtesan. All three know their
quarry is someone who holds
enormous power, both to tear Italy

apart, and destroy each of their
most beloved dreams. And every
thrilling step is based on historical
fact.

*The Routledge Guidebook to
Machiavelli's The Prince*

Truman Talley Books

This book gives a radical,
new, chapter-by-chapter
reading of Machiavelli's *The
Prince*, arguing that it is an
ironic masterpiece with a
moral purpose. It outlines
Machiavelli's most important
ironic techniques: a
normatively coded use of
language.
