*The Routledge Guidebook to Machiavelli's  
The Prince* Atlantic Books

A New York Times-bestselling author presents a provocative new interpretation of *The Prince*. *The Prince*, a political treatise by the Florentine public servant and political theorist Niccolo Machiavelli, is widely regarded as the most important exploration of politics—and in particular the politics of power—ever written. In *Garments of Court and Palace*, Philip Bobbitt, a preeminent and original interpreter of modern statecraft, presents a vivid portrait of Machiavelli's Italy and demonstrates how *The Prince* articulates a new idea of government that emerged during the Renaissance. Bobbitt argues that when *The Prince* is read alongside the *Discourses*, modern readers

can see clearly how Machiavelli prophesied the end of the feudal era and the birth of a recognizably modern polity. As this book shows, publication of *The Prince* in 1532 represents nothing less than a revolutionary moment in our understanding of the place of the law and war in the creation and maintenance of the modern state.

**The New Machiavelli** Good Press

Ignore the latest buzz about the kinder, gentler world of new age, team-based management. It's dog-eat-dog out there, and the sooner you realize it, the better. *The New Machiavelli* mines Machiavelli's *The Prince* for the timeless rules and stratagems that can help today's business rulers survive and prosper in the jungle of greed and

---

treachery that is commerce. Alistair McAlpine enriches Machiavelli's text with scenarios from modern business, offering keen new insight into what motivates people. You'll learn the reasons why: \* Loyalty is not a reliable factor in the workplace \* Great power is held by the "little people" in a business \* It is better to spread power than to centralize it \* You should never believe your own publicity Fail to read it at your peril. "For most of my lifetime politicians have been trying to tell businessmen how to go about their tasks ... Both groups, however, will enjoy this shrewd commentary on Machiavelli's timeless principles of skullduggery."-Margaret Thatcher "Anyone working in corporate

America who doesn't find, read, and master Alistair McAlpine's amazing new guidebook to the art of politics in business may soon find themselves self-employed." -Charles Saatchi, Partner, M&C Saatchi "Written in a style, like Machiavelli's own, at once didactic and charming... A work which is a standing satirical reproof to the various management manuals which promise corporate success."-Times Literary Supplement

Niccolo Machiavelli - the Art of War Macmillan Classic, Renaissance-era guide to acquiring and maintaining political power. Today, nearly 500 years after it was written, this calculating prescription for autocratic rule continues to be much read and studied.

House

The author of *The Prince*—his controversial handbook on power, which is one of the most influential books ever written—Niccolò Machiavelli (1469–1527) was no prince himself. Born to an established middle-class family, Machiavelli worked as a courtier and diplomat for the Republic of Florence and enjoyed some small fame in his time as the author of bawdy plays and poems. In this discerning new biography, Ross King rescues Machiavelli's legacy from

caricature, detailing the vibrant political and social context that influenced his thought and underscoring the humanity of one of history's finest political thinkers.

**A Beginner's Guide Duffield & Company**

'A wonderfully assured and utterly riveting biography that captures not only the much-maligned Machiavelli, but also the spirit of his time and place. A monumental achievement.'

– Jessie Childs, author of *God's Traitors*. 'A notorious fiend', 'generally odious', 'he seems hideous, and so he is.' Thanks to the invidious reputation of his most

---

famous work, *The Prince*, Niccolò Machiavelli exerts a unique hold over the popular imagination. But was Machiavelli as sinister as he is often thought to be? Might he not have been an infinitely more sympathetic figure, prone to political missteps, professional failures and personal dramas? Alexander Lee reveals the man behind the myth, following him from cradle to grave, from his father's penury and the abuse he suffered at a teacher's hands, to his marriage and his many affairs (with both men and women), to his political triumphs and, ultimately, his fall from grace and exile. In doing so, Lee uncovers hitherto unobserved connections between Machiavelli's life and thought. He also reveals the world through which Machiavelli moved: from the great halls of Renaissance Florence to the court of the Borgia pope, Alexander VI, from the dungeons of the Stinche prison to the Rucellai gardens, where he would begin work on some of his last great works. As much a portrait of an age as of a uniquely engaging man, Lee's gripping and definitive biography takes the reader into Machiavelli's world – and his work – more completely than ever before. The New Machiavelli Routledge This book gives a radical, new,

---

chapter-by-chapter reading of Machiavelli's *The Prince*, arguing that it is an ironic masterpiece with a moral purpose. It outlines Machiavelli's most important ironic techniques: a normatively coded use of language.

The New Machiavelli Routledge

As H. G. Wells sat down to write, he realised with almost shuddering accuracy that he had reached the exact same age as Machiavelli was when he fell from politics and wrote of the restlessness of his spirit. And it was this same restless passion that compelled H G Wells to write a similar book. Thinking further he unearthed yet more striking parallels of his life and that of Machiavelli and this served as a unique inspiration for *The New Machiavelli*. The result is an inspired

and remarkable work of sheer creative genius. Since I came to this place I have been very restless, wasting my energies in the futile beginning of ill-conceived books. One does not settle down very readily at two and forty to a new way of living, and I have found myself with the teeming interests of the life I have abandoned still buzzing like a swarm of homeless bees in my head. My mind has been full of confused protests and justifications. In any case I should have found difficulties enough in expressing the complex thing I have to tell, but it has added greatly to my trouble that I have a great analogue, that a certain Niccolo Machiavelli chanced to fall out of politics at very much the age I have reached, and wrote a book to engage the restlessness of his mind, very much as I have wanted to do. He wrote about the relation of the

---

great constructive spirit in politics to individual character and weaknesses, and so far his achievement lies like a deep rut in the road of my intention. It has taken me far astray. It is a matter of many weeks now-diversified indeed by some long drives into the mountains behind us and a memorable sail to Genoa across the blue and purple waters that drowned Shelley-since I began a laboured and futile imitation of "The Prince." I sat up late last night with the jumbled accumulation; and at last made a little fire of olive twigs and burnt it all, sheet by sheet-to begin again clear this morning. But incidentally I have re-read most of Machiavelli, not excepting those scandalous letters of his to Vettori, and it seems to me, now that I have released myself altogether from his literary precedent, that he still has his use for me. In spite of his vast prestige I claim kindred with him and set his name upon my title-page, in partial intimation of the matter of my story. He takes me with sympathy not only by reason of the dream he pursued and the humanity of his politics, but by the mixture of his nature. His vices come in, essential to my issue. He is dead and gone, all his immediate correlations to party and faction have faded to insignificance, leaving only on the one hand his broad method and conceptions, and upon the other his intimate living personality, exposed down to its salacious corners as the soul of no contemporary can ever be exposed. Of those double strands it is I have to write, of the subtle protesting perplexing play of instinctive passion and desire against too abstract a dream of statesmanship. But things that seemed to lie very far apart in Machiavelli's time have come near to one

---

another; it is no simple story of white passions struggling against the red that I have to tell.

FINALIST--2008 PEN

TRANSLATION PRIZE In The Essential Writings of Machiavelli, Peter Constantine has assembled a comprehensive collection that shows the true depth and breadth of a great Renaissance thinker. Refreshingly accessible, these superb new translations are faithful to Machiavelli ' s original, beautifully crafted writings. The volume features essays that appear in English for the first time, such as " A Caution to the Medici " and " The

Persecution of Africa. " Also included are complete versions of the political treatise, The Prince, the comic satire The Mandrake, The Life of Castruccio Castracani, and the classic story " Belfagor " , along with selections from The Discourses, The Art of War, and Florentine Histories. Augmented with useful features – vital and concise annotations and cross-references – this unique compendium is certain to become the standard one-volume reference to this influential, versatile, and ever timely writer. " Machiavelli's stress on political necessity rather than moral perfection helped inspire the

---

Renaissance by renewing links with Thucydides and other classical thinkers. This new collection provides deeper insight into Machiavelli ' s personality as a writer, thus broadening our understanding of him. ” – Robert D. Kaplan, author of *Warrior Politics: Why Leadership Demands a Pagan Ethos* “ Constantine ' s selection is not only intelligent; his translations are astonishingly good. Thoughtfully introduced by Albert Russell Ascoli, this edition belongs in everyone ' s library. ” – John Jeffries Martin, professor and chair, department of history, Trinity University “ If one were to assign a single edition of

Machiavelli's works, this most certainly would be it. ” – John P. McCormick, professor, department of political science, University of Chicago

Building Cosmopolis Harper Collins  
Machiavelliana is the first comprehensive study of the uses and abuses made of Niccolò Machiavelli ' s name in management, primatology, leadership, power, as well as in novels, plays, commercial enterprises, television dramas, operas, rap music, children ' s books, and more.

The Art of Teaching People What to Fear Truman Talley Books

A sweeping, intense historical thriller starring two of the great minds of Renaissance Italy: Niccolò Machiavelli and Leonardo da Vinci. Based on a real historical mystery, and involving serial murder and a gruesome cat and mouse game at the highest levels of the Church -- it was the era of the infamous Borgias -- The Malice of Fortune is a delicious treat for fans of

---

Umberto Eco, Sarah Dunant, and Elizabeth Kostova. This brilliant novel is an epic tale exploring the backdrop of the most controversial work of the Italian Renaissance, *The Prince*. Here, Niccolò Machiavelli, the great "scientist" of human behaviour becomes, in effect, the first criminal profiler, while his contemporary and sometime colleague, the erratic genius Leonardo da Vinci, brings his observational powers to the increasingly desperate hunt for a brilliant, terrifying serial murderer. Their foil and partner is the exquisite Damiata, scholar and courtesan. All three know their quarry is someone who holds enormous power, both to tear Italy apart, and destroy each of

their most beloved dreams. And every thrilling step is based on historical fact.  
eBook Edition Princeton University Press

Niccolo Machiavelli, one of the eminent minds of the Italian Renaissance, spent much of a long and active lifetime trying to determine and understand what exceptional qualities of human character-- and what surrounding elements of fortune, luck, and timing-- made great men great leaders successful in war and peace. In perhaps the liveliest book on Machiavelli in years, Michael A. Ledeen measures contemporary movers and doers against the

---

timeless standards established by the great Renaissance writer. Titans of statecraft (Margaret Thatcher, Francois Mitterrand, Pope John Paul II, Ronald Reagan, and Bill Clinton); business and finance (Bill Gates); Wall Street and investing (Warren Buffett); the military (Colin Powell), and sports (Michael Jordan) are judged by Machiavelli's precepts on leadership and the proper use of power. The result is a wide-ranging and scintillating study that illuminates the thoughts of the Renaissance master and the actions of today's truly towering figures as well as the character-challenged pretenders to greatness. Here is an exceptional book on Machiavelli and his ultra-realistic exploration of human nature-- then and now.

Machiavelli Jazzybee Verlag  
Liberal thinker or immoral pragmatist?  
You decide... Machiavelli has been among the most commented upon, criticized and feared thinkers of the modern world. Infamous for his support of brutality and repression as valid political instruments, he is often portrayed as the pantomime villain of political theorists. In this whirlwind tour of Machiavelli ' s writings and eventful life, Nederman highlights the complexities in his thought, showing that he actually advocated democracy as much as dictatorship, debate as much as violence, depending upon prevailing political conditions.

Publishing

Niccolò Machiavelli's *The Prince* is one of the most influential works in the history of political thought and the adjective Machiavellian is well-known and perhaps even over-used. So why does the meaning of the text continue to be debated to the present day? And how does a contemporary reader get to grips with a book full of references to the politics of the early 16th Century? The Routledge Guidebook to Machiavelli's *The Prince* provides readers with the historical background, textual analysis, and other relevant information needed for a greater understanding and

appreciation of this classic text. This guidebook introduces: the historical, political and intellectual context in which Machiavelli was working the key ideas developed by Machiavelli throughout the text and the examples he uses to illustrate them the relationship of *The Prince* to *The Discourses* and Machiavelli's other works Featuring a timeline, maps and suggestions for further reading throughout, this book is an invaluable guide for anyone who wants to be able to engage more fully with *The Prince*.

The New Machiavelli Simon and Schuster

*The Art of War* is a treatise written

---

by Niccolo Machiavelli between 1519 and 1520 under the original title "Dell'arte de la Guerra." The text is a series of Socratic Dialogues divided in 8 parts, the Preface (proemio) and the 7 books of the dialogues. This treatise is one of only a few works of Machiavelli that was published during his lifetime and the only historical and political one. It is considered by many to be his most important work. Machiavelli wrote "Dell'arte de la Guerra" as an enchiridion of historical, political and scholarly advice for the Princes regarding their perspective on war and how it can be used as a political tool. The

purpose of this book is "To honor and reward virt , not to have contempt for poverty, to esteem the modes and orders of military discipline, to constrain citizens to love one another, to live without factions, to esteem less the private than the public good." -Niccol

Machiavelli

Machiavelli for Babies Sterling

Publishing Company Incorporated

"The Prince" is a political treatise by Machiavelli that is not considered to be representative of the work published during his lifetime, but is the most remembered. The theories in this book describe methods that an aspiring prince can use to acquire the throne, or an existing prince can use to

---

maintain his reign. These theories include defense and military, perceived reputation, generosity, cruelty versus mercy, gaining honors, fortune and a number of other discourses. It is customary for such as seek a Prince's favour, to present themselves before him with those things of theirs which they themselves most value, or in which they perceive him chiefly to delight. Accordingly, we often see horses, armour, cloth of gold, precious stones, and the like costly gifts, offered to Princes as worthy of their greatness.

#### Philosopher of Power Renaissance Books

A new reading of Machiavelli's major works that demonstrates how he has been previously misread To what extent was Niccolò Machiavelli a "Machiavellian"?

Was he an amoral adviser of tyranny or a stalwart partisan of liberty? A neutral technician of power politics or a devout Italian patriot? A reviver of pagan virtue or initiator of modern nihilism? Reading Machiavelli answers these questions through original interpretations of Machiavelli's three major political works—The Prince, Discourses, and Florentine Histories—and demonstrates that a radically democratic populism seeded the Florentine's scandalous writings. John McCormick challenges the misguided understandings of Machiavelli set forth by prominent thinkers, including Jean-Jacques Rousseau and representatives of the Straussian and Cambridge schools, and he emphasizes the fundamental, often unacknowledged elements of a vibrant Machiavellian politics. Advancing fresh readings of

---

Machiavelli ' s work, this book presents a new outlook on how politics should be conceptualized and practiced.

The Essential Writings of Machiavelli Pan Macmillan

Written with passion by experts in their field, concise and accessible books feature color illustrations and explore a sweeping range of topics, including history, philosophy, religion, mathematics and more.

Machiavelliana Princeton University Press

This is the extended annotated edition including the rare biographical essay by Edwin E. Slosson called "H. G. Wells - A Major Prophet Of His Time". "Love and fine thinking"—that is the phrase which Mr. Wells's modern statesman strikes out as expressing his final synthesis. In the super-subtle mood induced by reading Mr. Wells the words may be stretched to

cover his own work. No more cunning, analytical brain existed in England. Fine thinking is without question one of his major passions. And he is persistently yet restlessly erotic. It is a curious combination of qualities that is more or less evidenced in nearly all of his books. In *The New Machiavelli* the two motives are the warp and the woof of the texture. The cleverness of the idea cries out for admiration. A young English statesman, spokesman for the dominant political ideas of the near future, is disgraced and exiled on the threshold of his real career because, being married, he had learned to love. Still in young manhood, smarting under the sting of defeat, even while he knows all that he has gained in the fulfillment of his desire, he sits down to write the story of his evolution from a crudely thinking politician to a statesman.

---

The subtle Italian courtier is his model. But two vast differences in the statesman's problem have come about in four centuries. The first: "The old sort of Prince, the old little principality has vanished from the world." And the second is not less momentous: "We are discovering women. It is as if they had come across a vast interval since his time, into the very chamber of the statesman." So, while Mr. Wells builds up in the brain of Richard Remington his new vision of statecraft, he unfolds also the life of a modern man to whom human passion is, after all, the one great thing. There have been political novels enough, but few in which the balance has been so well maintained. The fusion is not perfect, but it is hard to say whether in the end the personal or the public motive is strongest.
