N.T. Wright's *The New Testament and the People of God* InterVarsity Press With a scholar's mind and a pastor's heart, Tom Wright walks you through Romans in this guide designed especially with everyday readers in mind. Perfect for group use or daily personal reflection, this study uses the popular inductive method combined with Wright's thoughtful insights to bring contemporary application of Scripture to life.

The New Testament and the People of God Zondervan Academic As presented in the New Testament, the Eucharist is a source of both inspiration and guidance today. In *The Eucharist in the New Testament and the Early Church*, Father LaVerdiere examines what the New Testament tells us about the Eucharist and how the Eucharist provides an important experiential and theological resource for the gospel stories of Jesus' life, ministry, passion and resurrection, as well as for the life and development of the Church. Father LaVerdiere illustrates how

the origins of the Eucharist coincide with the origins of the Church. The development of the Eucharist reflects the development of the early Church, as well as its creative theological and pastoral reflection. Through the lens of the New Testament it views the beginnings of both Church and Eucharist when the risen Lord appeared to the disciples at meals soon after Jesus' passion, death and resurrection. He also looks beyond the New Testament and explores the ongoing development of Eucharistic theology and practice up to the mid-second century, ending with Justin Martyr,

the first to describe the Eucharist to people who had no personal experience of it. Father LaVerdiere focuses on the Eucharist in relation to ecclesiology, Christology, and liturgy. He begins by reflecting on how Christians referred to the Eucharist before it had a name, how names for the Eucharist came to be and their importance, how the Eucharist was celebrated at the very beginning, how liturgical formulas came to be, how these formulas brought out the riches of the Eucharist, and how the Eucharist related to different pastoral situations. The concept of triunity, the assembly, the Eucharist, and the Church guides this study. The Eucharist is the sacrament of the assembly, the sacrament of the Church's life in the world. From the very beginning, there was no separating the three, nor are there separating references to the Eucharist from the letters, gospels, or other work in which the three appear. Here, Father LaVerdiere stresses that in order to know the Eucharist in the New Testament and the early Church, one has only to look at the composition and actual life of the Church. Thus, to know the Church, one has only to look at the way it celebrates the Eucharist. Since most of today's challenges concerning the Eucharist are similar to those experienced by the early Church, *The Eucharist in the New Testament and the Early Church* will be of great help to pastors, students, catechists and those in ministry, who want the celebration of the Eucharist to make a difference on the rest of Christian life in the Church. Eugene LaVerdiere, SSS, is the senior editor of *Emmanuel* magazine and an adjunct professor of New Testament studies at Catholic Theological Union and Mundelein Seminary in Chicago. He is author of *Fundamentalism: A Pastoral Concern*, *A Church for All Peoples: Missionary Issues in a World Church*, and *Luke from the New Testament* Message series published by The Liturgical Press. *A History of the Bible* Open Court Publishing While honoring the historical context and literary diversity of the Old Testament, *Telling the Old Testament Story* is a thematic reading that construes the OT as a complex but coherent narrative. Unlike standard, introductory textbooks that only cover basic background and interpretive issues for each Old Testament book, this introduction combines a thematic approach with careful exegetical attention to representative biblical texts, ultimately telling the macro-level story, while drawing out the multiple nuances present within different texts and traditions. The book works from the Protestant canonical arrangement of the Old Testament, which understands the story of the Old Testament as the story of God and God's relationship with all creation in love and redemption—a story that joins the New Testament to the Old. Within this

broader story, the Old Testament presents the specific story of God and God's relationship with Israel as the people called, created, and formed to be God's covenant partner and instrument within creation. The Old Testament begins by introducing God's mission in Genesis. The story opens with the portrait of God's good, intended creation of right-relationships (Gen 1-2) and the subsequent distortion of that good creation as a result of humanity's rebellion (Gen 3-11). Genesis 12 and following introduce God's commitment to restore creation back to the right-relationships and divine intentions with which it began. Coming out of God's new covenant engagement with creation in Gen 9, this divine purpose begins with the calling of a people (who turn out to be the manifold descendants of Abraham and Sarah) to be God's instrument of blessing for all creation and thus to reverse the curse brought on by sin. The diverse traditions that comprise the remainder of the Pentateuch then combine to portray the creation and formation of Israel as a people prepared to be God's instrument of restoration and blessing. As the subsequent Old Testament books portray Israel's life in the land and journey into and out of exile, the reader encounters complex perspectives on Israel's attempts to understand who God is, who they are as God's people, and how, therefore, they ought to live out their identity as God's people within God's mission in the world. The final prophetic books that conclude the Protestant Old Testament ultimately give the story of God's mission and people an open-ended quality, suggesting that God's mission for God's people continues and leading Christian readers to consider the New Testament's story of the Church as an extension and expansion of the broader story of God introduced in the Old Testament. The main methodological perspective that informs the book includes work on the phenomenological function of narrative (especially story's function to shape the identity and practice of the reader), as well as more recent so-

called "missional" approaches to reading Christian scripture. Canonical criticism provides the primary means for relating the distinctive voices within the Old Testament texts that still honor the particularity and diversity of the discrete compositions. Accessibly written, this book invites readers to enter imaginatively into the biblical story and find the Old Testament's lively and enduring implications.

Called To Be God's People, Abridged Edition Fortress Press

This learned volume offers a close reading of chapters 3 to 6 of the book of Amos, and attempts to locate biblical study and theological reflection within the complex cultural context of Latin America. The author prefaces his study with a wide-ranging survey of the continuing debate over the proper use of the Bible as a model for the structures of society. The author's

particular focus is Latin America, and through sociological and textual analysis, he seeks to define the role of the prophetic biblical voice in this society and presses for a recognition of moral complexities and a constant questioning and self-evaluation from those who would claim to speak for God in society.

The New Testament and the People of God

Westminster John Knox Press

The title of this book may be a bit puzzling—An Introduction to the New Testament for Catholics? The New Testament belongs to all Christians, and the modern study of the New Testament has benefited from the contributions by scholars of all Christian denominations. But there are problems with the New Testament that are specific to Catholics. In this volume, Joseph Kelly deals with the concerns of modern Christians reading the Bible and provides an accessible introduction for students. It's a book that teachers can use rather than a book that presents teachers with problems they have to explain. Most New Testament introductions confuse

students by talking about the historical Jesus and the historical Paul by discussing Paul before Jesus because Paul came before him in the New Testament writings. Many Catholics also expect to find all of the church's current teachings and practices laid out in the Bible and are confused when they are not. Kelly helps readers to understand what modern scholars say about the individual books by outlining them in the communities that produced them. He explains that we can't understand what roles the New Testament can play in modern life if we don't understand what it meant to the earliest Christians. The New Testament was read by unsophisticated believers. It was accessible then, and it is accessible now. It tells the story of the most remarkable person who ever lived and of his disciples. It includes some of the most famous narratives in the world, some of the most memorable tales, most immoral words, and striking images. It introduces us to great people who moved history, and tells of the now anonymous people

who took the difficult step of leaving their religions of their ancestors and families to become Christians. Kelly shows that in looking at the New Testament we see real people communicating with us, sharing their beliefs, their fears, and their hopes, and our shared humanity bridges any gap. Distant yet familiar, challenging yet comprehensible, the New Testament is a precious heritage, and one that Kelly recommends we must make our own. People of the Covenant Oxford University Press Readers of this last volume in the series will gain fresh insight into the lives of more than forty people from the New Testament, including well-known characters such as Mary, Peter, and John, and lesser-known characters such as Anna and Nathanael. Includes outlines and numerous illustrations and quotations.

The New Testament You Never Knew Study Guide
A&C Black
Part of a five-volume project on the theological questions surrounding the origins of Christianity, this book offers a reappraisal of literary, historical and theological readings of the New Testament,

arguing for a form of "critical realism" that facilitates different readings of the text. Zondervan Questions about the reliability of the New Testament are commonly raised today both by biblical scholars and popular media. Drawing on decades of research, Craig Blomberg addresses all of the major objections to the historicity of the New Testament in one comprehensive volume. Topics addressed include the formation of the Gospels, the transmission of the text, the formation of the canon, alleged contradictions, the relationship between Jesus and Paul, supposed Pauline forgeries, other gospels, miracles, and many more. Historical corroborations of details from all parts of the New Testament are also presented throughout. The Historical Reliability of the New Testament marshals the latest scholarship in responding to New Testament objections, while remaining accessible to non-specialists.

Old Testament Ethics for the People of God
Courier Corporation
In Western culture, the Bible is monolithic. John Barton argues that the Bible is not a complete, fixed

religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. He further argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording - which is impossible to determine - and focus instead on the broader meanings of scripture. The Acts of the Apostles B&H Publishing Group Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James Telling the Old Testament Story A&C Black Do you know the real story behind the New Testament? We all share a fascination for discovering 'the rest of the story.' We enjoy learning the behind-the-scenes facts about seemingly familiar events. In The New Testament You

Never Knew, well-known Bible scholars N.T. Wright and Michael F. Bird team up to take you on a tour of the explosive story behind the story of the New Testament. You will discover things you never knew about... The political upheaval of the day that made the nature of Jesus' coming so unexpected The underlying meanings behind Jesus' parables and miracles The Kingdom of God and why everything about it was so shocking The resurrection and why, despite repeated predictions, no one saw it coming The mission of the church and how it is more complex than we realize The transforming power of Jesus and how it can still turn the world upside down today Through reading the New Testament we continually discover that God indeed keeps his promises, but those promises don't always look like what people expected. Especially when it comes to Jesus. So, come join the journey to discover why N.T. Wright calls the New Testament "one of the most explosive books ever written." The study guide (DVD/video streaming sold separately) includes teaching notes, discussion questions, Bible exploration, personal study and reflection materials, as well as interesting facts about the New Testament. Sessions include: The

The Jefferson Bible Open Court Publishing Presents evidence and information, aside from the Christian scriptures, on the life and teaching of Jesus Christ. Features excerpts in Roman correspondence and the early Christian writings known as the "New Testament Apocrypha.". Can We Trust the New Testament? Harper Collins Twenty years on, this first volume in N. T. Wright's magisterial series, 'Christian Origins and the Question of God', still stands as a major point of reference for students of the New Testament and early Christianity. This latest impression has been completely reset to make Wright's elegant and engrossing text more readable. Reading and Writing in

the Time of Jesus Wm. B. Eerdmans Publishing The New Testament may be the most influential book of all time, from both a religious and a literary standpoint. But while the New Testament's impact upon people's religious beliefs and practices has been analyzed-and continues to be analyzed-at enormous length and in intricate detail, amazingly little has been written about the New Testament's impact as literature. The Moral Vision of the New Testament Abingdon Press M. Eugene Boring and Fred B. Craddock present this new one-volume commentary on the New Testament. Writing from the fundamental conviction that the New Testament is the people's book, Boring and Craddock examine the theological themes and messages of Scripture that speak to the life of discipleship. Their work clarifies matters of history, culture, geography, literature, and translation, enabling people to listen more carefully to the text. This unique commentary is the

perfect resource for clergy and church school teachers who seek a reference tool midway between a study Bible and a multivolume commentary on the Bible.

The People's New Testament Commentary
Bloomsbury Publishing
USA

Can We Trust the New Testament? questions the historical accuracy of widely held views of early Christianity. In this book radical Bible scholar G. A. Wells examines Biblical accounts of the lives of the apostles Peter and Paul and presents evidence that the events described in the New Testament were written over time to support the agendas of the Christian church. He embarks on a close analysis of the Book of Acts, questioning its authorship and casting doubt on the events it and the gospels describe.

Violence in the New Testament
Wipf and Stock Publishers

Nothing confuses Christian ethics quite like the Old Testament. Some faithful readers struggle through its pages and conclude that they must obey its moral laws but may disregard its ceremonial and civil laws. Others abandon its teaching altogether in favor of a strictly New Testament ethic. Neither option, argues Chris Wright, gives the Old Testament its due. In this innovative approach to Old Testament ethics--fully revised, updated and expanded since its first appearance in 1983 as *Living as the People of God* (An Eye for an Eye in North America) and including material from *Walking in the Ways of the Lord*--Wright examines a theological, social and economic framework for Old Testament ethics. Then

he explores a variety of themes in relation to contemporary issues: economics, the land and the poor; politics and a world of nations; law and justice; society and culture; and the way of the individual. This fresh, illuminating study provides a clear basis for a biblical ethic that is faithful to the God of both Testaments.
